### To The Volunteer Firemen Of Allendale

May I express my sincere appreciation, and congratulations, on this, your 50th anniversary.

In our entire nation I can find very few causes more worthy than yours.

May the organization, technical skills and foresightedness that you possess be received, preserved and fostered by those who follow you.

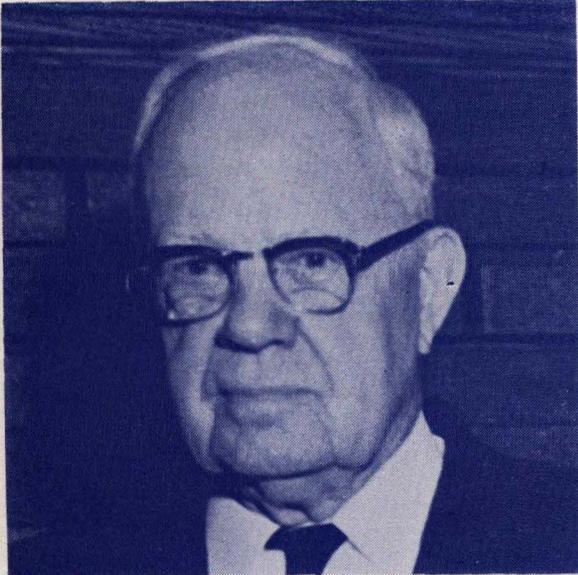

Only in this manner can our growing community be protected by the faithfulness and unselfishness that have been yours for so many years.

Thank you.
