

January 2013

I want to add my thanks to Pat for her past and continuing efforts in support of Bergen and Rockland Co genealogy. When I joined the Genealogical Society of Rockland County, Pat was the Editor of the GSRC NEWSLETTER, despite her not being a Rockland resident. As Membership Chairman, I contributed membership information to her for publication, as well as printing and mailing the NEWSLETTER. Together, we doubled the size of the NEWSLETTER by adding the publication of member's Ancestor Tables. We often shared family information on families of our mutual cousins, especially the SNEEDENS. In reviewing some of the Family Files which she has sent me for the GSRC Files, I was surprised and happy to find that I had contributed as much information as I had, and that she had files on many of my ancestral cousins who lived in NYC and/or Rockland County, as well as Bergen County.

Thanks Pat!
