

What a lovely idea to honor Pat.

I did not know Pat in person, but I have had dealings with her online. She gave us permission to reprint her indexes to the Bergen Democrat in the "Archivist", the newsletter of the Genealogical Society of Bergen County. And her wonderful files about Bergen County Families are one of the first things I go to, when trying to help a patron of the Society.

I admire her and her thorough research greatly. She certainly deserves a public thanks!
