*First Anniversary*  
~~~~~  
Allendale Police  
Department

WM. J. REIMER  
*Chief, Allendale Police Department*

1928 - 1929

## Greetings

On this first anniversary of the Police Department, we extend a most cordial greeting to all, with the sincere hope that you will enjoy yourselves to the fullest measure.

To our guests and friends who have helped to make this event a success, we greet you, with the hope that many succeeding years will be marked by your attendance at our social functions.

To our friends, and there are many, who have so generously and unstintedly taken advertising space in our program, we extend our sincere thanks; at the same time asking our patron friends to favor our advertisers with as much patronage as possible, for those who help a cause such as ours can be classed as of the best citizenship.

To Mayor Thomas and members of the Council, we desire to express our thanks for the courtesies extended to us; to the Police Committee, Messrs. Megnin, Berdan and Colburn, not only we ourselves, but the people of the community at large, should be ever grateful for providing the best police protection within their power.

To Mr. Frank Berdan, sincere thanks for the considerable trouble he has taken and time he has given in securing the data and writing "The Early History of Allendale." The interesting information contained therein will prove informative as well as entertaining.

To the Allendale Players belong the credit of your being so well entertained to-night. Their unselfish and untiring efforts deserve your support at all times.

To our friends in and out of the Borough, our heartiest thanks for your support. Be assured that our efforts are honest efforts and that it is our aim to give you protection and service. Please remember that your Police Committee and your Chief of Police are always ready to put into practice any suggestion which is for the benefit of the entire community.

During the winter months we have been conducting a school for our police officers, where they have been taught police practice and procedure, court procedure, laws of arrest, the use of fire-arms, jiu-jitsu, and the taking of finger-prints—all to further the five-fold purpose of all police effort, which is to

PRESERVE THE PEACE  
ENFORCE THE LAW  
PROTECT LIFE AND PROPERTY  
PREVENT AND DETECT CRIME  
ARREST AND BRING TO JUSTICE VIOLATORS OF THE LAW

so that we may give you the best service that it is possible for us to give, and in this endeavor we ask your continued support.

W. J. REIMER,  
CHIEF OF POLICE.
