PEACE
Deeper Than Vision

Surface disturbances, in a deeply tranquil pool, will seldom disturb the depths. So in the performance of our professional services, the depths of dignity and beauty for which our services have an enviable reputation remain undisturbed. This constant, unvarying quality has served to place us above the commonplace, and has won for our organization the lasting respect of those who have called upon us to serve in a professional capacity.

Volunteer Corps to Render First Aid For The Relief of Suffering Humanity at All Times

This program is a compliment of The Allendale Ambulance Corps to further acquaint you with the activities and necessity of this service, which is available to the Boroughs of Allendale, Ramsey, Waldwick, Saddle River and Upper Saddle River.

The Allendale Ambulance Corps is endeavoring to raise funds to purchase a new fully equipped ambulance, which is urgently needed to answer emergency calls. The present ambulance is a 1926 Reo, purchased second hand in 1936.

We will be organized one year this July, and during that time have answered over 100 emergency calls, given first aid and transported people to hospitals. Our men have also given numerous blood transfusions. The men of the Corps are skilled FIRST AID MEN, and all service by them is gratis.

To raise funds towards the purchase of a new ambulance we are holding a monster carnival. We will have special attractions to offer for all and trust you and your friends will assist us by attending.

CARNIVAL
