Mayor L. R. Johnson
Town

Public Invited To Visit New School Addition

The public is cordially invited to attend 'Back to School' night Wednesday, when PTA will sponsor this annual event at 8:10 promptly.

This opportunity to see the new addition to the school as a functioning unit should not be missed by any taxpayer interested in seeing how his tax dollars are spent in Allendale.

After a short business meeting conducted by George Wolfson, president of PTA, Clemens Strangfeld, president of the Board of Education and Paul D. O'Connor, school principal, will speak briefly.

The special teachers will be introduced: Mrs. Wright, home economics; Mrs. Smithey, music and Mr. Gray, manual training.

All other teachers will be in their classrooms to greet parents as they visit their children's classroom.

A social hour will follow, to which everyone is invited. The third grade mothers will be hostesses.

JOHN McNALLY EARNS WINGS IN U.S. NAVY

Ensign John J. McNally who graduated from the U. S. Naval Academy in June of 1950, was recently designated a Naval Aviator by Rear Admiral F. M. Hughes, U. S. N., Chief of Naval Air Basic Training, during ceremonies at the Naval Air Station, Pensacola, Florida.

Ensign McNally, son of Mrs. N. M. Hagedorn of 896 Franklin Turnpike, began his active flight training in September 1950 when he reported to the U. S. Naval School of Pre-Flight at NAS Pensacola where he completed a strenuous schedule in military, academic, and physical training. From pre-flight he was advanced to basic training which consisted of primary, aerobatics, instruments, gunnery and tactics and was climaxed by six take-offs and landings in his SNJ 'Texan' trainer aboard the aircraft carrier USS Monterey.

He was then sent to advanced training at Corpus Christi, Texas, for a four-month syllabus in combat type aircraft. After this he returned to Pensacola to qualify aboard the USS Monterey in his combat type aircraft before receiving his wings.

Ensign McNally has been ordered to report to the Naval Air Advanced Training Command at Corpus Christie, Texas for further training. Upon completion of this training he will be assigned duty with the fleet by the Commander of Air Forces, Atlantic Fleet.

On Saturday morning a 1941 Chevrolet Coupe driven by Charles J. Sierricka, 824 Godwin Avenue, Midland Park skidded on Crescent Avenue, knocking down the Crescent Inn sign which was damaged. The car was not damaged. Officer Frank Parenti investigated.

BOARD CONCERNED ABOUT SCHOOL HEATING PROBELMS

BULLETIN

SECOND MARSHAL FOR BOROUGH APPOINTED BY BOROUGH FATHERS

Frank Parenti was appointed a full time Marshal at an annual salary of \$3,200 effective Jan. 16 for the balance of this year.

This action was taken at a regular Council meeting held last night presided over by Mayor Johnson.

At the conclusion of the meeting as is the custom the meeting was thrown open to the public and A. Frank Farrell, spoke against the appointment of a second marshal citing the increase in the taxes that the property owner will have to carry and if we needed more protection that State and County police were available. He further stated that high taxes are driving residents out of the community. The school is growing and should have more money to operate with Farrell continued. The Planning Board came in for some criticism too by Farrell for hiring outside help to plan the towns growth.

The Mayor explained that the present system of hiring police help for the Chief did cost more than Prenti's salary and would save money and give Allendale better protection.

As action to appoint Parenti had been taken any objection was a little late.

NAVY MANS CAR RECOVERED IN N. Y.

William E. Hedger Jr., of Cherokee Avenue, Allendale whose 1950 Ford was stolen December 21, in New York City has reported was recovered Monday by the Police of that city.

Considerable damage to the car resulted. The car was found on a pier evidently ready for illegal shipment out of the country. The Car was insured by Stiles Thomas who has worked on the case for Hedger who is now stationed with the Navy in Korea.

OOPS! SORRY

Most folks start a new year with a firm resolve to correct something during the coming year. Your editor is no exception. Your editor is no exception and among many resolutions was to improve your paper. Right off the bat we pulled a boner, and what a boner. Most folks noticed it and some that did sure gave us a rough time. Well, we deserved it and how we took it. To those who didn't spot our error we had a picture of John Wattles over the caption of William Illingworth. To both John and Bill our sincere apologies and grateful thanks for not calling us and raising —

FARRELL APPOINTED TO AID SMALL BUSINESS

F. Archibald Farrell of Allendale has been appointed Chairman of a Sub-Committee for the New Jersey Industrial Mobilization Committee, which is affiliated with the New Jersey Manufacturers Association New Jersey Department of Conservation and Economic Development.

Mr. Farrell will work with the Mobilization Committee, which includes Essex, Bergen, Hudson, Sussex, Union, Warren, Morris, Passaic Counties. The headquarters will be in Newark.

This committee will also assist the small businesses of the State to obtain direct assistance on matters of prime and sub-contracts.

A list of small Business specialists assigned by the government procurement agencies is now being compiled and will be ready within two weeks for those interested.

SHOP OWNER INJURED IN CAR MISHAP

Rose Servaino of 453 Harrison Avenue Garfield (while driving to her beauty salon on West Allendale Avenue with her partner on Saturday morning skidded on the icy road into a large tree on Franklin Turnpike.

The car was badly damaged and towed from the scene by Central Garage. Miss Servaino struck her nose on the steering wheel and suffered a bruised nose and both eyes blackened.

She returned to her beauty salon yesterday.

Chief Wilson investigated for the local police.

Dog owners are warned to secure their pets licenses at once before the mandatory fine is imposed after Feb. 29.

We know somebody is firing air rifles in town and if they are smart they will stop at once before the Chief gets on their trail. Air rifles are prohibited under State Law in this state.

The American Legion Auxiliary will meet Tuesday night at the home of Mrs. E. Arlt, West Crescent Avenue. Mrs. Bachman will be co-hostess with Mrs. Arlt.

Carolyn De Block, daughter of Mr. and Mrs. George De-Block returned this week to the Friends School in Maine after spending the Christmas holidays at her home.

ANNUAL BUDGET READY FOR PUBLIC NEXT WEEK

Allendale Board of Education met Tuesday night at the school with every member present. Clemens Strangfeld presided.

A committee was appointed to work on the school heating system which is still not fully satisfactory. Members are Standing, McPeck and Strangfeld who will work in conjunction with the architect, the heating engineer, the Home Fuel representative and the heating contractor.

The new school budget was approved by the local Board but not released for public information until the figures have been studied and approved by County Superintendent Roy Zimmerman and Walter G. Darby, State director of municipal budgets. This is a new ruling by the State Board of Education.

The 1952-53 figures will be printed in full detail in next weeks Press with a comparison for 1951-52 for readers study.

Paul D. O'Connor in reporting for the school announced an enrollment of 347 pupils as of December 1951, with an average daily attendance of 310.

Mrs. Dietert donated a flag for school use, December 10.

The nurse's equipment has been moved into the new addition and Mrs. Kaufman is now operating from her new quarters.

The County Superintendent's office has recommended that Miss Rosalie Garrabrant, who is to coach the girls in basketball and spring sports, apply for a temporary teacher's certificate or if that is not permissible, then a special certificate.

It was reported that 1,916 meals were served in the cafeteria during December.

NORMA WHEELER TO BE BRIDE OF JAMES A. COLBURN

During the Christmas holidays Mr. and Mrs. Clayton Wheeler of Lyndonville, Vermont announced the engagement of their daughter, Norma, to James A. Colburn, son of Tax Collector and Mrs. Dave Colburn of 328 Brookside Avenue, Allendale. The wedding will take place Saturday January 19th in Lyndonville.

CUBS SHOW WAY TO BETTER SCHOOL

Den 1, Pack 59, Cub Scouts of Allendale, under the supervision of Mrs. Mary Monaghan, Den Mother, worked on a Community Service project which was to clean the debris from the school property.

The Board of Education greatly appreciated the work done by the cubs and, in the near future, will officially, send the Pack a letter of thanks.

Bank Elects 2 New Directors

The annual meeting of the First National Bank of Allendale was held Tuesday evening.

Two vacancies on the board of directors, caused by the death of Milton W. Packer and Frank Berdan, were filled by Charles L. Tricker of Saddle River and Frederick H. Thurston of Allendale.

The following officers were elected for the year 1952: Richard J. Christopher, president; Herbert J. Winter, vice-president; Jacob M. Christopher, vice-president; Edward Hamilton, cashier; Alwyn Grossmann, assistant cashier.

Members of the Board of Directors are: Jacob M. Christopher, Edward Hamilton, J. George Christopher, Richard J. Christopher, Frederick H. Thurston, Charles L. Tricker, Walter W. Weber, Herbert J. Winter.

WINTER DRIVING IS MOST HAZARDOUS TIME

Chief Robert Wilson said today that winter's most dangerous driving - a good six weeks of it - is still ahead. During this period, he said, police must devote a large share of their attention to automobile accidents involving property damage, personal injuries and in some cases, death. In addition, the police have to untangle time-wasting traffic tie-ups caused by vehicles skidding or getting stuck in the snow.

Chief Wilson warned motorists that many 'winterized' or 'mud-snow' tires are of little help when streets get very slippery. On glare ice, or on hard-packed snow which occurs more frequently than ice, tests by the National Safety Council's Committee on Winter Driving Hazards show that tire chains are the best anti-skid protection.

If you must drive when streets are slippery, the chief said, observe the following rules:

1. Get the 'feel' of the road when starting out.
2. Adjust your speed to road conditions.
3. Use tire chains on snow or

TROOP 59 GIVEN ANNUAL CHARTER

Monday, January 7th was the occasion for the presentation of the charter for 1952 to Troop 59.

Frank Ebersbach, Neighborhood Commissioner, representing North Bergen County Comm. Inc. was in charge.

Mr. Ebersbach was introduced and spoke briefly of the work of the Troop in the past year. He then presented the Charter to Joseph Steln, who accepted it on behalf of Archer Methodist Church, the sponsoring body for the troop.

Mr. Steln then gave the Charter to Mr. W. James Hall chairman of the Troop Committee. Mr. Ebersbach then presented registration cards to the Committeemen and Troop officers. Registration cards for the Scouts were presented by the Scoutmaster. The rest of the evening was taken up with games. The meeting was closed with the Scout Masters benediction.

The following men were present: Frank Ebersbach and William Edwards, Neighborhood Commissioners, W. James Hall, Joseph Steln, Richard Warner, Robert Davis and George Price, all members of the Troop Committee.

On the weekend of January 19th and 20th the Troop is going to Camp No-Be-Bo-See. The Troop will have the use of Van Dusen Lodge. Meals will be planned and prepared by the Junior officers. Any Scout parents who desire to go should contact either George Price or William B. Bullman, Scoutmaster.

Mr. and Mrs. Martin Husing of Elmwood Avenue visited with Mrs. Husing's mother, Mrs. H. C. Delafield of Brooklyn on Sunday.

Sewing Tips for Today's Fashions

By ANNE GARY-ANS Features

The general trend in new styles is toward a completely natural silhouette, with no exaggerations at any point in the figure. In short, the Princess line. Clothes this season are simpler, with more emphasis on exact cutting and careful fitting. Consequently, the woman who sews has more of an advantage than ever, for she can adjust a pattern to her own figure variations, and achieve a sculptured look not always possible with ready-made clothing that is cut to proportions of the "average" figure.

Since perfect fit comes with careful planning long before scissors cut their way through costly fabrics, more and more women are finding the Singer Thermoplastic Dress Form, with its new shirt covering, a great help. With this modern stand-in, molded to you in about half an hour at your Local Sewing Center, you can easily adjust your pattern accurately to your own figure measurements in this way:

First, following pattern instructions, pin darts, tucks, or pleats in the blouse. Then pin this to the dress form. If pattern is designed for wider shoulders, lay a group of fine tucks to take in excess width. If waist is too long, pin up a horizontal fold. If too short, slash pattern and insert extra strip of paper. Next, pin blouse back to dress form and make adjustments in the same way; then join blouse front and back together, allowing for a seam. Leave enough room between pattern and dress form to allow for freedom of movement.

Next, allowing for seams, pin front skirt sections together; attach skirt front to the blouse waistline and fit the waistline. Follow same procedure with the skirt back; then pin front and back together. For larger hips, slash pattern vertically and insert an extra piece, wider at the bottom and gradually narrowing up toward the waist.

Sleeve patterns should also be adjusted to actual arm requirements. If your arm is thin, lay a vertical fold in pattern, wide at the top and tapering toward the wrist, putting a small dart in the whole of dress both front and back below the shoulder seam.

With your pattern pinned to the dress form and adjusted so you can see exactly how it will fit, and be sure it is marked with your natural figure line. Only then is it smart to cut.

HOSPITAL HAS OPENING FOR STUDENT NURSES

Miss Mary K. Thomas, Superintendent of the School of Nursing at Hackensack Hospital has announced that 100 additional nurses would be needed to staff the new wing now under construction. These nurses need to start their training now to be ready when the wing is completed and urged local auxiliary chairmen to aid the school's recruitment program by encouraging local high school girls to apply to the school for information or enrollment.

The Sub-Junior Woman's Club will meet Thursday at 7:30 p. m. at the home of Mr. James Standring who will be the speaker of the evening.

The business meeting will be held immediately following the program at the home of Mrs. W. J. Dixon.

AMBULANCE RECORD FOR PAST WEEK

The Allendale Ambulance Corps is kept busy responding to calls, not only locally, but from surrounding towns. The following is a record of the calls to which the corps responded last week.

Thursday 3rd, Mrs. B. Mead, 124 Wyckoff Ave., Waldwick taken to Good Samaritan Hospital, Suffern. Attendants F. Occhipinti, Bud Van Houten.

Thursday 3rd, Mr. William Dewsnap, Powell Road was returned to his home from Paterson General Hospital. Attendants Jack Conley, F. Occhipinti.

Thursday 3rd, Mrs. Rolff, 41 Hudson St., Waldwick taken to Valley Hospital. Attendants L. Baum Jr., F. Occhipinti.

Friday 4th, Mrs. Quaintance E. Allendale Ave., taken to Harkness Pav. by Pete Cauwenberg, J. Occhipinti.

Saturday 5th, Ida Doremus of Franklin Tpke., Ramsey taken to Valley Hospital. Attendants Jim Colburn, Al Grossmann.

Monday 7th, Mrs. E. Armstrong taken to Valley Hospital by Jack Conley, T. Hopper.

Monday 7th, Mrs. Owen Murphy, Jacqueline Ave., Ho-Kus taken to Hackensack Hospital by Jack Phillip and Bud Van Houten.

NO TAX COLLECTIONS NEXT THURSDAY

No taxes will be received on Thursday, January 17th as Mr. and Mrs. Colburn will be out of town.

Mr. and Mrs. Robert Kindred of Cottage Place who spent the Christmas holidays with their son George Kindred and family of Scarsdale, N. Y. have now left for Orlando, Fla.

Mrs. Norman Lane and son will spend the week-end visiting her parents at North Branch, New Jersey.

Robert McPeck, son of Mr. and Mrs. L. R. McPeck has returned to Wheaton College after spending Christmas vacation with his parents.

Attendants Jim Colburn, Al Grossmann.

Monday 7th, Mrs. E. Armstrong taken to Valley Hospital by Jack Conley, T. Hopper.

Monday 7th, Mrs. Owen Murphy, Jacqueline Ave., Ho-Kus taken to Hackensack Hospital by Jack Phillip and Bud Van Houten.

We Heard

John McLaughlin, son of Mr. and Mrs. Paul McLaughlin of Myrtle Avenue, celebrated his third birthday on Monday

with a party. Among those present were: Suzanne Schmidt, Mrs. Harry Schmidt, Sue and Patty Rosner, Mrs. Robert Rosner and Mrs. Pool Davis all of Allendale.

We liked our town decorated for the holidays but now it would be nice to go back to normal. How about it fellows.

The meeting of the Girl Scout District Committee scheduled for Tuesday at the home of Mrs. George Lott of Myrtle

Avenue, was postponed due to the illness of several members.

Mr. and Mrs. Albert Gerken and children, Eileen and Albert Jr. of Bradford, N. H. formerly of Allendale, have returned home after spending the holidays with Mrs. Gerken's brother and sister-in-law, Mr. and Mrs. Charles Webb of Troop Avenue.

The pupils are enjoying the microscope that was donated to the school by the Allendale PTA recently. The microscope was purchased from the proceeds of a book sale held by PTA last spring.

The next regular meeting of the Church of the Epiphany Executive Committee will be held on Wednesday, January 16, at 8:15 p.m. in the parish house.

A few folks noticed the additional funds set aside by the Council for another Marshal. We hear Frank Parenti is all set for the job come February.

Mrs. Chadwick of Forest Road and locally the post office is home recovering from a virus attack.

Dr. Lampa is home from a holiday visit with his daughter in Virginia.

Now that Fred Thurston is a bank director we wonder if he still wants to learn to ride as well as his daughter Carol?

Robert Kanfold of Myrtle Avenue was named as one beneficiary under a will of an aunt in Washington, D. C.

Miss Kay Rockerfellow daughter of our popular restaurant man is recovering from

SCOUTS TO HOLD ANNUAL DINNER

The 1951 Committee of Troop 59 met at the home of Mrs. George Lott on Monday, January 7th. Every member was present as usual and a great deal of work for the good of the Troop was accomplished.

The annual family dinner was discussed and committees appointed to complete arrangements. The dinner is to be held during Scout week in February. Scouts and their families will receive further information at an early date.

Also discussed was the winter camp to be held on January 19th and 20th at No-Be-Bo-See and the rally at Wyckoff today.

The new charter for Troop 59 was presented at last Monday's Scout meeting and when suitably framed will be hung in the troop room in the War Memorial Building.

The Scoutmaster's report showed an increase in advancement and the Board of Review will be held next Monday.

William Dewsnap of Powell Road is recuperating at home, following an operation performed recently at Paterson General Hospital.

a badly sprained wrist.

The Berntsen boys of Park Avenue returned last weekend from a skiing trip to Vermont. Bill got a far away look when he tells you of his holiday. Could it be a girl Bill?

Mrs. Pat Job is recovering from a minor operation performed Wednesday at The Good Samaritan Hospital in Suffern.

LARGE AUDIENCE HEAR JEEP ANGEL AT ARCHER

A large gathering attended Family Night Monday at the Archer Memorial Methodist Church to hear Dr. Robert F. Thomas, noted doctor, educator, preacher and superintendent of the Pittman Community Center at Pittman, Tenn. speak of his experiences among the southern mountaineers.

His achievements have been publicized in a biography which appeared last year, entitled "So Sure of Life" by Violet Wood. It created such interest that it was serialized in magazines under the title of "The Jeep Angel". For twenty-five years Dr. Thomas has worked among the mountain people of Tennessee and he and his jeep are a familiar sight in the untravelled places of the southern mountains.

Following Dr. Thomas's talk a fellowship hour was spent at Archer Hall.

A CROWN FOR A STAR—This candid shot caught Nadine Gae at a costume fitting being assisted by her 4-year-old son Scotty. Nadine will do the ballet number "Dance of the Sugar Plum Fairy" from Tchaikowsky's "Nut Cracker Suite" on Fred Waring's CBS-TV Christmas show and Scotty wants to make sure that his favorite star wears her crown just right. (ANS)

Draftees Urged To Keep Track Of Draft Status

Colonel E. N. Bloomer, State Director of Selective Service, stated this week that despite constant advice to registrants to keep their local boards fully informed at all times concerning changes that may affect their "draft" status, a large percentage are failing to heed the warning and are going to be inducted into the armed forces.

Many registrants, employers and parents fail to realize that once an order to report for induction has been issued strict limitations are placed upon a local board's power to reopen a registrant's case or to postpone an induction, he said.

Too many registrants wait until the last moment, when induction is imminent, to inform their local board that this, that or the other thing has occurred, which, in the registrant's opinion, should make him eligible for a deferment. It is quite possible that

had the local board been informed of the facts, in ample time, a deferment might have been granted, Col Bloomer explained. After an order to report for induction has been issued, don't expect your local board to give consideration to your case because it's "too late," he warned. Be on the safe side. Even if you are presently deferred, physically unfit, married or over the age of 26, or in any other category, promptly notify your local board of any change such as, change of address, employment, marital status, pregnancy of wife, birth of child, hardship, dependency, and all else they should know to properly classify you, the State Director said.

POST OFFICE TO OPEN BIDS FOR TRUCKING

Sealed proposals for carrying United States Mail (including parcel-post mails) on Mail Messenger Route between the Post Office at Allendale and the Erie R.R. and between the Post Office at Allendale and Saddle River N. J., each way as often as required by the Postmaster, will be received by Postmaster Farrell at Allendale. For further information inquire at the Allendale Post Office. This proposal will expire on January 21, 1952.

SHINGLES HELP FREE CAR FROM ICE

The motorist who carries a few asphalt shingles in the trunk of his car won't have much trouble working the car free when it gets stuck in snow or ice. An asphalt shingle slipped under an automobile tire will keep the wheel from spinning.

The top side of the shingle should be up when it is placed under the tire. The mineral granules on the top supply a rough surface for the tire tread to grip.

The granules are little bits of stone, which are embedded in asphalt roof shingles for several reasons. They add to the wearing qualities of the material. Because stone doesn't burn they increase the natural

POULTRY ASSOCIATION TO MEET TUESDAY

The Bergen County Poultry Association will hold its regular monthly meeting Tuesday night, January 15, at 8 in the American Legion Hall in Paramus.

John A. Pino, research specialist in poultry husbandry, from Rutgers University will be the guest speaker.

All poultrymen and their families are invited to attend. Refreshments will be served.

THEIR FIGHT IS OUR FIGHT TOO!

In our generation, we have come through two wars and at the moment we are being dominated in our everyday lives by the incident in Korea which, technically, we may not designate as a third war. From all, we have emerged and are emerging, as victors but the conquest has been far from satisfying. We may have won the victory, but where is the sweet satisfaction of having gained our objective—peace.

Today, we are asked to wage another war, not of destruction, this time, but of salvation, for we are asked to mobilize in full strength against the killer, polio, which yearly strikes, sometimes with epidemic force, at young and old, alike, in our country.

In recent years, the month of January has been synonymous with the March of Dimes whereby the people of every community in the country are given an opportunity to furnish the ammunition with which to fight this grim enemy. The National Foundation for Infantile Paralysis which comes to the financial aid of victims of this crippling disease, is facing a new year with a deficit of \$5,000,000, due largely to the increase in polio and the high cost of continued aid for rehabilitation.

Of the money raised locally, 50 per cent remains in Bergen County and the remainder goes to the National Foundation. In case of an epidemic such as the 1950 one, the county calls on the National Foundation, and receives the needed funds.

We in this area are fortunate to have such an institution as Bergen Pines where the most up-to-date methods of treatment and rehabilitation are employed. When financial assistance is needed to send a patient to Warm Springs, Ga. for treatment beyond the scope of Bergen Pines, direct help is received from the National Foundation.

This, then, is the war, for the winning of which we seek to enlist, not bullets and bayonets, but dimes and dollars. In this campaign we do not hand out crutches and wheel chairs to the maimed, but rather do we restore the maimed, in many cases, to complete health and lives of usefulness. (Give till it hurts, so that a child who hurts all over, may run and play again.)

Our Mailbox

Allendale Press, Gentlemen:

Several times during the past few weeks we have seen the police car parked with the motor running. I can understand it might be necessary when the police radio is working and it was every time but I can't understand the reason when no one is in the car or within hearing distance regardless of how well one can hear—in fact, one time the officer was over a block away and for over 30 minutes (I timed it while waiting for my wife.)

This seems like a waste of money and with taxes so high everything counts. This is only a suggestion and I would like to be known as,

AN UNHAPPY TAXPAYER

School Notes

Kindergarten - Mrs. Barter

We have just gotten back from our Christmas vacation and seem happy to be back. This morning everyone drew a picture about something which happened during our holidays. Then we had our discussion period. Everyone told the story of his picture to the group. The stories were very interesting and so were the pictures. Now we are going to study some more about transportation especially about boats and airplanes.

Grade Three - Mrs. Amos

We all enjoyed our nice long vacation. It feels good to be back to school. We are all going to work real hard for the new year.

In social studies we are enjoying studying about the early settlers and comparing their way of living with the way we live today. We learned how the settlers made butter, cheese, candles and all their clothing. Regina Wilson visited California during her Christmas va-

cation and had a wonderful trip visiting her brother.

Grade Four - Miss Norman

We enjoyed the Christmas program very much. We want to take this opportunity to hope that everyone connected with the school, and their friends, had a grand Christmas and will have a prosperous 1952. The ancients may be given the credit of establishing a banking system, but just listen to the one established by Miss Norman's pupils: On the desk there are two ink wells—everytime anyone has a little money, they just lift up one of the wells and deposit their securities. . . sometimes two, or three, deposit under the same well. . . Simple isn't it? ?

Our part of the program was Christmas in Germany. Gail Kort was the narrator Marilyn Walter, Mary and William Indoe, Joseph. The rest of us sang these songs. "O Christmas Tree", "Away In A Manger" and "Come Little Children". Mrs. Smithy and Mrs. Craze helped us with our singing. We sent Christmas cards to each other, and we sent six cards which we all signed to these people: Mr. Zimmerman, Mr. O'Connor, Mrs. Craze, Mrs. Smithy, Matthew Morgan and Peggy Taylor. The two latter were our classmates who left us since September. We want to take this opportunity of thanking our Mothers who made our costumes for the Christmas singers. Thank you, Mom. One day at noon, two of our boys danced together.

Sixth Grade - Mr. Odo

We are happy to welcome our former classmate, Judy Anderson back to her regular class. She surprised us by attending our Christmas party on the last day of school before our vacation. In the regular school assembly held to celebrate Christmas, our class gave an original play entitled, "Christmas Spirit" written by Joan Dietert. The entire pro-

8 TOWN LEAGUE PLAN CARD PARTY

Details of the card party to be held by the Eight Town League Thursday evening, January 17, in the Ramsey High School Cafeteria were settled Tuesday evening. Under the leadership of Mrs. Edward H. Gilson of Wyckoff members of the executive committee addressed 800 envelopes and prepared them for mailing to parents. Two tickets and a letter explaining the card party were enclosed. There will be door prizes, table prizes and refreshments. Mr. John Mitchell of the high school faculty will have charge of the drawings for the numerous prizes donated by merchants of the eight towns. In past years these prizes have numbered in the neighborhood of 100.

The purpose of the affair is to pay of the deficit incurred by the two double tennis courts. Parents are urged to support the card party and assured of a good time if they attend.

Names of officers and members of the executive committee are: Mrs. E. H. Gilson, president; Mrs. F. Bayles, vice president; Mrs. Vincent Cantillon, treasurer and Mrs. W. Gertsch, secretary.

Representatives of Allendale are Mrs. John Crothers and Mrs. L. Johnson. Faculty representatives are Miss E. Preische, Mrs. W. Mallin, Mr. W. Byrne, Mr. J. Sweetlock, Principal G. W. Moore and Supervisor Principal W. Twichell.

Those wishing to assist in any way may contact their town representative.

gram was enjoyed by the pupils.

We are very happy to welcome Ann Wehener to our class. We hope she will enjoy being in our class.

We are looking forward to the time when we can participate in Manual Training in the rooms of our new school addition.

OSMERS SWORN IN AS NEW CONGRESSMAN

New Jersey's newest member of Congress, Representative Frank C. Osmer, Jr. Republican Haworth, was sworn in Wednesday by Speaker Rayburn. Osmer succeeds former Representative Towe who is now Bergen County prosecutor. Osmer won the seat in a special election.

He was escorted to the speaker's rostrum by Representative William B. Widnall. Looking on were Osmer's wife, Marguerite who will serve as his District secretary, and Mr. and Mrs. H. Lee Moss of Rutherford. Moss was Osmer's campaign manager.

Helpful Hints For Care of Electrical Appliances

Were you thrilled about the new electric appliance Santa brought you for Christmas? Of course, you were. Electrical housewares, as the trade now calls them, shorten and lighten meal preparation. Just how much depends upon you and how versatile you are with them.

Mixers and blenders are known to perform a variety of kitchen tasks, but so do corn poppers, grills, waffle irons and coffee makers. Miss Margretta Jebsen, Bergen County Home Agent, urges you to study the direction book which came with your appliance before you try any of those recipes in it. It's very important to know how to operate and care for an appliance according to the manufacturer's directions.

"For instance, each book will tell you that the electrical part or heating element must never be put into water," Miss Jebsen points out. "So if you are learning to use one of those deluxe coffee makers, find out how to clean it thoroughly but safely."

"You may have to do some kitchen rearranging so that your electrical servant will be stored where it is handy. A mixer or liquidizer stored on the bottom shelf won't be used often. It must be right on a counter or on a table within easy reach."

As for varied uses of individual appliances, Miss Jebsen

gives some suggestions, starting with the corn popper.

"It will make a delectable dish of white, fluffy popcorn with no fuss or bother, but don't stop there," she says. "The electric popper is also grand for heating soups, making hot sirup toppings or any other sauces. It will also keep food hot for some time after the plug has been disconnected. You can even make a batch of packaged fudge in your corn popper."

"Breakfast waffles are at their best from a new waffle baker. The oversized ones are especially nice for parties. Try variations, such as blueberry, gingerbread, chocolate or coconut waffles. Serve them hot for dessert. Don't overlook such foods as chocolate brownies or these biscuits piping hot as needed."

"Electric grills add glamour to a simple supper or evening snack. Make an omelet, fry eggs, bacon, sausage or bake pancakes. Of course, you can toast an unlimited variety of sandwiches right at the table with your guests."

A blender or liquidizer always has an intriguing recipe book with it. It will liquidize fruits, vegetables, juice drinks, soups, cut up cooked meats for sandwich spreads and croquettes, grate cheese, horseradish, coconut, chopped nut meats, whip cream, stir sauces or mix sauces fluffy and is excellent for salad dressing, just to mention a few of its uses. In a

Star-Lites

MOVIES, MIKES and TELEVISION TALK
By LYN WILSON—ANS Features

A NEW COMEDY TEAM enters your living room this month via NBC-TV. The name of the show is "Those Two," heard Monday, Wednesday and Friday evenings. Lovely Vivian Blaine is the

feminine lead and co-star is Pinky Lee who makes life amusingly miserable for her with all sorts of antics and jokes because... he is madly in love with her... Not too unusual considering that most of the world's population feel that way about Vivian already, having viewed her in "State Fair," "No. 1," "Something for the Boys" and "Guys and Dolls," among other box office jack pots.

ONE OF THE MOST dramatic radio plays to be presented on NBC's Sunday night "Theatre Guild on The Air" will be "The Lost Week End" co-starring Brenda Marshall and William Holden—scheduled for this December. The play, which swept the country several years ago as a best seller and top film—needs no introduction nor do its stars. Other exciting broadcasts to come are "Arrowsmith," "Goodbye Mr. Chips" and "I Know My Love," the latter starring the Lunts.

BIGGEST TELEVISION event this season without doubt, will be the first telecast of "The Greatest Story Ever Told" which, now in its sixth season in radio, has made history as radio's most honored program. The telecast, on Sunday, November 25, 7:00 to 7:30 p.m. EST over the ABC television network, portrays "The Story of Lazarus."

A second telecast on Sunday, December 23rd, same hour, will give us "No Room at the Inn," the story of the nativity. As in radio, there will be no commercial or institutional messages on the show. The radio program, over the coast to coast ABC network every Sunday, 5:30 to 6:00 p.m. EST, will continue before, including the two Sundays on which "The Greatest Story" is telecast.

blender, vegetables and fruits are reduced to a pulp for fast cooking and for baby or invalid feeding. But don't try to crack cubes of ice. Break them up before putting them into the blender.

"An electric roaster, depending upon its size and type, will cook a complete meal, a one dish meal for 25 to 30 people, a broiler meal, bake cake or biscuits or it may be used for steaming, sterilizing and canning," the home agent reports. "Best results are obtained by using a wall socket for plugging in, not a drop cord."

PUBLIC SERVICE SEEK BOOST IN BUS FARES

A petition for a ten cent fare was filed last Friday with the Public Utility Commission by Public Service transportation companies. The petition states that the recently granted eight-cent fares will fail to produce enough revenue. Estimated revenues from a basic ten cent fare with hikes in interstate fares sought from Interstate Commerce Commission would produce about \$2,650,000 annual income.

The petition also cites losses since July, 1950 and wage increase negotiations now underway with the operator's union.

Marron To Have Help On Publishing Bulletins

Jules Marron won a great personal victory at Trenton the other day when he was promised an editor to help him put out the State bulletin, New Jersey Outdoors. There were two strikes on Jules. He had been bitterly criticized for not getting the bulletin out on time and for several other aspects of the paper publication.

But much of that should be overcome if the bulletin is taken from the shop where it is

now printed and given to another printer where a definite time schedule can be followed. It is more than likely that the quality of the magazine itself as well as the contents will improve, and that circulation will rise.

Jules has been having rather a tough row to hoe. There hasn't been any noticeable spirit of cooperation. Articles were difficult to get. State Division policy stymied him in some directions. But if he is given a clear field now, it is

Girl Scouts Notes

Considerable business occupied the Fish and Game Division at the meeting Wednesday. It is proposed, although nothing definite was done, that the juvenile who can't hunt under 16 unless accompanied by an adult, must have a license obtainable at \$1. In the meantime the Council and Division will study methods to conduct exams so that these youngsters at 16 will know the fundamentals of hunting safely.

Another bill which will be entered is one to make it mandatory that any sportsman carrying a gun, in the car between sunset and sunrise must have it encased, whether in a gun case, new paper with string around it, or just in a gunny sack with the mouth closed. That was offered by Chief Warden Fred Craig and the object is to enable better check-ups on potential deer jacking.

Plans also were considered to permit two hooks in jigging through the ice because it is almost impossible otherwise to jig with any execution. It also was decided that no ice fishing be permitted after January 26 because the month-long season is just about all the pickled traffic can bear.

The Council also decided definitely on a \$2 deer license fee for State hunters and the \$2 plus \$5 for out of State hunters; and a trout stamp of \$1 for Jersey fishermen and \$5 for out of State anglers in addition to their non-resident license fee.

But the trout stamp would not be effective after July 1. In other words it would apply only to trout fishermen on the streams between April 14 and July 1. After that a trout stamp would be required.

CAR INSPECTIONS A MUST FOR '52 PLATES

With license renewal season in the offing, William J. Dearden, acting director, Division of Motor Vehicles today cautioned New Jersey car owners that they will be denied 1952 registration plates unless cars have met both 1951 inspection requirements. The current inspection period ends February 29.

Last year 10,400 owners were refused renewal plates for inspection compliance failure but Mr. Dearden hopes there will be fewer delinquents this year.

"If you have not already complied with the second inspection requirement, the time to do it is right now before weather and other conditions make it difficult," he said. "Should there be congestion at the stations during the closing weeks of the period, it will result from motorists failing to appear at the time suggested on the back of the first inspection sticker. If your return date is November and you do not show up until two or three months later, it is your own fault if you find yourself in a long line."

The Planning Board will meet Monday night at the firehouse.

S. Staines at her home. Mrs. Staines will help the girls with three badges—1. Color and Design Badge, 2. Color Craft Badge and 3. Interior Decorating Badge.

After all this interesting planning for our New Year we played "Charades" and were dismissed.

IS YOUR HOUSE SAFEGUARDED AGAINST FIRE?

You may have an ammunition dump in your home and not realize it.

In almost every home there is a catch all spot where rubbish, partly full paint cans, old newspapers and other potential fire-feeders are carelessly stored. Mostly they're closets, basement storerooms, under stairways and in attics.

"These are the danger points where a great many fires start, or which contribute materially to the spread of fires," says John A. Arnold, vice president of National Retailers Mutual Insurance Company.

Excelsior, loose paper, empty boxes or rubbish which cannot be disposed of promptly should be stacked neatly away from stairways. Waste should be piled neatly and disposed of frequently.

Paints, oils, kerosene and flammable cleaning fluids should be stored in tightly covered metal containers and stacked on a concrete floor if possible. The same precaution should be observed for oily mops, rags and waste which may ignite spontaneously. Keep them in metal cans with tight fitting metal covers and store them on concrete floors away from air circulation or any combustibles.

Make it a point to check closets, basements and attics as a part of the housekeeping chores to make sure that they are kept in order. Don't fail to provide aisle space which can be used by firemen in case of emergency, especially in the attic where a fire is the most difficult to extinguish.

FLARED FOR SPRING

A new two-piece dress styled with a flare for next spring is made of a novelty checked surah woven with Celanese acetate. Designed by Joselli with double-breasted closing, smart notched revers and flared skirt, it may be worn with a taffeta petticoat as photographed or a straight slip for a softer line. Because it dry cleans so beautifully, it will emerge fresh as a daisy next spring for the early coatless days. (ANS)

Eyolf Spilling, son of Mr. and Mrs. Bernt Spilling of Hillside Avenue, has resumed his studies at the Newark College of Engineering after Christmas recess.

Mr. and Mrs. Herbert Flandreau, Jr. were guests of Mr. and Mrs. H. W. Flandreau of Dale Avenue, Tuesday, when they were visiting from Connecticut.

Mrs. R. Z. Burnett and Mrs. Ernest Arlt attended the forty and eight meeting which was held Wednesday night at the Clifford Dunn Post 117, Bogota.

Children like to eat. Some days they are not so hungry as they are other days, so do not force them to eat. Be casual, friendly, patient and above all don't nag or scold.

The school election will be held February 13.

Three petitions for the school election have already been picked up. There are two vacancies.

The Junior Woman's Club met last night at the home of Mrs. Douglas Sharp.

Mr. Michele Pasquier is expected home tomorrow from Florida where he has been on a business trip with headquarters at Miami Beach.

HOME ECONOMICS BRIEFS

Cranberry relish keeps several weeks in a fruit jar in the refrigerator. Grind 1 pound cranberries, 1 orange, including both rind and pulp, and 1 or 2 red apples. Add 2 cups of sugar and stir well. Make certain the sugar is dissolved before putting the relish in the refrigerator.

To freeze avocado spread, mash well, then add lemon or lime juice and salt to taste. Package in small containers and freeze quickly.

If cooked cereals — wheat, oat or corn — are left over, use them as fried cereal, in meat loaf or parties or in sweet puddings.

One of the most recent foods to be canned is dates—big fat ones grown in Arizona and California. In the canning, the natural moisture and sugar-

sweet flavor and velvety texture are retained. The dates are graded, washed, pasteurized and packed in 10-ounce, and one-pound cans.
