## Over 90% Allendale Voters March To Polls

When Allendale's record vote was counted shortly after 8 o'clock on election night the results might have been interpreted by the clairvoyant as a measure of things to come. For as the Republican landslide became apparent all over the country, the Allendale vote became more true in its measure of national sentiment.

In our Borough a "change" was apparent when the Independents scored a clean sweep over the regular Republicans for three seats on the Borough Council. John Tucker rolled up an impressive lead over incumbent Leslie Johnson for Mayor, and was accompanied by Perry P. Conklin who unseated Mayo Harvey for council and John Wattles who defeated A. Vail Frost.

The high interest in the election created on the national level, along with the last minute electioneering of the Independent Party brought out the large Allendale vote. A clear bright day prompted voters to vote early and by 8 p.m. over 90 percent of those eligible had been accounted for. Out of a possible 1426 registered, 1324 voted. This marks the largest turnout the Borough has ever known and perhaps the largest percentage ever recorded.

On the local referendum questions, townspeople voted overwhelmingly for the Borough to take over the library and the swimming pool. The votes showed that 870 voted "yes" for the library and 223 voted "no". The swimming pool question was approved by a vote of 801 to 302. The library will automatically become a Borough property and the swimming pool will be taken over when the Mayor and Council accept the verdict of the vote on the referendum.

On the two State referendum questions: the Garden State Parkway referendum came out a tie vote: 504 voted "for" the parkway and 504 "against." The Parkway however, was overwhelmingly supported throughout the state and will become one of the state's projects for a super highway from Bergen and Passaic Counties down to Cape May.

The vote on the bond issue for \$25 million dollars to be spent on state health and welfare uses carried in Allendale as it did the state. The vote was 805 "for", 221 "against."

The GOP carried Allendale, the State and the Nation for the Presidency. Dwight Eisenhower polled 1102 votes to 207 for the Democratic nominee, Adlai Stevenson.

For the Senatorial seat, incumbent H. Alexander Smith polled 1047 votes against the Democratic senatorial candidate Archibald S. Alexander who received 232.

## TUCKER PLEDGES BEST EFFORTS

Mayor elect John Tucker felt highly complimented when the election returns were announced on Tuesday night. In a statement to "The Press" he "pledged to do everything in his power to serve the people who placed their confidence in him."

Mrs. Tucker, pleased and proud, preferred to say nothing. His two children were not so quiet but the best we could make out of it "they were pretty proud of Pop."

## AMBULANCE HELP WOULD BE SUICIDE

The Allendale ambulance was called Wednesday evening to Waldwick to take Mrs. Glenn Kingsley, 52, to Hackensack hospital. Mrs. Kingsley had left open the gas jets in an attempt upon her own life. Her husband, upon returning from work, arrived in time to summon the police.

The Allendale ambulance raced to Waldwick and provided oxygen to the patient, Mrs. Kingsley. Captain Jack Comley and Peter Cauwenberghs assisted on the case and administered oxygen to the patient enroute to the hospital. By the time the ambulance arrived at the hospital, the patient's breathing had returned to normal.

Mr. Kingsley told police that his wife had been brooding and had threatened to take her life ever since her son was killed in 1942, during World War II. A note was found.

## OBSERVERS HOLD COSTUME PARTY AT LOCAL SCHOOL

A week ago tonight the school was invaded by strange people from the world of comic books and fiction, from the dark land of spooks and goblins and from as far away as outer space.

These representatives were made up of Allendale youngsters dressed up for the make-believe world of Halloween. They came to the school to watch the movies, sing songs, eat doughnuts and drink cider all of which were provided by the Holiday Observers.

The costume contest baffled the judges but after a parade of the strangest collection of disguises ever seen in Allendale, the awards were made to 31 winners.

A prize of one dollar was given to the following for the originality and distinction displayed by their costumes: Diane Pravada, Margaret Asp, Kenny Asp, Bobby Tremiere, Charlotte Schmidt, Susie Schmidt, Susie Geismar, Pamela Young, Sissie McLaughlin and Barbara York.

Other winners were: Jack Rumsey, Valerie Feher, Peggy Rossner, Catherine Kwasnicki, Paula Dean, Mark Olson, Kenneth Caffrey, Ann Louise Fowler, Judy Crinkley, Cindy Boe, Carol Lee Boe, John D. Probst, Nancy Probst and Artie Collins.

The remaining winners were Sally Price, Steve Murray, Freeman Winslow, Terry Murray, Kevin Anderson and Richard and Ronnie Straut.

## WALDWICK WOMAN CHARGED WITH CARELESS DRIVING

Mrs. Margaret Farmer of careless driving by Officer Frank Parenti last week when the car she was driving on W. Crescent Ave. was found driven up on top of two large sized concrete tiles.

Mrs. Farmer said that the glare of headlights shining through the hard rain that was coming down at the time, blinded her. She did not see the warning lights placed beside the tiles. Considerable damage was done the car, but Mrs. Farmer was unhurt.

## Waibel Barn Destroyed By Spectacular Fire

The barn behind the house of Carl Waibel, Franklin Turnpike burned to the ground late yesterday afternoon. The flames threatened for a time to spread through the dry trees surrounding it, and because of the dry weather and the high wind might have caused more serious damage had not the Allendale firemen brought the blaze under control.

## HIT AND RUN DRIVER ATTEMPTS TO RUN DOWN OWNER

Henry Kahse, 46 Knollton Road, reported that a hit and run driver crashed into his car parked in front of the house Saturday evening and then attempted to run him down when he went out to see what caused the noise.

The driver then sped away down the road before Mr. Kahse could stop him or summon help. As Mr. Kahse reconstructed it, this is what happened: A driver, probably lost, entered Knollton Road, a dead end street, hit the Kahse car and drove on only to find that he had to turn around at the end of the street in order to get away. When the driver came back up Knollton Road he saw Mr. and Mrs. Kahse and drove rapidly toward them. Mr. Kahse did not speculate on whether the attempt was deliberate or accidental, but he insisted that the driver turned out his lights and speeded up as he raced by the damaged car.

Mr. Kahse did identify the car as being a blue 1949 or 1950 model Ford. This has been verified by police who found a torn headlight beside the Kahse car.

Police Chief Carl Jockish of Paramus announced recently that he had received assurance from the State Highway Department that work will start soon on the project of closing all Route 4 islands from Hackensack to Route 17.

The Waldwick fire department was called by the local department. Their hose burst when the water was first turned on but this was speedily repaired and they were able to help control the blaze.

Mrs. Carl Waibel, who had been away from home in the afternoon returned at 3:45 with her daughter Gwennessa, 15. As they drove into the drive they noticed smoke pouring out of the barn. Gwennessa ran into the house and called the fire department. By the time she returned, the fire had burst out on all sides of the barn and it was obvious from the start that the barn was going to be completely destroyed.

Mrs. Waibel could give no reason for the cause of the fire. She said that the frame structure was full of stored furniture, a few antiques, a tractor, power lawn mower, assorted pieces of farm equipment, and the children's bicycles. It was insured.

"I loved that barn," Mrs. Waibel said as she watched the flames and black smoke leap high into the sky. She stood among the crowd which gathered on the back lawn and watched it go. Over and over again she explained to friends that the loss of the barn was regrettable of course but she was grateful that the strong wind was blowing the flames away from the house so that there was no danger of the fire spreading to their home.

Two pots of coffee brewed on the stove, which Mrs. Waibel prepared for fire fighters from Allendale and Waldwick who poured gallons of water on the searing structure. Within a half hour the sides had crumbled. The new roof, recently put on, seemed to withstand the flames longer than the rest of the building and this prevented the barn from falling through from the top first.

## \$1600 COMPRESSOR STOLEN HERE WED.

A portable air compressor, valued \$1,600, was reported stolen yesterday from the Knapp Grecco Company which is installing the gas line on Crescent Avenue. The air compressor was only six months old and there is speculation that someone drove a truck up to where the construction company equipment is parked, and drove off with the compressor.

A state-wide alarm has been sent out by the police.

## Memories of Bygone Days Return In Yellowed Pages of County Papers

Keith Spalding

Old newspapers and pamphlets published in this area make fascinating reading and The Press occasionally receives some of them from readers. The latest two, twin copies of the "Hackensack Republican" and the "Bergen County Democrat," from the Christmas New Year's holiday season of 1887-88, came to us from Officer Frank Parenti who found them tucked away in his house.

Names still associated with streets or buildings appear in the columns of these yellowed newspapers. Some old timers in town now may remember some of the persons mentioned.

The archaic language, the odd sounding advertisements for patent medicines and the prices give some interesting facts from Allendale's past even for the younger set.

For instance, the front page of the "Bergen County Democrat," dated Dec. 23, 1887, carries the following ad: "There was a sound of revelry by night," and she had a card but couldn't go, all on account of neuralgia. Her favorite dude, however, had a level head, and instead of a bouquet, brought Salvation Oil. They went and were happy once more.

Another old fashioned ad says, "We have a speedy and

positive cure for catarrh, diphtheria, canker mouth and headache . . . take it if you desire health and sweet breath."

Although some of the news items carry the aura of leisure we associate with the "good old days," it is obvious that those were times of great new growth and bustling activity in this part of New Jersey. But present day newspaper readers, although they would recognize the subject matter in today's news would be startled to find a leading news item in their papers reading like this:

On corruption—"forty clerks Please Turn To Page 8

RACING DRIVER TO FACE JUDGE

The driver of one of three cars alleged to have been racing on Hillside Avenue at 2:30 a.m. last Saturday has been charged by Allendale Police with careless driving.

Fred D. McDonald of Clifton has been called to appear at Magistrates court November 11 to explain the charges. Officer Frank Parenti, who made the arrest, said that no record of the other two cars was available.

Hi, There! It's Anti-Freeze Time

MISS ANTI-FREEZE CALLS ATTENTION to Anti-Freeze Week, proclaimed by Du Pont to remind motorists that now's the time to prepare their automobiles for the rigors of winter driving. It's never too early to install anti-freeze, but it can be too late when the engine block has been cracked by an unexpected drop in temperature. Du Pont scientists point out that anti-freeze should be mixed with water first and not poured directly into the radiator. Beforehand, of course, the radiator should be cleaned, and checked for leaks. The hoses and clamps also should be inspected and tightened at the same time. Miss Anti-Freeze, by the way, is Gloria Van Dewel, blonde beauty from Burton, Ohio, who is now featured in a Broadway musical. (ANS Features)

8 TOWN LEAGUE CARD PARTY TONIGHT AT RAMSEY

Members of the Executive Committee of the Eight Town League met recently at the Ramsey High School under the chairmanship of Mrs. Edward H. Gilson of Wyckoff, to complete detailed plans for the annual card party. It proved to be a busy evening. Two tickets, together with a letter from Principal Guy W. Moore and the annual program in calendar form were mailed to each parent.

Friday night, November 7th is the date and the high school cafeteria, the place. Players

DRAWING FOR THE MODEL HOME TO BE HELD SATURDAY

When the Sixth Annual Bergen County Home Show comes to a close Saturday, more than 50,000 visitors will have seen the 255 exhibit booths featuring home modernization, home construction, house furnishings, and public education displays, which cram the Teaneck Armory Home Show. Managing Director August Hamman makes this estimate on the basis of the huge crowd which has daily visited the Home Show during the early part of the week.

Tonight the Bergen County Home Show will be open from 6 to 11 p.m., but on Saturday, the final day, the Teaneck Armory will be open from 2 to 11 p.m. for a gala finale. It is on this day that the VFW Model Home in Fort Lee will be the grand award, and prizes will be given to members of the local VFW posts and their Ladies Auxiliaries who have had the highest advance ticket sales records.

Before the twentieth century Allendale's main industry was the raising and shipping of strawberries. The railroad used to take four to six carloads of berries out of here daily during the month of June.

will bring their own cards. Parents and friends who wish to support the card party as non players may return tickets and money. One table prize, a potted chrysanthemum, will be drawn for each ticket returned.

There will be a door prize and numerous drawings for the hundred miscellaneous prizes that will be donated. Mrs. John Mitchell, mathematics teacher, and Mr. Roger Mantell, of the High School Guidance Department, will have charge of the drawings. Ramsey's popular football coach, John Sweatlock has promised to help man the kitchen to help with refreshments.

What will the proceeds be used for? The Eight Town League has asked the Student Council to name a piece of equipment they feel the school needs. In the absence of a choice, a fund is being accumulated for a track and officials would not be unhappy to see the proceeds applied to the

JR. WOMEN TO HOE DOWN SAT.

The Apple Festival and Square Dance sponsored by the Junior Woman's Club will be held Saturday night at the firehouse. This party is billed as one for all members of the family since square dancing can be done by everyone. Mrs. Rod LaFarge will be the caller for the square dances. Refreshments will be served and all proceeds go to The Village School in Ridgewood.

Church News and Sacred Stories

Doctrine and Worship of the Episcopal Church will meet at the usual times this week, Adults 8 p.m. Tuesday evening; Juniors 4:30 p.m. Friday afternoon.

The Choir will rehearse Wednesday evening at 8.

The Epiphany Guild will hold its monthly meeting in the Parish Hall at 2 p.m. Wednesday November 12.

The annual Every Member Canvass begins Sunday Nov. 2nd. Each member of the Parish will receive shortly a letter from the Executive Committee, a copy of the proposed budget for 1953 and a pledge card. Each is asked to read this material carefully and then to fill out the pledge card, returning it to Mr. William Quaintance, the Parish Treasurer.

The annual Parish Fair will be held on Saturday, Nov. 15. Be sure to mark this date on your calendar now.

The Church is open daily for meditation. Come in, rest and pray.

SERMONETTE The Rev. Bayard Hancock THE WILL OF GOD

"God's will be done" said the old doctor vehemently. He had just come in from his rounds and something appeared to have ruffled him more than usual. "It makes my blood boil to hear people talk as if God's will were sickness and death and suffering. It's an insult to the Almighty."

"But they say it when trouble comes," said his wife gently, "because they want to show their trust in God, whatever He chooses to send."

"I've nothing to say against Christian resignation," the doctor responded. "It's wonderful to see the way so many of them face their troubles. I know that. But they have no right to use only in that sense the finest battle cry ever given to God's people - a watchword only fit to be matched with the trumpet call of Michael the Archangel - 'Who is like God?' God's will is health, and strength, and good education, and happy children - and good works of all kinds. It ought to be the ideal for every architect, for every doctor, for every mother - as well as for every priest - that they should do their best to see what God's will is done. That's what we're created for. It isn't just a pious expression to put on a tombstone - it's the call for the armies of the Lord, and not until we realize it and try to carry it out, will that most splendid of all prayers ever be fulfilled."

Ramsey High School Football team now holds down first place in the Bergen Passaic Interscholastic Football Conference. Ramsey nows holds a 4 and 0 record in the conference.

Subscribe to the Allendale Press and read your hometown news first.

ARCHER MEMORIAL METHODIST CHURCH REV. H. W. GOODRICH MINISTER Franklin Turnpike Allendale

## Zoning Recommendations Presents Group's Views

In an effort to learn the proposals submitted to the Mayor and Council at the public hearings on the new zoning ordinance at all the meetings, without any oratory or fan fare, we have secured from the Citizens Committee their recommendations through the courtesy of George Wilson which are:

- Triple-A Zone be entirely eliminated.
- Double A restrictions to replace all that area of former AAA and the house area be reduced to 1050 sq. ft. of livable area.
- Double A area to be replaced with A Zone restrictions but the lot area be increased from 10,000 sq. ft. to 15,000 sq. ft. and the minimum lot size be increased from 100 by 100, to 100 x 150, also the house area be reduced to 975 sq. ft. of livable space.
- A Zone requirements 100 x 150 lot size house area 975 sq. ft. livable area.

The requirement for garages be stricken out.

The requirement "Upon a dedicated Public Street" be changed to include "Of a present Dedicated Right of Way."

The light industry area be changed to include a strip along each side of the Railroad beginning at Crescent Avenue and running northerly to the Ramsey line, in this connection this proposed Light industry strip is not within 800 ft. of any present homes, furthermore the nature of the grounds between said strip and present built up area is not conducive to residential building. Inlet for road to this area would in all probability be from off Crescent Ave., a Myrtle Ave. extension so to speak, over a present right of way.

Road sizes should be included in this proposed Zoning and in this connection roads of secondary nature should be but 20 ft. paved width without sidewalks and curbs except in areas where excessive grade is apparent. Five ft. shoulders of gravel should also be provided.

All existing individual lots and Maps formerly approved by Planning Board should be exempted from change of Zone, these are contract agreements made in good faith with former Municipal representatives and the property owners involved and should be upheld. No ordinance should be considered to be retroactive thus creating a hardship on the property owner.

All existing businesses should be legally and rightfully placed in a business area without thought to ownership nor type of business.

Clause covering restoration of existing buildings in case of fire, explosion or Act of God should be entirely eliminated.

Other less obvious deletions should be considered including as near as possible entire separation of Planning Board, Adjustment Board and members of the Mayor and Council. This in order that questions presented before any of these groups can be considered without prejudice or former knowledge by reason of having heard the case previously while sitting as a member of another board.

Girl Scouts Notes

### BROWNIE TROOP 90

This week our troop met at Archer hall. We made cat faced bean bags out of oil cloth and beans. The face was black and the eyes were white and the mouth was red. Then we played Farmer in the Dell. Then we sang a song and went home. Kitty Kwasnicki, reporter.

### TROOP 50

Last week Girl Scouts all over America honored Juliet Low's birthday. Sunday we all went to our own Church and wore uniforms. Monday we had our own Girl Scout Vesper Service at the Archer Memorial hall. After the services we went downstairs and discuss our badge work. This week we are going to do requirements

6, 9, and 14 for the Backyard Camper badge. We will find out about the history of a piece of charcoal, and eat outdoors with our family and make some cooking utensils such as skillet, flapjack turners and so on.

Then we played "Piggie wants a signal". Our meeting adjourned at 4:30. — Betty Hughes and Mary Scauro, scribes.

### BROWNIE TROOP 130

Last week we met at Archer Hall because it was Girl Scout Week. We sang songs. Mrs. Lott led us while we sang Holy Holy and Onward Christian Soldiers and Taps. Then we said the Brownie Promise and were excused—Peggy Rossner scribe.

### BROWNIE TROOP 130

This week we met at Archer Hall and we learned a new song called "The Little Duck". Then we played the game "The Woods are on Fire." Sally Price sang Taps and we sang The Golden Sun. Some of us ordered Girl Scout Calendars. Peggy Rossner, Valerie Feher, reporters.

## The Voters Have Spoken

The voters of Allendale expressed their dissatisfaction of the Master Plan at the polls on Tuesday in no uncertain terms. The vote, the largest in the borough's history was their way of expressing their objections to the large capital improvements undertaken in the last year or so. These two items were the reason behind the thumping decision given by the voters.

The responsibility of managing the borough is a heavy one, and one we would not relish. Mr. Tucker has, and of him we expect his best. The voters, 755 of them expect this and should not be let down. The job is time consuming, expensive and thankless. Mr. Tucker has expressed his willingness to do this, and we intend to help him whenever we can. Ours is an independent paper and we owe nothing either to him or the Independent Taxpayers any more than we owed to the Regular Republican Club. We will not hesitate criticizing him any more than we did Mr. Johnson. We wish him well.

Mr. Tucker and his two councilmen who take office with him on January 1, are indeed fortunate in that "they owe nothing to any particular group or special political party." The problems to confront them will be complex and will require all the ability at their command. We might suggest a common equation for any decision they will be called upon to make. It is good for Allendale? Not a few, regardless of the pressure, but for the majority. If they do this the people will be satisfied and so will we.

To Mr. Johnson and Mr. Harvey we have nothing but thanks for the work they have done for the good of the borough. We haven't agreed on some of the ideas that came from the council but they did what they thought was best and gave their time and energy to promote the Borough and the people in it. We know they will do everything to acquaint the incoming members with the problems now facing the borough. They are that type of men and we are proud to have been associated with them for the past years.

This piece is not meant to sound like a death knell for the present administration, so if it does, forgive us. We sincerely hope they will be in there next election and this time fighting rather than being so passive.

## BEAUTY—News & Views

By TONI WOODWARD—ANS Staff Writer

MODERN MAGIC HAS ADVANCED another step in making years slip from women's appearances by way of a new make-up color for the hair.

It's "Magic Make-up Color For the Hair," created by the famous Ogilvie Sisters and comes to the rescue of millions of the women who use Dye or Tints at home or in the Beauty Salon. The new hair make-up is equally as effective to cover up wisps of tell-tale gray hair, smooth out sun bleached locks and blend in fading hairs at the temples as it is to use while tint or color rinse is growing out.

The procedure is simple. A small natural-bristle brush is packed in the kit. Dip the brush in luke-warm water—rub brush over the surface of Magic Make-Up Color for the Hair—apply brush to hair, to cover, in light fine strokes. Run fine comb through hair for a smooth finish. Color will dry in a few seconds—and your job is done. You cannot make a mistake in your Hair Color Make-Up since Magic Make-Up Color for the Hair is not a dye and washes out in your next shampoo. Important, too is the fact that it will not rub off on your pillow or towel. There are nine shades, to match every shade of hair—jet black, blue black, darkest brown, chestnut brown, topaz brown, dark auburn, light auburn, golden blonde, light blonde, and you'll find them at your favorite cosmetic counter for about one fifty.

Men are as interested in this one as are the women for "brushing-off" the years with a few strokes on the gray hairs at the temples has a decided advantage in business as well as beauty.

It's fun, too, to experiment with the various shades even if your only concern is a desire to try a pompadour streak or to try a sample, to see how a different color becomes you.

ious Indian tribes, Beverly Anderson located Indian tribes on the North American continent. Many of the students recalled from novels various prominent Indians of early history. All in all we've enjoyed this refresher of Indian culture.

Patty Webb has been named decoration chairman for the seventh grade room.

United Nations Day was observed by a reading collectively of the United Nations Toast. We also were interested in stories of how this day is observed all over the world. Students contributed articles from the newspapers and these led to discussion of issues considered by this session of the United Nations.

Our study of Mexico has been enriched by contributions made by various students. Kathleen Crothers brought a pair of Mexican clad dolls. Joan Dietert brought a Mexican doll. Leann Ritter contributed a piece of Mexican pottery. Dist. Kauter displayed a Mexican coin. Ebbel Kovero brought South American coins.

## School Notes

### THIRD GRADE MRS. GOETSCHUIS

We were happy to welcome so many of our parents who came to school on "Back to School Night" recently.

Our class has been discussing the work of the United Nations. We learned that these governments are working together to do four great things. 1. To prevent war, 2. to promote equality of nations and of the peoples of the earth, 3. to help enforce world law and 4. to plan world progress. Tens of millions of children have been fed, clothed or given health care through the helping hand of the United Nations. The U.N. has provided an extra meal a day for 8,000,000 children and mothers, six billions cups of milk, millions of pounds of fish liver oils and vitamin capsules, clothing, shoes and blankets. We were interested in studying and drawing the flags of the sixty countries which are members of this organization.

In science we have been studying how plants store food. In class we planted two pots of tulips and one pot of daffodils. We are anxious to see how they will bloom next spring.

We were sorry to hear that Suzanne Norris and Sally Wolfson have the mumps. We hope that they will soon be well and back to school again.

PHYSICAL EDUCATION MR. MURGIA

Intra mural sports are a part of our Physical Education Program. At the present time our intramural sports are:

- SCOTCHLITE MAIL BOX SIGNS
- Lawn Markers
- DETENTION STUDIO
- ALLENDALE 1-4068

tra mural touch football is being played. We have a league organized between two teams in the sixth grade, two in the seventh grades and one in the eighth grade. The majority of boys in these grades are participating and enjoy the games very much.

The games are played during the free time at lunch period from 12:25 to 12:50. At present team three of the seventh grade is leading the league.

Our intra mural games in football started October 1st and will continue until November 7th. The following are the captains and their respective teams. Ray Murray, 8th grade, Team 1; George Kirschenbauer 7th Grade, Team 2; James Christopher, 7th Grade, Team 3; Michael Valk, 6th grade, Team 4; Arthur Lambert 6th Grade, Team 5.

### SEVENTH GRADE MRS. ALMROTH

In preparation for our study of the French and Indian War, we've been browsing through some material on Indians. Ann Welmer, Bonnie Christopher and Nadine Rumsey have enlightened our ideas of Indian dress by bringing dolls dressed in native costumes. Many of the students brought reference books with pictures of Indian life. Carleton Conklin brought his collection of arrowheads, collected from the Allendale Area. Also Carleton brought some excellent pictures of var-

TIPS FOR TABLES

From the Lenox China Company comes authoritative word on correct dinner table settings, as illustrated in the accompanying photo and sketches.

FIRST COURSE (photo): Service plate, flanked by no more silver than will be used during the dinner; butter plate and spreader; water goblet and wine glass; napkin either on service plate or to its left.

SOUP COURSE (No. 2, sketch): served from a soup plate on the service plate. Teaspoon has been removed with first course.

Choose a not-too-high centerpiece that is attractive from all sides and china, silver and crystal patterns which complement one another.

MAIN COURSE (No. 3): served on the dinner plate. Soup plate, soup spoon and service plate have been removed.

SALAD COURSE (No. 4): salad plate, fork at left; butter plate and two glasses still present.

DESSERT COURSE (No. 5): wine glass, butter plate and spreader removed. Dessert plate and spoon added.

We learned last night that some of the boys in town made themselves some nice bets on the presidential election.

HIGH SCHOOL TO HOLD PARENT NITE

Ramsey High School will hold "Back to School" Night on Wednesday evening, November 12, when parents and other interested friends will meet in the high school auditorium at eight o'clock.

A short assembly program will precede the class meetings and Daniel Clapp, president of the student governing body will preside.

At 8:30 parents will go to the homerooms after which they will attend classes as scheduled for them by their son or daughter.

At the end of the evening everyone is invited to visit the cafeteria where refreshments will be served at the usual prices.

We learned last night that some of the boys in town made themselves some nice bets on the presidential election.

ARCHER HALL SCENE OF ART EXHIBIT

A good crowd turned out last night to see the paintings of Abbe Rose Cox (Mrs. H. F. Craven) shown at Archer Hall. On display were about 50 of her choice paintings.

William D. Wigham goes back to Congress with the strong support of Allendale voters who gave him 1041 votes over his opponent Vito A. Concilio who received 210.

Republican freeholders for Bergen County will go into office with a wide margin of votes from this Borough. Frank A. Leers, received 501 votes over his opponent Joseph F. Regan who tallied 240. John K. Pollitt received 958 votes over his rival Milton Schleider who received 233. Walter M. Neill polled 909 against 232 for his opponent Stuart S. Brown.

John F. Evans, Jr. ran uncontested for coroner and polled 1021 votes in Allendale. There were a number of scattered votes in the Nominee by Petition column. Hallinan and Bass, who ran on the Progressive ticket received 2 votes. Katherine A. Van Orden, Progressive Party candidate for the U. S. Senate received 3 votes.

The Prohibition Party candidates for President, vice Pres-

ident and Senator each received one vote.

The independent candidate for member of the Board of Freeholders, Louis Dei Vecchio received 18 votes.

The voters took seriously the appeal to "vote early and avoid the rush." The result was, according to George Weller, Chairman of the election board that the "rush" was all in the morning. He said that from the time the polls opened at 7 a.m. until 3 p.m. in the afternoon there was a steady line-up of voters. The most slack time was between 7 and 8 p.m. which in former years has been the time of heaviest voting. The election board expressed appreciation to the voters for their early turnout because it facilitated easy tallying of the votes at 8 p.m. when the polls closed.

More than 50 partisans gathered at Thurston's showroom

to hear Mr. Weller call out the results from the two voting machines. Mayor Les Johnson and Mayor elect John Tucker were on hand to hear the results. After the results were announced the crowd quickly dispersed to listen in on the returns which were being announced from all over the nation by radio and television.

Members of the election board representing the Democratic Party were Mr. Weller, Harry Defesse, and Mrs. William Kenny. Republican inspector was Robert Davis. John Strangfeld and Louise J. Lenox served as Republican clerks.

**LOCAL GUN CLUB ACQUIRES LAND**

The boys of the Allendale Rod and Gun Club can thank their president John B. Schockert for the newest piece of hunting ground at the club's property at Milton and Oak Ridge amounting to 215 acres to be acquired between now and the first of the year.

Old John now has tied up four and one half square miles in one piece for a total of seven square miles in all. The cost of all this land is considerable but is cheap when one considers the vast area involved.

The club is waiting for some rain to release the fall crop of pheasants the club has secured. Vic Palace Sr., heads this committee assisted by Ed Baldi, Pete Grimley and Prexy Schockert. With the rabbits already stocked and now the birds the boys had best unlimber their guns for some real fun real soon.

**MEMORIES OF THE PAST**

(Continued From Page One) and other officials of a Pittsburgh railroad have been suspended during an examination of their accounts. A large amount of cheating has been going on.

On immigration — "Senator Blodgett is preparing and will offer a bill in Congress to exclude from this country all immigrants who are not provided with certificates from consuls as to their being desirable citizens and that consuls are not to issue certificates to criminals, paupers, idiots, nihilists, anarchists, polygamists or others who may disturb society."

On international trade — "From all sections of the country reports are coming in regarding President Cleveland's message. The general sentiment is that raw materials should be admitted free of duty . . ."

As always, prices of food in these olden days are a revelation. A & P coffee then sold for 25 cents a pound, a barrel of flour for \$4.50, sugar cured ham for 14 cent a pound, California ham for 11 cents a pound, "fine wine and whiskies," 50 cents a quart, and one enterprising grocer advertised that he would give away five and a half pounds of sugar with a 50 cent pound of tea.

The Allendale correspondent for The Democrat wrote that: "Dr Harry Archer will spend a portion of the holidays at Tuxedo Park . . . Mrs. Henry Mallinson, Mrs. Smith and Miss Carrie Smith are spending a few days in New York. On account of the heavy snow-

Dear Sir:

May those of us who have been at bat for you in our struggle to tone down the proposed zoning ordinance in accord with the necessities of conditions in our community, take this opportunity of thanking you one and all for your loyal support accorded us on November 4th.

As all of you realize, this has been a long and sometimes bitter struggle, like battling our heads against a stone wall, but again as in the past the people when granted the opportunity of franchise have registered their protest and the mandate is clear.

The Citizens Committee intend to follow this thru to its ultimate conclusion, keeping watch that small as well as large property owners are not injured. Your decision was very conclusive and we believe a revision of both the Master Plan and the attending Ordinance will be forthcoming.

May we at this time congratulate the incoming Officials of our little village, wish them success and public offer our support to any program deemed advantageous for Allendale.

The road is long, compensation small, Allendale needs your guidance, we trust the remaining Council members will welcome their new colleagues and together work harmoniously for the betterment of our community.

Citizens Committee

Dear Sir:

Congratulations to the Allendale Press on your election extra. It was delivered to my home within 3 hours after the polls had closed.

George Price

**GIRL SCOUT LEADERS MEET**

The Allendale Girl Scout District Committee met Wednesday night at the home of Mrs. Walter, Cottage Place. The members present were: Mrs. W. Gordon, Mrs. J. Foster, Mrs. S. Geismer, Mrs. J. Witmer, Mrs. Prince, Mrs. W. Goetschius, Mrs. Alice Asp, Mrs. R. Rossner, Miss Dora Goodbody, Executive Director of the Paterson Area Girl Scouts was also present.

Mrs. G. Wolfson presided and along with the regular business appointed a nominating committee of Mrs. Geismar, Mrs. Staines, from the committee and Mrs. R. Thomas, a girl scout leader. They will report at the next meeting their selection of officers to head the local committee in February.

storm last Saturday night, our horse car line had to stop running for awhile."

But the Allendale news in the "Republican" dated Jan. 12, 1888, contained what perhaps will be the hardest for the new generation to understand, but most interesting to speculate on. It read, in full:

"Two young men who went New Year's calling had to get out and prop up their horse while going down hill."

**Pen Points**

By  
REE QUACKENBUSH

Hi Neighbors,

Campaign buttons will be kicked around until they're lost. Politicians will dwell upon the factors of the deciding vote. Bitterness will die, its only life to be with those of little understanding. Words and actions, for votes, are now a thing of the past.

Now the boys in Washington can relax and go back to their old way of life.

Eisenhower and Stevenson, regardless of their feelings, can get their shoes off and receive the greatest comfort they have had in a long time. Mamie can add a new charm to her bracelet, "I Still Like Ike."

We, on television, saw the electronic brain, commonly called the Univac. I'm sure not

too many of us were impressed with its predictions of votes, but it did strike me as a handy thing to have around the house.

Imagine Univac paying your income tax, planning meals or, best of all, predicting coffee ready at 7 a.m.

You men can make all the electric brains you want, but you'll never find a brain that thinks faster than a woman.

Our democracy has a new leader in our town, a smaller democracy, we have a new Mayor. To Mr. Tucker, I say good luck and may you receive the good will and cooperation of all.

In the choice of our new leaders let us not forget Les Johnson, who labored long above duty. For in a small town one does give much of his private life to civic welfare. This is the price of honor. Even though we be not agreed with past leaders' thinking, let us extend a vote of thanks to him for thinking of our town, by his service.

... 'till Friday
