Delegates to Bergen County Council of Churches: Nancy Turner (4), Janet Mohan (4).

A Word From The Minister:

Every effort has been made to present this new telephone directory as complete and accurate as it is humanly possible. We have endeavored to list all the members of the family and indicate those who are not members by the use of an asterisk after they reach the age of 12. Many whole families who are not members are included as interested friends of the congregation. We are pleased to add names of newcomers to the community if they express interest in our church.

You will find this book a valuable asset for all church work and for your personal use as it contains a list of many of the calls you will most frequently make. We hope that you will check your own number and report any possible inaccuracies to the church office so that a correction may be announced in TIDINGS at an early date. As new names are added to our mailing list, we will publish them from time to time and in this way you may keep your book up to date. It will be well to do this as it is not anticipated that another edition will be published until the fall of '66.

Appreciation is expressed to our secretary, Mrs. Kay Owen and to Mrs. Eleanor Norris who assisted in the preparation. We are grateful to our regular staff of volunteers who have assisted in the collation and mailing of this booklet.

Please note that the Officiary contains the names of all church officers and will provide a ready reference for matters of church business.

Sincerely,

Franklin W. Thurston
Minister
