You keep up with the Joneses and stay ahead of the Dow... yet you settle for whatever you're given.

Chances are, you're paying more than you should for air tickets. Because airfares change nightly, the lowest price today may not be the lowest price tomorrow. The difference can often be hundreds of dollars!

Even the best-intentioned travel agencies can't keep up with the changing fares, which means you usually pay more than you should.

VTS Travel, on the other hand, has the resources to find the lowest fares. And we guarantee it. Our exclusive VTS VANTAGE computerized system checks and rechecks your reservations, 24 hours a day, seven days a week, right up to the day of departure. When a better fare appears, we book it automatically.

VTS Travel guarantees every business trip will be problem free, or we'll refund that portion of your trip. That's how we've become the tenth largest travel management company in the U.S.

If you'd like to find out whether your company is paying more for travel than it should, call VTS Travel today.
