Ambulance Corps Is Prepared For Summer

Captain Archie Farrell, of the Allendale Ambulance Corps, reports a gift of towels, pillow cases and sheets from Mrs. W. H. Yeomans, of Upper Saddle River.

The Corps, Captain Farrell reports, is undergoing a strenuous first aid class in artificial respiration under the supervision of Lt. Edwin Grossman and Kenneth Booth on Monday nights.

Four men have been assigned to duties nights and Sundays during July and August when the traffic is heaviest.

Captain Farrell advises that the "key man" on all calls is Mrs. Mabel Ceely, of Hillside Avenue. Mrs. Ceely, of the police department, receives all emergency calls.

The Allendale Ambulance was out on inspection, and ready for service, at the Recreation Park on Monday, July 5.
