Plans Complete For Carnival

E 114

AC-24

Arrangements are being completed for the carnival to be held for the benefit of the ambulance maintenance fund, on July 20 through July 26. The committee has seen to it that there will be plenty of amusement for young and old. A Ferris wheel is to be erected and there will be other rides that the youngsters, and most oldsters too, will enjoy. Recreation Park is being prepared for the big event and interest is being shown by all the citizens.

The committee in charge consists of the following: Kenneth Booth, chairman; Nelson White, co-chairman; George Christopher, Walter Rumsey, Charles Bijou, Paul O'Connor and Thomas Brady.
