

"Park Avenue looking from Station Plaza toward Orchard Street and Brookside Avenue." ----Violet W. Straussman.

This view probably dates from about 1910 and shows several of the old homes lining the northern end of Park Avenue. Many of the homes date from about 1871 when Herman Tallman and Harvey Sherwood purchased a large parcel of land in the area of Park Avenue. Timber on the land was cut down and sold to the Railroad for fuel, and a large part of the acreage was divided into building plots.
