Merchants Plan Sales Days For Allendale

A Baby Sitting service was one of the many ideas tossed on the table of the Allendale Bar and Grill yesterday at noon by some of the Allendale retail merchants who combined a luncheon with a common problem of increasing the shopping advantages to their customers.

Parking and lunch hour closings were other topics taken up at a lively and interesting meeting. So many ideas popped up that this reporter at times was listening to two or three. Dollar Days, Week-end sales, prizes, gifts and a host of others were tossed around for the hour discussion which could all add up to a more lively interest on the part of the local merchants to cater to the shopper.

The most novel idea was by far the baby service for the mothers of the community. A feeling that the mother can't do her shopping when she has young children but would do it if she had some place she knew would be clean and safe. A slight fee would be charged to be offset by the purchases she made in local stores. Then the merchant would bear the cost. No details of the plan were worked out until some expression of the idea came from the shopping mother.

Suggestions on how to improve the shopping facilities in the borough would be most welcomed by the merchants and will be discussed at future meetings of the group. Right now the merchants are interested in making the customer happy by improving service. Each store will have a box for any written suggestions.

The group will meet in two weeks on Wednesday at the Grill to see what reaction the merchants have had and to discuss future plans. All retail merchants are cordially invited to attend the luncheon and possibly advance an idea or two.

SALES OF DEFENSE STAMPS INCREASE AT LOCAL SCHOOL

The public school defense savings program went beyond expectations Wednesday, when more than \$100 worth of stamps were purchased by the school children.

Mrs. Stanley Smith and Mrs. George Horton of the PTA, who sold the stamps to the students said that a good many Christmas dollars were turned into defense stamps. The unprecedented buying caught the women of the PTA short-handed at the end of the lunch hour and a number of students left their books and money to be returned to them next week.

Mrs. Smith expressed her enthusiasm for the program and asked again for volunteer assistants. She pointed out that the PTA would like to have the names of a few women who could serve from time to time or in emergencies. Anyone wishing to help in this program is advised to call Mrs. Smith at her home on Vreeland Place.

TAX BOOKS OPEN SATURDAY

Tomorrow morning from 10 to 11:45 the Board of Assessors of Allendale will be at the firehouse to answer any tax question raised by citizens regarding the assessments on their property.

Explanation of the assessments will be made to property owners who come before the Board.

HOWARD CRAVEN WEDS RAMSEY GIRL

At a candlelight wedding service held at Archer Memorial Church last Saturday, Miss Jean Dorothy Bachman, daughter of Mr. and Mrs. Bert Bachman of 38 Eton Court, Ramsey, became the bride of Howard Craven, son of Captain and Mrs. H. F. Craven, 271 Brookside Avenue.

The Rev. Harry Goodrich officiated.

Christmas decorations of candles and boughs of evergreens were used to decorate the church. The traditional wedding music was played on the organ. Following the ceremony, the bride's parents held open house at their home.

For her marriage the bride wore a gown of satin, covered with layers of nylon tulle net and embroidered nylon tulle. Her matching jacket was of embroidered tulle made with long sleeves and mandarin collar. She carried a small prayerbook with white orchids.

Miss Barbara Jane Kenny of 185 Franklin Turnpike, Mahwah, was maid of honor.

Robert Wilson of Boro Line Road, Allendale, was best man to the bridegroom. Ushers were Bert Bachman Jr. of 38 Eton Court, Ramsey, brother of the bride and James Bodine of 271 Brookside Avenue, cousin of the bridegroom.

Following a wedding trip to the Pocono Mountains, Mr. and Mrs. Craven will reside at 38 Eton Court, Ramsey.

The bride attended Ramsey High School and Katherine Gibbs School, New York City. She is employed by Leslie D. Forman Co. of Ridgewood.

Mr. Craven is a private in the Signal Corps, stationed at Fort Monmouth.

REFUSE DUMPERS TO FACE JUDGE

Magistrate's Court will be held next Tuesday evening at 8:30 in the firehouse, it was announced by Court Clerk Frank Parenti. Summonses to persons who have illegally dumped garbage into down town refuse cans are among the charges on the docket.

DAVE COOPER HEADS GOP AS GROUP ORGANIZES

David Cooper was elected president of the Allendale Republican Club at the first organizational meeting of the new year held at the firehouse Tuesday evening.

Vail Frost was elected vice-president, Mrs. Frank McCord, recording secretary; Mrs. L. F. Fallon, correspondence secretary and William Hanson, treasurer.

The meeting was well attended and spokesmen for the group said that they were greatly encouraged to have new members come out to the meeting and display an interest in politics at a relatively inactive time in the political year.

The hospitality committee provided refreshments at the conclusion of the business session.

It was announced that meetings will be held on the first Tuesday of every month at 8:30 in the firehouse. A cordial invitation was extended all citizens interested in the activities of the Republican party in Allendale.

MOTHERS TO MARCH AGAINST POLIO HERE

A porch light signal will be given by all citizens who wish to participate in the 1953 March of Dimes campaign, it was announced this week by Frank A. Farrell, chairman of the drive.

This technique, which has been worked successfully in other towns in the past, not only informs the Mothers who will canvass where a campaign contribution may be expected, but the porch light idea alerts other homes to the need to contribute.

Mr. Farrell announces that Mrs. James Strangfeld will be treasurer of the '53 drive and that the committee for the "Mothers March on Polio" will consist of Mrs. John Wattles, Mrs. Anita Seitz, Mrs. Betty Dietert, Mrs. Mildred DeJong, Mrs. Patricia Fallon, Mrs. Carol Scherb and Mrs. Margaret Dean.

The night when the town will be canvassed will be announced at a later date by Mr. Farrell.

Private Rodolph Gessner, 21, son of Mr. Felix M. Gessner, RFD No. 1 Allendale recently graduated from the Wheel Vehicle Repair Course at the Ordinance Automotive School, Atlanta General Depot, Atlanta, Georgia.

Private Gessner was inducted into the Army, 8 April 1952 at Camp Kilmer, New Jersey.

LICENSES DUE

Alyyn Grossman, District Clerk, issued a reminder to all those who are required to take out yearly licenses for food handling, garbage collection, cesspool cleaning and other licensed activities, that 1953 licenses are now available and may be obtained from Mr. Grossmann.

Local Bike Club Cop Prizes On TV Program

The Bicycle Club of Allendale achieved wider fame yesterday when it was represented on the television show "One in a Family" on Channel 2 at 11:30 a.m. by Michael Kunisch, president.

GET CAR OFF STREETS AT NIGHT

The Road Department of Allendale urges car owners to be sure their cars are parked off the streets at night to allow the snow plow to get through. With the first sustained snowfall of the year having fallen this week, the Department is anxious to keep the roads plowed, sanded and salted and this can only be done with the cooperation of all motorists.

FARRELL SEEKS HELP TO MOVE C.D. PROGRAM

Frank A. Farrell, newly appointed Civilian Defense leader announces that a reorganization meeting of the Civilian Defense will be held next Thursday evening at 8:30 in the firehouse for the purpose of activating the defense force and exploring possibilities of enlisting new members into service.

Mr. Farrell pointed out that the need in Allendale is for new recruits who can give time during the day to the job of defense. "We have plenty of people to serve in the evening, but not enough for daytime service," he said.

It is hoped that the corps can be built up into a really adequate service in the town which will be able to meet any emergency that might arise, Mr. Farrell said.

VOLLAROS' HOST TO CARD PARTY

Mrs. C. R. Vollaro entertained guests at a card party and tea Monday afternoon at her home on Powell Road.

Those who attended include: Mrs. William Morbes, Mrs. J. Bowman, Mrs. Cichel Pasquier, Mrs. H. Rademaker, Mrs. S. Wenc, Mrs. M. Husing, Mrs. A. Lund, Mrs. J. Cushwa, Mrs. H. K. Schoenheiter, Mrs. L. Mrs. C. Anderson, Mrs. W. Berntsen, Mrs. B. Spilling, Mayfarth, Mrs. A. Fallon and Mrs. L. Polt.

Prize winners were Mrs. Lund, Mrs. Schoenheiter, Mrs. Polt and Mrs. Husing.

WOMANS CLUB TO MEET FRIDAY

The regular meeting of the Woman's Club of Allendale will be held in the War Memorial Building next Friday at 2 p.m.

John Doty of Franklin Lakes will be guest speaker. His subject will be "Foundation Planting". Members of the garden department will be hostesses at the meeting.

The club, made up of boys in the 6th grade at Allendale Public School has been active in charity work since its inception last September. The group recently gave a show to raise money for Christmas presents for Tom Koroveis, president of man taken ill in November.

It was in this regard that Michael Kunisch, president of the Bicycle Club, was invited to appear on the television show. He attended with his Mother, Mrs. Walter Kunisch, his brothers Bob and Arthur and another member of the club, Robert Papon.

For an eleven year old boy, Michael showed remarkable poise under the glaring lights and the dominant personality of John Reed King, master of ceremonies. The program format included an explanation of why Michael was "one in a family" and his story of working with other members of the club for other people is what he told the TV audience. When asked by Mr. King why he liked doing things for other people, Michael answered, "Because it makes you feel good inside."

The studio audience then applauded and this response was recorded on a thermometer. His reading came to \$30. Then Mr. King asked Michael questions on "plurals" and for every question he answered right, he received a gift for a member of his family.

Michael won for his Mother a Tappan gas range. (Her delight in the gift was quite evident to TV viewers.) For brother Bob, Michael won a hunting bow and spinning reel and for brother Arthur, a scooter.

Michael tripped up on the plural for "beef." He said "cattle and he should have said "beeves." But Mr. King gave him a wrist watch anyway because he was "one in a family", and had done well on previous questions.

The money totaled by Michael's correct answers to the questions came to \$90.

Many people in Allendale were able to watch the show. Members of the Bicycle Club who had planned to go to the studio with Michael were unable to make the trip because of the snow. But they watched it on Principal Paul O'Connor's television set.

Mrs. Maude Connelly, Michael's grandmother and proprietor of the Allendale Bar and Grill reported that the set was in the Grill during the performance and many people dropped in to watch. After the show she received many congratulatory telephone calls for Michael's performance, which brought credit not only to him and his family, but to all the boys in the 6th grade Bicycle Club.

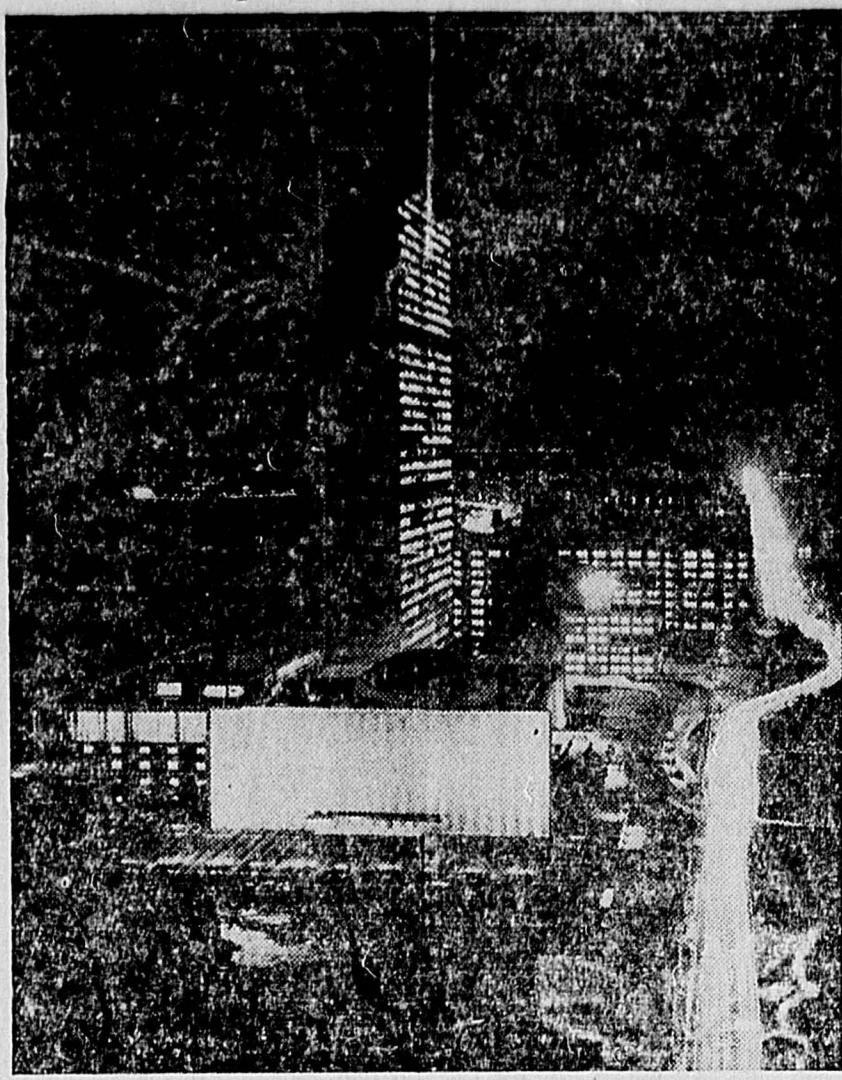

SCHOOL BOARD PETITIONS LAG

Nominating petitions for election to the School Board must be turned in before midnight January 21, according to Alwynn Grossmann, District Clerk.

Three vacancies must be filled at the next election. Two full terms expire and 1 year remains in the unexpired term of Clemens Strangfeld.

At last report three petitions had been taken out; by James Standring, Laura Geismar and George Wolfson, all members of the present board.

U.N. Headquarters Dominates Night Scene

Permanent Headquarters of the United Nations in New York looks like this after dark. Lights from traffic on First Avenue form the band on the right, while the East River is dark on the left. The skyscraper is the Secretariat building and the recently completed General Assembly building is in the center foreground.

JR. WOMEN GUEST AT DeJONGH HOME

Mrs. Edward DeJongh of Franklin Turnpike entertained members of the Junior Woman's Club at her home yesterday afternoon. The speaker for the meeting was Mrs. George MacDonald of the Cerebral Palsy Foundation. She told of the work being done in Bergen County to combat the disease and rehabilitate victims of cerebral palsy.

Mrs. Brunson Williams, President, presided over a short business session which concluded the meeting.

Mrs. John Strangfeld was hostess for the afternoon.

Mrs. H. A. Rademaker entertained at tea and cards Tuesday afternoon. Guests included: Mrs. C. R. Vollar, Mrs. J. Morris, Mrs. W. Preyer, Mrs. L. Polt, Mrs. M. Husky, Mrs. F. A. Van Sickle, Mrs. C. Anderson, Mrs. W. F. Jones, Mrs. W. Mayfarth, Mrs. R. Kere, Mrs. B. Spilling, Mrs. R. Rich, Mrs. R. Kindred and Mrs. A. Fallon.

4:45 p.m. on Monday and Friday and from 7:30 p.m. to 9 p.m. Monday.

The Board of Trustees will meet regularly the first Monday evening of each month.

LEGION TO HOLD SQUARE DANCE

A square dance will be held by the American Legion post at the War Memorial Building January 31st, to raise money to pay off the last of the debt owed on the building.

Al Scaferro is chairman of the event and Stiles Thomas co-chairman.

The Legion is launching a full scale drive to reduce the debt on the War Memorial Building in order that all organizations in town may use the building at reduced cost.

A spokesman for the Legion said that the debt is only \$1-200, but that this amount has remained much the same for too long a time. "If we could get it paid off," he said, "then everybody would profit by being able to use the building for a fraction of what it now costs to rent the hall for an evening."

In order to raise the necessary money, the Legion is sending two tickets to all boxholders in the Borough. A letter of explanation will urge citizens to buy the tickets as a contribution toward lowering the debt.

Mr. and Mrs. Fred Thurston and daughter Carol recently returned from a holiday trip to Ft. Myers, Fla., where they visited Mr. Thurston's father Henry Thurston.

PRESCRIPTION PRICES

How are prescription prices determined? We have a policy in this matter, the only one we can follow. We do not offer bargains in prescriptions — there is no cut-rate way to health. Nor do we pretend to under-sell. Prescription prices simply are determined by the cost of the ingredients and operating expense. The prices we charge are as low as satisfactory service and effective drugs will allow.

MARTIN HUSING HEADS LIBRARY

Martin Husing was elected president of the Lee Memorial Library Board at an organizational meeting of the newly appointed members held Tuesday evening.

George Smith was named secretary and Mrs. George DeBlock, treasurer.

The Board passed a resolution naming Mrs. William Lee honorary advisor to the Board of Trustees for life. The library has recently been renamed in honor of her late husband who devoted many years of service to the establishment of the library and donated the north

wing of the present building.

A committee was appointed to select a permanent librarian. Until a decision is reached on this matter the library will remain staffed by volunteers and will remain open under the present library hours.

During this transition period while the library is changing from a privately operated to Borough operated library, there will be the same schedule for library hours. Once a permanent librarian is appointed, new hours will be established and the schedule will be announced.

Until that time the library will be open from 2:45 p.m. to

Panel Discuss Education Problems At Conference

The ever-increasing problems of education on the elementary school level were discussed with candor and enthusiasm by the members of the four-school symposium held at Allendale Public School recently.

The conference was a part of a state wide program sponsored by the Kellogg Foundation designed to bring together teams from schools of similar size to discuss common problems. The school systems represented at the all day session were East Hanover Township,

Bloomington, Mendham and Allendale. Each team was composed of the school principal, one member from the teaching staff. The Allendale team was composed of Superintendent Paul D. O'Connor, Mrs. F. R. Kanning of the Board of Education, Mrs. P. B. Hamilton, and Peter Odo, sixth grade teacher.

Members of the Allendale team approached the meeting in high anticipation and were delighted with the results of the discussion. Mrs. Kanning said that this was the first time there had been an opportunity for Allendale school people to discuss problems with schools in other areas.

Although only two of the four scheduled meetings have been held, Mrs. Kanning said that already many useful suggestions had been gathered. She said that the opportunity to talk over common problems was an invaluable experience.

U.N. Relief Hospital in Taegu, Korea

From the beginning of the conflict in Korea the United Nations has been doing the utmost to maintain the health of the civilian population. In Taegu, for instance, despite lack of facilities a school house was transformed into a relief hospital which can take care of as many as 600 in-patients. Here, in the hospital's laboratory established by the United Nations Civil Assistance Command, Erik V. Spangfort of Denmark, instructs a Korean assistant on laboratory technique while a Korean woman doctor makes a test.

The agenda, drawn up by Allendale as the host school, included subjects ranging from when a child should enter the school system to what to do with a school full of children

during the noon hour on a rainy day.

In a lively give and take, the panel dealt also with what they termed the disturbing trend of shifting parents responsibility to the school. This problem is a part of every aspect of school administration but was clearly demonstrated by the absentee figures caused by non-emergency absence from school for such things as dental appointments, a day of shopping in town, or to go the circus. It was recommended that an effort be made to make parent aware that their tax dollars were being poorly spent if they allowed their children to stay away from school for minor matters.

The panel also agreed on a recommendation that a uniform age be set for entrance into kindergarten by the student. There is no law in New Jersey specifying the exact age a child must have reached before entering kindergarten. Please Turn To Page 6

Our New Mayor

The reorganization meeting of the borough council, held on New Year's day was a surprise to folks who went there expecting to see the furry Mr. Tucker, in his appointments of important committees, spread the work and responsibility very nicely and the appointments were all approved by the council.

On the matter of a Borough Engineer there is possibly the greatest gap between the Republican and Independents. Just how big the don't know. The next council meeting possibly will change the harmony that exists now.

Mr. Tucker handled the job of Mayor at the first meeting with an extraordinary degree of knowledge. While he has had a term as Councilman, we felt he was well aware of his responsibility and his tact on the question of possible adjustments of salaries was all one would expect from a seasoned campaigner.

The appointment of Dave Colburn Jr. as building inspector was a good one. Mr. Baarek did not want to continue in the post and we were happy to see young Dave come into his own.

Archie Farrell, with his enthusiasm and many friends in the borough will bring new vitality to the civilian defense program in town. His job is a big one and while we hope we never need his preparedness, if we do, we will want it very badly.

Last, but not least by far, was the change in the borough attorney. Evidently the new mayor felt a change was necessary and while the Republicans could have forced the issue in 30 days, the spirit of cooperation between the two parties healed over the difference.

We look forward to the next Council meeting with interest, not for a "donne brooke" but to see just what will happen. It should be interesting.

Sudsing Secures Firm Foundations

WITH THE SMOOTH, SLIM LINE being favored by Fashion, foundations have an especially important job of control to do this season. Whatever your figure type, a properly fitted foundation improves your appearance and safeguards your health.

It's a good rule to wash girdles and brassieres after every other wearing. Even though a garment may not look soiled, frequent washing protects the fabric and elastic from perspiration damage.

First close fasteners and soak briefly in warm soapsuds. Then squeeze or swish through the suds, scrubbing soiled spots with a well-lathered soft brush. Rinse in warm water, squeeze and knead in a towel to remove excess water.

To reshape, gently pull girdles and corselets crosswise, then lengthwise; stretch all stitching and the tape over the boning. Straighten garters and smooth shoulder straps by drawing them taut between your thumb and first finger.

It's important to launder girdles and bras often. Use a well-soaped soft brush to scrub soiled spots.

LEERS CITES CITY IMPROVEMENTS

The year 1952 will long be remembered as one of the most outstanding years in the history of Bergen County government, said Freeholder Frank A. Leers in his annual message.

1. Opening of the new 363-bed hospital at Bergen Pines for the care of the medically indigent and the short-term mentally ill.

2. Opening of the new County Vocational and Technical High school building to provide vocational instruction at the high school level to a potential 700 students.

3. Bergen County Sewer Authority, an agency of the Board of Freeholders, began its first full year of operation in servicing 10 municipalities in the Overpeck Creek area.

4. The Bergen County Park Commission, another agency of the Freeholders, brought its total land acquisition program up to 2,600 acres and began actual development of some of these park sites.

Director Leers also pointed out that the Freeholders last year created the Northwest Bergen County Sewer Authority which, with the aid of funds to be loaned by the County, will engage in formulating a

ICY ROADS RESULT IN HEAD ON CRASH

A head-on collision caused by slippery road conditions occurred at the intersection of Powell Road and E. Allendale Avenue, yesterday morning at 7:30.

Charles Sontag Sr., of Valley Road, Oakland, collided head-on into a car driven by Roy N. Bachman of Saddle River Road, when he applied his brakes in order to avoid a delivery truck backing out of a driveway near the intersection.

Police report that Mr. Sontag's car suffered \$500 damages and was towed to Meguin's garage. Mr. Bachman's car, although damaged, was able to proceed. No charges were preferred.

He also reviewed how the Freeholders took steps in 1952 to find a solution to the problem of refuse disposal by appropriating money for the purchase of equipment now being used in a joint experiment with Tenack and Leonia to determine if the sanitary land fill method will work in salt marshlands.

The appointment of a hydraulic engineer, on a full time basis, to study flood control and to recommend a program for many municipalities, especially in the Saddle River basin, was another highlight of 1952, Mr. Leers stated.

VALLEY HOSPITAL MAKES APPEAL

The Valley Hospital, known personally to many in Allendale who have had the use of the hospital's services in the past two years, is launching a drive for funds in the 15-town area the hospital serves.

The hospital states in a letter sent out this week that although more than 6,000 individual contributions were received in 1952, the need for additional funds to operate a hospital is constant and ever increasing. The letter states that these individual contributions have made a vast difference in the quality of care given patients.

In asking for additional funds from private citizens, the hospital cites the fact that "some of the essentials contri-

PORTIERES GO MODERN AT HOME FASHION TIME

Have you been longing for drapery camouflage for problem bedroom windows? Have you been thinking about draperies that would partition off a dressing room or provide necessary concealment for next-to-wall storage space? Then this Home Fashion Time is the time to go modern in your own home decoration. Show your strategy as an up-to-date homemaker by making draperies for a ceiling traverse rod that add beauty and extra living space to your bedroom.

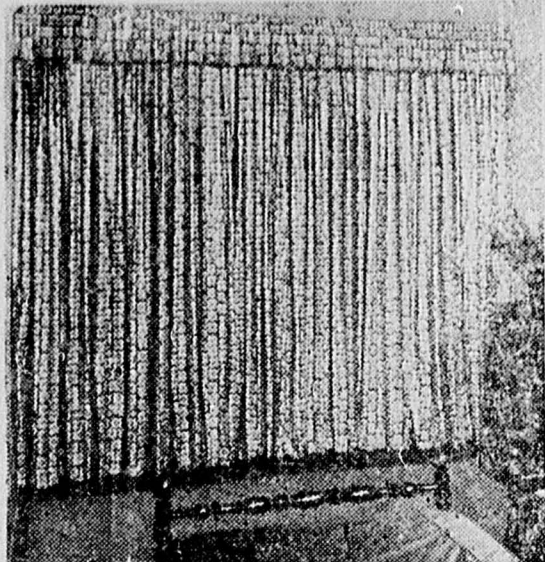

When you start to make your own draperies, it's well to visit beforehand your local Singer Sewing Center. There you can get advice that will smooth the way on this sewing path.

When planning new drapery decoration it is not necessary to restrict yourself to the usual drapery fabric width of 48"-50" but you may achieve rich effects with 36" fabrics such as the Pansy Print Chintz by Everglaze used here. Depending upon the wall-to-wall measurement of your individual room, you will need four to five lengths of 36" fabric to achieve proper fullness for draw-curtains. For example for a wide room you join 2 1/2 lengths to make one draw panel. Narrow rooms may take 1 1/2 to 2 lengths per panel.

Local Singer Sewing experts remind you when planning draperies for your room, to consider lining them. Linings of a solid color, such as these pansy printed cotton draperies are lined with Royal Purple Polished cotton of Everfast Fabric in 36" width. This harmonizes with the print fabric, and brings you a complete change of decor when reversed on rods.

When making a lined drape, the lining is hemmed last. Smooth drape out on a flat surface and trim the lining even with the bottom of the finished drapery. Turn bottom up 1" toward wrong side of lining fabric. Clip corners and crease raw edge under 3/8". Baste in place 1/4" from top edge of hem and stitch with Blind Stitch attachment for your sewing machine.

To the beginner home seamstress, selvage edges look so neatly finished that it is a real temptation to leave them and proceed with stitching. You'll be wise, however, to take this tip from your local sewing center experts, and clip off all selvage edges. Tight selvages draw in the seamline, especially after hanging. (ANS Features)

PANEL DISCUSSION

(Continued From Page Three)

fore he enters the school system. Each Board of Education sets its own starting date and age policy and this results in much confusion and some circumvention of the rules in order to get a child started in school earlier than the local ruling allows.

The group was unanimous in this and recommended that the law read that a child must be five years old by the 10th day in September in order to start school in that town. This would extend and make specific the present state law, which says that a child may be accepted into the school system during the first 10 days of September, but does not specify what his age must be.

One concrete possibility resulting from this meeting was that Allendale may have accident injury insurance available to the students in the future. Members of the Allendale team were informed that there are insurance companies who will insure students regardless of the percentage of the student body that buy the insurance. Our accident policy program was cancelled this year because an insufficient number of pupils wanted to buy policies and the company had refused to write policies for fewer than 60 per cent of the enrollment.

School savings programs were discussed. Allendale was particularly interested in how the other schools handled this matter because a defense bond savings program was started

in the public school recently. The group agreed that a savings program was worthwhile, regardless of the type. Two of the schools have a bank savings program and two sell defense stamps. It was also agreed that emphasis on the part of the school and parents should be on participation not the amount of money saved.

The ever present problem of the retarded pupil was discussed. Along with this subject, the equal problem of the gifted student was considered. All members agreed that this was such a highly individualized problem, involving the capacities of the teacher and the co-operation of the home, that it could not ever be really solved. But they did recommend that wherever possible small classes were a partial answer, greater equipment and research materials made available to the teacher and additional counsel given to both the teacher and the student. The possibilities of having the services of trained psychologist were explored.

The full agenda was not covered by 3 p.m. when the meeting adjourned. It was decided by the panel that subjects still to be talked over be held until the next meeting at Manahan in January.

8 TOWN LEAGUE GETS REPORT ON H.S. OVERCROWDING

A four page report recommending possible solutions to the overcrowding that still exists in Ramsey High School because of increased enrollment from all of the eight districts now having pupils there, was presented at a meeting of the Eight Town High School Survey Committee on Wednesday evening at the Ramsey High School.

Board of Education representatives from Allendale, Franklin Lakes, Mahwah, Saddle River, Ramsey, Upper Saddle River, Waldwick and Wyckoff who have pupils in Ramsey formed the Eight Town Committee a year ago to work on the problem. Midland Park, Ho-Ho-Kus and Oakland Boards were also invited to attend meetings.

A report submitted on Wednesday evening was prepared by a sub-committee of J. M. Standing of Allendale, Kenneth G. Van Wynen of Ramsey, Dr. William S. Twichell, Ramsey Superintendent of Schools and J. T. Heath, Jr. of Wyckoff. They have been working for the past several months on questions contained in the "Suggested Study for a Proposed Regional or Consolidated School District" presented to the committee by Dr. Kenneth Woodbury, Assistant State Commissioner of Education at one of their meetings.

MORE TIME TO ENTERTAIN WITH INSTANT COFFEE

COFFEE AND CONVERSATION seem to go hand in hand, and it's possible to enjoy both when you serve easy-to-prepare instant coffee. You and your guests can sip America's favorite beverage and talk to your heart's content without interruptions from the kitchen.

In just three easy steps you can serve delicious coffee that adds the crowning touch to conversation. First, have boiling water ready, then place 1/4 cup of Instant Maxwell House Coffee in your coffee pot for each quart of water. Add the boiling water, and presto, you're ready to serve as many cups as you and your guests would like. It's a good idea to make the pot full to the brim—when you serve Instant Maxwell House you can be sure your guests will come back for "seconds!" Instant coffee makes entertaining easy, plus the fact that it assures you of a beverage that is bound to satisfy the most critical of coffee connoisseurs.

And when the guests have gone, clean-up time is child's play. There's no fuss, no mess, no gray grounds to throw away—just put the jar back on the shelf and keep it handy for quick and easy entertaining. Its simple preparation will make you feel like a guest in your own home! (ANS Features)

Two features in January are outstanding. Troop Charter night January 19, when troop 59 will be granted or rather presented it's new license at a celebration in Archer Hall. There will be presentation of awards, skits, movies and refreshments. Then on January 24th and 25th the winter overnight at No Be Bo Sco. Final plans are complete for the troop. Only you know if your personal arrangements are complete. Don't forget you must get permission from your parents and you must plan your needs. We can't plan the weather but you can plan for any weather. Start making a list so that you can add to it as you think and read about winter camping in your handbook, chapter 11, page 136.

Dear Editor: On behalf of the North Bergen County Council, Inc. Boy Scouts of America, I should like to extend the appreciation of the Executive Board, Council members, Scout Units and of nearly 11,000 Cubs, Scouts and Explorers, and myself for the support you have given us through your newspaper.

By publishing the accounts of our Units' happenings and the activities of this council, you have contributed to a wider, public understanding of Scouting's aims and purposes; Character Building and Citizenship Training.

Please accept our very best wishes for an outstanding year; successful, prosperous and favorable New Year.

PAULA CLUNDP, Assistant Scout Executive Secretary, Public Relations Committee.

STUDENTS RETURN TO COLLEGE AFTER LONG HOLIDAY

College students from Allendale began returning to their respective colleges over the past weekend, after spending holidays at home.

Among those returning were Phila Staines, daughter of Mr. and Mrs. S. E. Staines, of Hillside Avenue, to Cornell University, Ithaca, N. Y. Ann Staines to the New York School of Interior Design, New York City.

Joan and Patricia Christopher, daughters of Mr. and Mrs. J. George Christopher of

The regular monthly meeting of the Allendale Girl Scout Committee was held Tuesday

Oak St., to Beaver College, Jenkinstown, Pa.

Also Jeanette Roberts, daughter of Mr. and Mrs. Harold Roberts, Oak St., to Lasell Junior, Auburndale, Mass.; Robert Wilson, son of Chief and Mrs. Robert Wilson, Boroline Rd., to Rutgers University New Brunswick; and Charles Wilson to Fairleigh Dickinson, Rutherford. Thorlief Bernsten, son of Mr. and Mrs. Thorlief Bernsten, of Park Avenue to Fairleigh Dickinson.

Other students to Fairleigh Dickinson, include: John Hover, son of Mr. and Mrs. Gilbert Hover, Park Ave.; Louis Estler son of Mr. and Mrs. L. C. Estler, of Park Ave.; Donald Brown, son of Mr. and Mrs. Harold Brown, of Woodland Ave.; Gary Crothers, son of Mr. and Mrs. G. Crothers of Brookside Ave., to Penn State. Virginia Geller daughter of Mr. and Mrs. G. M. Geller, of Schneider Rd., to Phoenix School of Design, New York.

Eleanor Critchley, daughter of Mr. and Mrs. Norman G. Critchley, of Park Ave., to the Katherine Gibbs Secretarial School, New York City; Martha Goetschius, daughter of Mr. and Mrs. Wilbur Goetschius of East Allendale Avenue, to Guilford College, Guilford, N. C.; Robert Secor, son of Mr. and Mrs. James Secor, of Brookside Ave., to Syracuse University.

evening at the home of Mrs. G Wolfson, Chairman of the Committee.

Miss Dora Goodbody, Executive Chairman of the Paterson Area Council and Mrs. M. Husing, leaders representative to the committee were both present, including 13 members of the regular committee. The committee accepted with regret the resignation of Mrs. W. Hughes, troop leader.

Mrs. Alice Asp has been appointed Cookie Sale Chairman. She will work the Troop Mothers in the regular January-February Girl Scout Cookie Sale. Cookies will be 35 cents a box for all three kinds.

Mrs. G. Lott, Music Chairman has been working with two members from each Troop, teaching them songs to take

back to their respective troops. She reported this venture very successful and has more elaborate plans afoot for the Allendale Brownies and Scouts.

The annual meeting of the Paterson Area Girl Scout Council will be held on January 21, Wednesday at the Paterson Woman's Club.

The January leaders meeting will be held Tuesday January 13 at the home of Mrs. R. Fowler.

The February meeting of the Girl Scout Committee will be a joint meeting with Troop Leaders at which time all leaders and Committee members

give their yearly reports on activities.
