Youths Caught In Mad 90 MPH Chase In Boro

The peace and quiet which surrounded the borough at 2 a.m. yesterday morning was abruptly broken when the Police received a radio call from the Ramsey Police department of an approaching motorist going south on Franklin Turnpike at 85 miles an hour.

Officer Frank Parenti, who was preparing to go off duty at 2 o'clock, received the call and went to the corner of W. Allendale Ave. and Franklin Turnpike. No sooner had he arrived than a green Mercury coupe approached the corner doing between 85 and 90 miles an hour. Officer Parenti began a chase which took him through the boroughs of Waldwick, Ho-Ho-Kus and into Saddle River where the car still going 85 miles an hour crashed through two county road barriers and into the woods.

The Driver, Richard Dykstra 19, of E. Saddle River Road, Please Turn To Page 8

FASHION SHOW FOR EVENING CLUB AT LEGION HALL SOON

A card party and Fashion Show to welcome spring is to be held on March 20 at the Legion Hall at 8:15 presented by the Woman's Evening Club. The hall will be gaily decorated with spring flowers of pussy willow and forsythia and clothes from the Country Shop will be modeled by members.

Complimenting the latest in spring and summer fashion will be jewelry and spring novelties from Oakleys' Gift Shop.

The general public as well as club members and their friends are cordially invited to attend. Tickets may be secured from club members and in particular Mrs. T. H. Zane and Mrs. J. B. Monaghan.

Theodore Blackmore

Theodore R. Blackmore, 36, former resident of Allendale, died Tuesday following an operation at Temple University Hospital in Philadelphia. His home was in Gainesville, Fla.

Services for Mr. Blackmore will be held today at 2 p.m. at the Van Emburgh Mortuary Chapel in Ridgewood, with the Rev. Alfred J. Miller, Rector of Christ Church officiating. Interment will follow in George Washington Memorial Park, Paramus.

Mr. Blackmore was born in Allendale, November 4, 1916, to Mr. and Mrs. Theodore H. Blackmore of 541 Hillside Avenue. He attended Allendale Grammar School, Ramsey High School and New York University.

Mr. Blackmore was associated with the University of Florida in Gainesville. He was a World War II veteran and served with the Seventh Regiment in 1941.

He is survived by his wife, Ruth Anderson Blackmore; his parents; one brother, John R. Blackmore and one sister, June E. Blackmore, all of Allendale.

OIL TANK LEAK MAY RESULT IN NEW ORDINANCE

Police Chief Robert Wilson recommended to the Mayor and Council at the brief meeting held Wednesday night in the War Memorial building that an ordinance be drawn up requiring all oil tanks, whether for business or residential buildings, be located outside the building underground. This suggested ordinance Please Turn To Page 8

Dunsby, R. Van Houten Seek Boro Council Seats

The Allendale Taxpayer's League filed the names of their two candidates for the Borough Council with the County Clerk's office this week. They were Richard Van Houten and Walter Dunsby. Along with these two names was filed the name of David Colburn for the office of Tax Collector.

As they are members of an independent party they will not be listed in the coming April Primaries. Mr. Colburn now has been endorsed by both the League and the Republican Club of Allendale.

The selection of these two candidates by the League insures the voters of Allendale a real campaign that will rival if not surpass last years that was the hottest held in many years.

Mr. Dunsby, a resident of the borough for the past ten years, resides on Franklin Turnpike and has been most active for the past few years. On numerous occasions he has expressed dissatisfaction by Please Turn To Page 8

Action Held Up On Local Budget Pending Approval Of State Officials

The Borough Council will have to meet again next Wednesday night to vote on the proposed budget for Allendale. The vote was expected this week in order to meet the March 12th deadline, but could not be taken due to fact that the budget had not been returned from Trenton. State approval is necessary before the Council can take any action.

The 1953 budget of \$192,966.

80 is expected to pass without difficulty and informed sources expect the vote to be unanimous. This prediction arises from the fact that at the final public hearing held on the budget last Thursday night in the War Memorial building, no serious objections were raised. In Trenton and the town could not legally approve it until state approval has been confirmed. However, the vote

Wednesday night constituted a vote of confidence for the Mayor and his politically divided Council, by going through without much opposition from the public.

However, at the hearing held last Thursday night some voices were raised in objection to the amount of surplus set aside in this year's budget. The surplus of \$20,000 was questioned by Richard Van Houten who asked why that figure couldn't be reduced to \$12,000 or \$15,000 which he considered adequate for a town of this size.

Mayor John Tucker said that any surplus is the taxpayers money but just how much is always a debatable question. He pointed out that this figure conforms with the amount of surplus the borough has carried

on its books for a number of years. He said also that he hoped the borough would come up at the end of the year with an even greater surplus than anticipated. Any extra money, he pledged, would be promptly "plowed back into the borough treasury" to relieve costs next year.

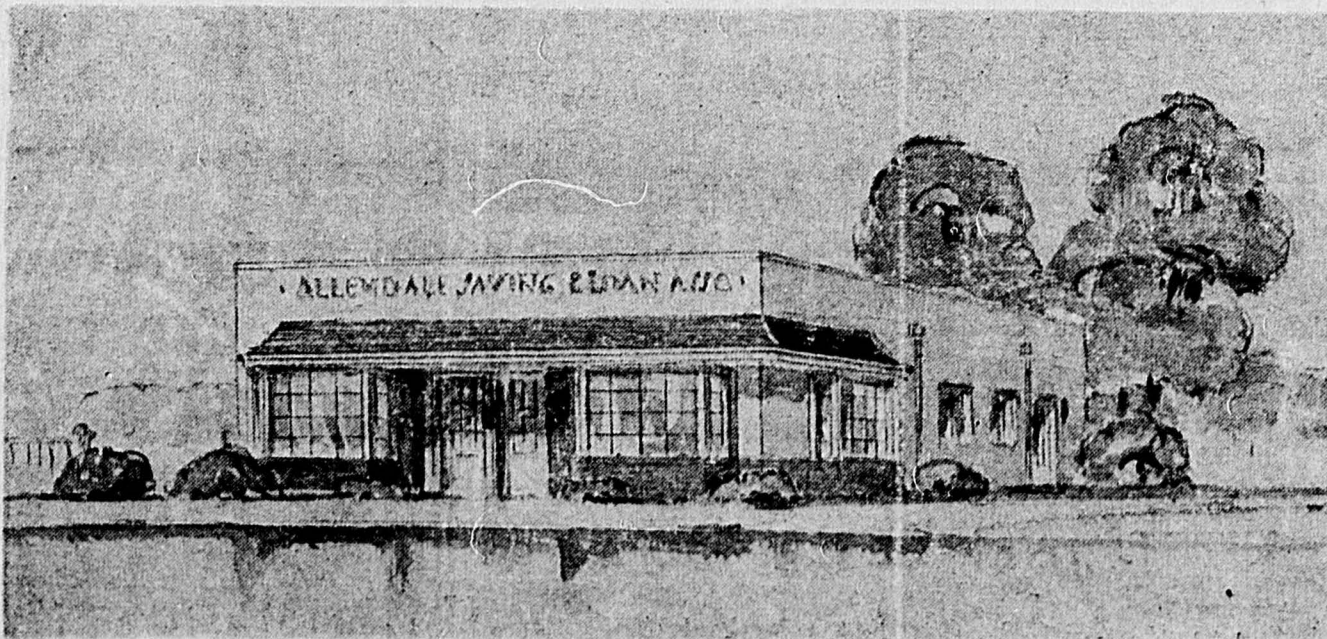

Formal procedure was waived at the Council meeting and discussion of the budget preceded regular business in order to allow plenty of time for (Please Turn to Page Seven)

You will be able to buy something home baked and delicious tomorrow morning at the food sale being held by the Junior Woman's Club at the Allendale Real Estate office. The proceeds from the sale will go to buy a "Case of Smokes" for veterans.

JOHN ACKERMAN, 82 TAKEN TO VALLEY

John Ackerman, 82, was taken to Valley Hospital at 2 a.m. yesterday morning by the Allendale Ambulance. He is said to be suffering from stomach ulcers. In November he spent three weeks in the hospital undergoing treatment.

Future Home of Savings and Loan

The 63 year old Allendale Savings and Loan Association plans to have a home of its own. Tomorrow afternoon at a public ceremony to be held at 3 o'clock the ground will be broken for the new building which will be located on W. Allendale Avenue next to the Amoco gas station.

William C. Talman will take out the first shovel of dirt in honor of the new building. Mr. Talman is one of Allendale's oldest residents. He helped organize the Loan association and has been its sec-

retary for over 50 years.

The firm, which claims never to have missed the payment on a dividend since 1889 is now located in the First National Bank building. Officers of the organization include the President, John C. Ware, Jr., of Saddle River, Vice President and Treasurer, Norman G. Critchley, Vice President, William C. Talman, Secretary, Olive S. Furman of Waldwick, Assistant Secretary and Treasurer, M. E. Higgins, Jr.

The building committee is

composed of Harold E. Heidrich, chairman; Mr. Ware, Mr. Higgins and William H. Reimer.

David M. Pflomm, Myrtle Avenue will do the building. The architect is William P. Brower of Saddle River.

Directors of the Association are Herman G. Honig, Harold W. Roberts, William H. Reimer, Roland E. K. Schuler, Earl Wakefield, William B. Hansen, Mr. Heidrich, Mr. Critchley, Mr. Higgins, Mr. Talman and Mr. Ware.

SCHOOL BOARD GETS CENSUS FIGURES

The Allendale Board of Education met last Tuesday night and while a lengthy meeting there was very little that made news. This was the first meeting of the board since the recent election that saw all members returned to office.

The PTA presented the recent survey that was accepted by the board without comment for further study. A detailed breakdown of the figures will be made known at the next meeting of the Association by President Robert Thomas.

Principal Paul O'Connor reported his teachers are working on rewriting the arithmetic curriculum and the work should be completed by Easter. Three groups of teachers are working on the project.

The March of Dimes collected \$104.88 that was added to Allendale's total.

Mr. O'Connor reported on Please Turn To Page 8

OPEN HOUSE AT LIBRARY TONIGHT

Contrary to what you may have read in last week's Allendale Press, the library open house is being held tonight from 7:30 to 9 p.m. We regret very much the error we committed and apologize for the inconvenience caused members of the Board of Trustees and those who went to the library only to be informed that the open house is to be held tonight. However, tonight is the night and the members of the Board of Lee Memorial library will be on hand to greet the citizens of the town at the first public function of the Borough's newest property.

The library, which has long been an civic landmark in our community, located at the corner of West Allendale Avenue and Franklin Turnpike, is having a most interesting exhibit of material pertaining to the Please Turn To Page 8

DIRECTS PLAY

Mrs. Katherine Edson

Mrs. Kay Edson is director of the operatta "Hansel and Gretel" to be given tomorrow night at Brookside school. The performance to be presented by The Curtain Time Children's theatre, Ridgewood is being sponsored locally by the Girl Scouts for the benefit of Holland Relief.

This children's musical play will be given in three acts. It is based on the Humperdinck opera and has a professional cast which will be supported by fifteen local Girl Scouts who will be angels.

It has been announced that tickets for the operetta will be available at the door of the school auditorium. Performance starts at 8:15. The show has been shortened considerably in order not to exceed the attention span of young children. However, the musical is said to be of great interest to adults as well as children.

Doris Gove, niece of Mr. and Mrs. N. H. Hagedorn, 896 Franklin Turnpike, visited her aunt and uncle from Warren, Mass., recently.

The results of the pre-school census taken by the PTA at the request of the Board of Education are complete and the findings will be made public at the PTA meeting to be held next Wednesday evening.

MRS. THOMAS ZANE TO HEAD 1953 CANCER DRIVE HERE

Mrs. Thomas H. Zane has been named chairman of the 1953 Cancer Crusade in Allendale. Her work will start immediately to prepare the way for the raising of \$87,500.00 in Bergen County. Allendale's quota is \$700. The crusade starts officially on April 1 and a national total of \$18,000,000 is being sought for program of research, education and services to cancer patients.

The slogan will again be "Cancer Strikes One in Five, Strike Back, Give to Conquer Cancer."

The campaign will be carried on by volunteers from the Woman's Evening club under auspices of the Bergen County Chapter and will continue all through the month of April, which has been designated by Congress as "Cancer Control Month."

Declaring that a strenuous effort will be made to reach each and every family during the month with educational messages, President William A. Caldwell further stated that knowledge of the symptoms of cancer is a highly important weapon in fighting the disease. "Ignorance of the Cancer danger signals usually delays diagnosis until the disease has reached an advanced - an incurable stage," he said. "Our best chance is a regular visit to our own physician for an early detection and, in most cases, a cure."

Mrs. Thomas H. Zane lives at 3 West Orchard Street. She is vice president of the Woman's Evening Club.

PLAN REUNION FOR RAMSEY CLASS OF 43

Several members of the class of 1943 of Ramsey High School met Saturday night at the home of Mr. and Mrs. Stiles Thomas to form a reunion committee.

The group selected Robert Meyerdiereks of Saddle River as chairman. Plans were made during the evening to hold a reunion dinner-dance sometime in May, the date and time to be announced later.

The committee is now trying to obtain addresses of all class members as letters will be mailed within two weeks concerning details of the dinner-dance.

Anyone having this information is asked to contact chairman Meyerdiereks or the committee including Stiles Thomas, Fred Allen, Peter Murphy, William Gordon, Doris Seitz, Gordon, Peggy Van Wart Deyda and Betty Sherow Goodman.

The next meeting will be held Saturday evening, March 21 at the home of Mr. and Mrs. L. T. Goodman Jr. of 23 Wanamakere Avenue, Mahwah. Anyone interested in attending is welcome.

PARTY HELD AT WOLFERSBERGER'S

Mr. William Wolfersberger, 216 Park Ave., was host last week at a surprise homecoming party for his sister, Mrs. Arsene Tingaud of Staten Island, and his daughter, Mrs. Ethel Walker of Allendale. Both the guests of honor had returned that evening by plane from a month's vacation at Miami Beach.

Present at the party were Mr. and Mrs. Arsene Tingaud Jr., and their daughter Suzanne from Teaneck; Miss Jean Kuter of Hasbrouck Heights; Miss Marilyn Wolfersberger, Dr. and Mrs. Harry M. Lampa, Mr. and Mrs. Ely Leff, Mr. Nat Leff and Mr. Dean Jackson, all of Allendale.

A.B.C. T-V NAMES STANLEY SMITH SALES MANAGER

NEW YORK, March 12—Appointment of Stanley Smith as Eastern Sales Manager of the ABC-TV Network was announced today by Charles Abry, National Sales Manager for the ABC-TV Network. Smith's appointment is effective immediately.

An account executive of the television sales staff of the American Broadcasting Company since May, 1950, when he first joined the network. Smith was previously associated with Radio Station WMGM in New York and MGM Radio Attractions as an account executive. For a 10-year period starting in January, 1939, Smith was an account executive for the radio services of the Associated Press.

Smith is a graduate of the University of Scranton. He resides with his wife and two children at 12 Vreeland Place, Allendale.

JOAN CHRISTOPHER ON HONOR LIST

Miss Joan Christopher, daughter of Mr. and Mrs. J. George Christopher, of 30 Walnut Place, Allendale, has been named on the Dean's Honor List for the first semester at Beaver College.

This academic honor is awarded to students who have done outstanding work and attained a grade ratio of 2.5 or better for a semester's work.

Miss Christopher is a sophomore at Beaver and is majoring in Liberal Arts.

Martin Wetterauw, Chief of the Fire Department, is currently in Sampson, New York, working as foreman for the Reber Construction Company which is building warehouses for the government.

Mr. Wetterauw is familiar with the government property in Sampson because he was a part of the construction crew which built the wartime Naval Base located there.

During his absence the Fire Department will be under the

Civilian Defense Drill Shows Boro Forces Ready For Emergencies

The Civil Defense organization in its first full fledged test drill proved to itself and town officials that Allendale has a sound beginning basis for action in any large scale emergency.

Mayor Tucker, commenting on the operation staged at 9 p.m. last Friday night, said that he was

greatly impressed with the efficiency of all agencies participating in the disaster drill. He complimented Civil Defense Chairman, P. Archibald Farrell, on the smooth coordination displayed by the entire organization. The Mayor toured the town with Police Chief Robert Wilson during the time the drill was in progress.

The Civil Defense deliberately chose 9 p.m. Friday when the stores were closing as a time when maximum activity would be going on in the downtown business section. Also, a

direction of Assistant Chief Walter Rumsey.

When the "Bug" gets you down...

YOU REACH FOR YOUR PHONE

You're never "cooped up" with a cold—not with a telephone handy! You can call the office or plant, call friends to cancel a party, call the druggist, do about anything that needs doing—without ever leaving the house. And every day your telephone plays an important part—saving you time and effort. Any way you look at it, your telephone is mighty useful—worth more than it costs.

So valuable... in so many ways... yet costs so little

NEW JERSEY BELL TELEPHONE COMPANY

BOROUGH TO TRY DIVINING ROD IN SEARCH FOR WATER

The newly acquired Borough property next to the recreation park will soon be the scene of test drills to see if there is water located in the vicinity, according to Councilman Elwood Critchley, Water commissioner.

A sizeable piece of land has been cleared in preparation for the tests by Peter Cauwenbergs, Harold Florence water consultant for the borough, will bring his testing equipment to the area and set about finding a new source of water.

Among testing devices Mr. Florence will use is a peach tree branch which is thought by some to be 'witchcraft' and others to be an accurate indicator of where water may be found. Mr. Florence said that he was not prepared to defend against all others, but that he had found some of his best wells this way.

Mr. Florence said that a forked peach twig, or any pitted fruit twig held in his hand and will dip down to be found. He described the process by saying that the tester walks over the area carrying the twig in front of him, and when the branch begins to pull down, there is where a test well should be dug. Mr. Florence made no prediction but said we shall soon see how successful this age-old method of finding water is for Allendale.

According to the U. S. Department of Agriculture, a family of four—including a boy 16 and a girl 14—buys eight pounds of meat, poultry and fish weekly if it is on a low-cost diet and follows recommended standards. A total of eleven and three quarter pounds is allowed for a family on a moderate cost diet.

The Russian Menace

In the two years we have been writing these editorials we have stuck very close to the affairs of Allendale. We have tried to bring to the attention of our readers some phase of Borough affairs that was important or seemed so to us at the time. Therefore, if this piece is out of line and does not mean anything to you, just skip it. But we were pretty sick at the turn of events upon the death of Stalin and would like to get this off our chest.

Right off the bat, our official policy was a "wait and see." Wait for what? How silly can our policy on foreign affairs get. The gangster was dead and in his place came Malenkov, certainly no Angel. Any member of the Soviet regime would be just as bad. Officially, our government sent condolences. Though they were formal and to the point, why even that? Everyone knows that the condolences were sent to a nation that is killing our boys every day in Korea. A nation of despots that would not hesitate in starting a war if they were sure of the results. Make no mistake about their intentions. Any method will justify the ends if the Communists will benefit.

We read about the French ordering their army in Indo China to fly their flags at half mast. Don't they know that the ammunition that is killing their men in that field is Russian made? And so it goes down the line of nations banded together to resist the Soviets; all fearful of offending the one nation that makes no bones of the fact that they intend to dominate the world by any means.

Our own Voice of America was several days late in voicing the feelings of Americans all over the nation that there was no love lost when Stalin died - only a feeling he waited 20 years too long. The new head of the Soviets, Malenkov certainly is no bargain, and it's time right now for this government to tell him in plain language where we stand and just how far we intend to be pushed—which is nowhere. We have reached a point in national honor that makes it impossible to take any backward steps.

Every military man knows the war in Korea can be pushed to a successful conclusion without all this delay. Why the stalemate? Thousands of Americans are being slowly wiped out while Washington makes up its mind on how we should win the war without hurting the tender feelings of those in the Kremlin. Nuts... When the chips are down those murderers in the walled city of Moscow will be swept off the face of the earth by the Russian people who are fed up with fancy promises and hunger and suspicion as their constant companion.

We hope you agree with us, but if not at least we felt better after getting it off our chest. Thanks anyway.

Carolyn Wooden, four-and-a-half year old daughter of Mr. and Mrs. E. Dale Wooden, 118 Gamewell Street, Hackensack, the Bergen County Easter Seal Girl of 1953, is pictured above with Mrs. Henry A. Baer of River Edge, and Mayor Albert J. Faber of Ridgewood, co-chairmen of the third annual Easter Sunday. Carolyn is demonstrating her ability in balance with an assist from crutches which she has just learned to use. Born with a spinal injury requiring surgery at four months, she started therapy treatments at the Center two years ago, unable to stand due to 60 percent paralysis of the legs below the knee. With the aid of braces and crutches she can now move at a good speed. Carolyn's progress is typical of 188 other Bergen County children receiving therapy at the Ridgewood Center.

Promise and learned the first four Girl Scout Laws.

Scribe—Peggy Rossner

Members of the Girl Scout Troop 53 who started their Tenderfoot tests last week finished it at Monday's meeting. They were Helen Youmans, Janice Hatrick and Barbara Lewis.

After the leader, Mrs. Daniel Phair, had given the girls their Scout pins, she treated the Troop members to ice cream and cookies in celebration. Scribe—Eileen McLoughlin.

Six District committee members and one leader attended the annual Paterson Area Girl Scout Council Birthday Dinner at the Robin Hood Inn, Clifton, Tuesday night.

Those who attended from Allendale were: Committee Chairman, Mrs. Aarold Asp, and committee members, Mrs. William Gordon, Mrs. George Wolfson, Mrs. Stuart Archibald, Mrs. George Prince, Mrs. Charles Cavanagh Jr., and leader Mrs. Raymond Fowler.

This week some of the members of Brownie Troop 130, finished their fly-up books. Valerie Fehler, Alice Pierce and Peggy Rossner had their books chosen to be put in the Girl Scout Window.

The Brownies said the Scout.

School Notes

GRADE ONE
MRS. BERLIN

Many of us have had a great deal of absences this winter due to colds, viruses, flu, etc. so we will all be very happy to see spring with us again.

We have finished our Basic Primer and several supplementary primers and we are anxiously waiting to start on our new basic reader.

We are working now decorating our room for "Windy March". We are also learning many songs for March and reading stories appropriate for this month.

Several children brought in story records and we enjoyed listening to them during our story period in the afternoon. Among them were "The Gingerbread Boy," "Rumpelstilz-

ken", "Cinderella" and "Working on the Railroad."

GRADE FOUR
MRS. KNIGHT

We found that February has many important days and decided to make booklets about them. First we studied the ground hog and learned all about his appearance, habits and home. We made an outline of this information and that became the first page of our booklet. Valentine's Day, of course, is most important in our lives and we found many interesting things about how it starts. Each of us wrote a story about it and put that in our booklet together with some of the prettiest valentines we received. The rest of the booklet was devoted to pictures and stories about four famous Americans whose birthdays are in February, Lincoln, Edison, Washington and Longfellow. We also included one of Longfellow's poems, "The Arrow and the Song."

In geography we are doing things a little differently with our new unit on Norway, Lapland and Baffin Island. The class has divided into three committees, one for each place, and each child on the committee has a special topic to find material and report back to the class. We are learning to make good use of library reference books and our new picture file.

FIFTH GRADE
MRS. WILSON

Our class is very busy getting ready for the exhibit in May. We are drawing maps and pictures of our National Parks. We have written to Washington for additional information.

Bobby Tremiere drew some

Bing Crosby, Red Cross radio star, "reminds others" with the button he displays.

We are studying old locomotives and old cars.

For health we are taking fingerprints of everybody in the class. Carolyn Feuerstein and Herbert Mc Cord are bringing in a microscope. Sandy Monaghan brought in a puzzle and some of the boys helped him put them together.

We are studying improper fractions in arithmetic.

In our spare time Mrs. Wilson is reading us the Davey Crockett story.

In Geography we are studying the corn belt.

In science we are studying "Erosion."

In English we are reviewing friendly letters, nouns, pronouns, commas, Capital letters, periods, question marks and verbs.

In Music we are learning

RAMSEY STUDENTS VIEW FILM ON CEREBRAL PALSY

On Friday, March 6, 1953, the high school students enjoyed a talk by Miss Edith S. Kibbit on cerebral palsy. Miss Kibbit, director of the Cerebral Palsy Center in Ridgewood explained the reasons for cerebral palsy and how the center helps children who are its victims. The Ridgewood Center has been operating for nine years.

The center has a complete medical staff. The doctors are not paid; their work at the center is all volunteered. In fact, out of 181 workers, 127 are volunteers. The only fee charged is for therapy. All cerebral palsy facilities centers and hospitals are supported by the sale of Easter Seals.

After her talk, Miss Kibbit showed a film depicting a day in the life of a cerebral palsy child.

songs for the PTA program. In Physical Education we're learning volleyball skills.

We have finished studying tools and we are starting our projects in shop. — Reported by John Rehill and Herbert McCord.

LOCAL WOMEN IN AUTO COLLISION

The charge of driving while intoxicated, leaving the scene of the accident and driving without a license was served by Waldwick police to Mrs. Carol Moriarty, 59 E. Orchard St. last Sunday morning.

According to police, a car owned by Mrs. Vera H. Thorpe, 87 Franklin Turnpike, was sideswiped shortly after midnight Saturday while parked in front of her home. At about the same time Mrs. Moriarty was found in Waldwick near the Allendale line and after questioning was taken to Valley Hospital for examination by Waldwick police. It is reported that Mrs. Moriarty refused to be examined and was

Smiles Now The Order With Stern Faced Banks

While no banker in Bergen County is advertising himself as frowning, smiles are just a bit broader this week as National Smile Week reaches even into once-staid financial institutions.

"It used to be that a banker's integrity was measured by the solemnity of his countenance," said F. Merrick Fuller, president of the Bergen County Bankers Association, in his comments on National Smile Week.

"Men in our profession used to try to look like a group of old stones faces. Otherwise people would not trust our judgment. Unfortunately the legend grew that our hearts were just as stony as our expressions," Fuller grinned. He said that happily the public's attitude has changed and that he and his fellow bankers now dared to relax their faces with a smile.

"To tell you the truth, it is much more cheerful for us bankers not to have to sit around scowling at each other and the world in general," Fuller chuckled. "Nowadays, we all dare to laugh openly when something funny is said."

Fuller went on to say that happy faces and warm expressions certainly had not harmed banking, and pointed out that the banks in Bergen County wound up 1952 with the highest assets and the largest number of customers in their history.

The Bergen County Bankers Association furnished its member banks with small signs saying "smile", for display on the officers' desks and at tellers' windows during National Smile Week, March 9 to 14.

RAMSEY STUDENTS SEE PLAY

The high school students were entertained on Tuesday March 10th by Mr. William Bales in his presentation of Doctor Jekyll and Mr. Hyde. The play was set with a scene depicting the laboratory of Dr. Jekyll. Mr. Bales played the parts of all five characters himself. He held the audience spellbound as he did the fantastic change from Dr. Jekyll to Mr. Hyde. After the thrilling presentation done in three acts, Mr. Bales explained the story and pointed out the moral.

returned to Waldwick police headquarters where she was declared unfit to drive by a physician called by the police.

Glenn Thorpe signed the charge against Mrs. Moriarty. The other two charges were made by Waldwick police. Mrs. Moriarty's husband posted bond for her release.

BUDGET HEARING
(Continued From Page One)

public discussion. The session then got off to a contentious start with Walter Dunsby asking Mayor Tucker why the budget had not been reduced more than it had.

"Has it been a lack of cooperation on the part of the council?" Mr. Dunsby asked.

"We've done the best we could possibly do," Mayor Tucker said.

Mr. Dunsby's comments proved to be more smoke than fire however, because at the end of the public hearing he complimented the Mayor and Council on the conscientious job they had done in preparing the 1953 budget.

Former Mayor Leslie Johnson raised the question of line items listed on the budget and asked why the new road truck and the parking plaza improvement had not been included among them. He pointed out that this procedure would save the taxpayers the cost of passing an ordinance to release the necessary funds from the capital improvement fund (where these items appear on the budget). He said that since the Council already knew how much these two items would cost, it would have been more economical to have included them as line items.

Charles Vollaro, Borough Clerk, was called upon to give the cost of obtaining money by ordinance. He estimated the cost to be around \$50 for each ordinance passed.

H. C. Falcke, brought up the matter of the school budget surplus of \$18,000 and registered his complaint that this figure was much too high. He said that if the school board had "cooperated" and set aside a surplus of the town would have realized an even greater tax reduction.

Mr. Johnson defended the action of the school board and its budget, which has already been approved by the voters and therefore cannot be changed by saying that the school budget surplus will not be re-

alized until June of 1954. Also, he said, the school is likely to face the prospect of hiring three new teachers to take care of additional enrollment within the next year and a half.

A discussion concerning the hiring of another borough employee at a salary of \$3000 was held. Mayor Tucker said an additional man was needed to maintain borough services. The new employee, he said, would help out in all departments as needed.

Elwood Critchley explained the bookkeeping procedure used in listing expenses of the water department and said that the department has been running in the "black" for the past few years.

The new budget awarded a cost of living bonus of 5 percent to borough employees. This money is paid off in a lump sum and does not affect the base wage of employees.

GIRL FOR MISKOWSKI'S

Mr. and Mrs. Chester Miskowski of 36 Heights Rd., Allendale announce the birth of a baby girl Carlin Jean, 7 lbs., 4 oz., born at Good Samaritan Hospital Suffern, N. Y. on March 7. They have one other child, James, four and one half years old. Mrs. Miskowski is the former Audrey Boot of Allendale.

The cover of the "Hansel and Gretel" program which will be distributed to the audience at the performance Saturday night at Brookside school, was designed by Jean Cobb, Maple St., commercial artist. The scene sketched on the program depicts the Girl Scouts of America offering Holland aid in the form of dollars.

lized until June of 1954. Also, he said, the school is likely to face the prospect of hiring three new teachers to take care of additional enrollment within the next year and a half.

A discussion concerning the hiring of another borough employee at a salary of \$3000 was held. Mayor Tucker said an additional man was needed to maintain borough services. The new employee, he said, would help out in all departments as needed.

Elwood Critchley explained the bookkeeping procedure used in listing expenses of the water department and said that the department has been running in the "black" for the past few years.

OIL TANK LEAK

Continued From Page 1
 came as a result of the accident in the basement of the Allendale Five and Ten on Wednesday morning. The oil tank, which is in the cellar of the building, sprung a leak during the night and some 200 gallons of oil leaked out onto the floor.

Ann Uber, an employee of the store, came to work at 9 a.m. and discovered the oil in the basement. She quickly turned off the tank. Fortunately the oil had run off away from the burner thus preventing a fire which might very well have been a disaster in the business section of town.

Chief Wilson said that this leak is the second one that has been reported this winter and

in both cases the oil tanks were located in the basement of buildings. The danger of such an occurrence happening again prompted the Chief to recommend the proposed ordinance.

SCHOOL BOARD

Continued From Page 1
 the recent meeting of the National Association of school administrators in Atlantic City that he attended Over 1,000 educators attended. He stated he felt he had greatly benefited by attending and he hoped to draw upon this knowledge in the future of the school system here.

The school nurse, Marie Kaufman, reported on the treatment given Steven Honig on his broken wrist. The child has returned to school. Also on the matter of keeping a record of the child's health from the time he enters school is being worked on in cooperation with Principal O'Connor. A further report will be made if this seems practical.

Minimum teachers salaries were increased from \$2,700 to \$2,800 per year. Contracts were tendered to the present teachers.

The Allendale Athletic Association was granted the use of the school gym for the teenage boys who sought permission before but were reluctantly turned down by the board because of the lack of adult sponsorship.

SEEK COUNCIL SEATS

Continued From Page 1
 the borough fathers actions. Mr. Dunsby was asked by the Press why he was seeking public office and his answer was, "I have not been satisfied that the borough is being run along sound business lines and we could economize much more than we have." Mr. Dunsby continued, "I feel that the decisions of the council on some occasions have not been for the good of the greatest number of our taxpayers. I feel I can contribute to a better operated community and that is my only reason for offering my services."

Mr. Dunsby has one son who attends Ramsey High School. He is vice president of the Sales Management Magazines of New York City. He has never before sought public office.

Richard Van Houten, a lifelong resident of the borough is a graduate of Allendale elementary school and Ramsey High. He served for 7 years in the service, from 1942 to 49, graduating from West Point and stationed with the Occupational Forces in Germany. He resigned his commission in

1949 and later served as Captain in the Organized Officers Reserve Corps. He resigned that position because of business reasons last September. He is a licensed real estate broker and insurance agent. He is associated with his father, Stephen Van Houten.

He is a member of the Allendale Fire Department and has one child, a nine month old daughter. He resides at 26 Heights Road.

When asked his reason for seeking public office, Mr. Van-Houten stated, "he was accorda with the aims of the Allendale Taxpayers League."

LIBRARY OPEN

Continued From Page 1
 publication of the recent books of Boswell's writings. On display will be photographs of original Boswell papers which were discovered in Malahide Castle and bought by Yale University in 1949. From these the recent book "Boswell's London Journal" was published.

Mr. and Mrs. Charles Scott have just returned from a five week holiday in Florida. Miss Marion Lightweis joined them for the last two weeks of the vacation and returned to Allendale with them.

MAD CHASE

(Continued From Page One)
 Saddle River, and his companion Robert Dunn, 17, 15 Maple Street, Ramsey, miraculously escaped serious injuries even though the car was completely wrecked.

Mr. Dykstra is a Korean veteran, home on leave, scheduled to return to Korea April 6. Upon questioning by Ramsey, Allendale, Waldwick, Ho-Ho-Kus, Saddle River and County patrolmen, he said that "something snapped in my head" and he was unable to lift his foot from the accelerator. Robert

Dunn told the police that he tried to get Dystra to stop the car, and kept yelling at him to stop, threatened to jump out of the car, but being unable to, he had to live through to the bitter end of the mad chase.

Officer Parenti described his part in it by saying that he clocked the speeding car at 85 miles in Allendale, called ahead to Waldwick for police assistance and later to Ho-Ho-Kus. The police in Ho-Ho-Kus set up their car as a roadblock at the traffic light but the speeding Mercury swerved around it and raced on out Sheridan Avenue toward Highway 17. By this time Officer Parenti was close behind the speed crazed driver. He watched the Mercury shoot across Highway 17 directly in front of two heavy trailer trucks that bore down toward the intersection.

Officer Parenti picked up the chase on the other side of the highway on W. Saddle River road with siren wailing and the Ramsey Police car directly behind him. All three automobiles were going close to 90 miles an hour.

On W. Saddle River Road, Officer Parenti was close behind the speeding Mercury and opened fire. But this had no effect. The Mercury sped on past the Sunoco station toward a sharp curve in the road. Officer Parenti took the outside lane, Dykstra the inside. Dykstra didn't make it. His car narrowly missed a large pole on the side of the road, plowed through two cement barriers and finally stopped in the woods.

Officer Parenti opened the door of the Mercury and found the two dazed occupants. He summoned the Allendale Ambulance which took the youths to Valley Hospital for observation. Jack Phillips and Jack Tackaberry attended the case.

The young veteran faces traffic summonses from Ramsey, Allendale, Waldwick, Ho-Ho-

Kus and Saddle River for careless driving. The County Police served notice also and he will be charged with having destroyed two county road barriers.

Dystra's leave, which he was spending with his sister in Saddle River while his parents vacationed in Florida, will now be spent going from court to court answering summonses. He will appear at court in Allendale March 24.

"He'll never drive again", was Officer Parenti's observations.
