MARCH RAINS IN BORO TOPS RECORD

There can be no doubt about it, Allendale had the wettest March on record. The figures which were taken by the borough's unofficial weatherman, Harvey Beswick, report 8.82 inches for the month.

Mr. Beswick reports that his engineering office on W. Allendale Ave. has installed standard 24 hour rain recording equipment to keep track of weather conditions in the borough.

Allendale's records which go all the way back to November of 1952 indicate that March was the wettest month so far. A breakdown follows:

| March Day | Rain or inches snow | |
|-----------|---------------------|---|
| 3 | 1.20 | R |
| 7 | .05 | S |
| 11 | .09 | R |
| 12 | 3.68 | R |
| 15 | 1.25 | R |
| 18 | 0.30 | R |
| 19 | 0.20 | R |
| 24 | 1.50 | k |
| 25 | 0.45 | R |
| 26 | 0.10 | R |
| 28 | Tr. | |
| 29 | Tr. | |
| 30 | Tr. | |

Tr. — Represents trace of rain or snow.

NEW CITIZEN GROUP BEING FORMED

Two informal groups of residents in the northern part of the town are understood to be fairly well along on the creation of the North Allendale Residents Association. Among its objectives is to be a close-knit group of local party platforms in the interest of maintaining the residential character of the town.

New residents, those living in Allendale less than 50 years, will be especially welcomed in the group, according to a source who has been in on several meetings.

CHURCH HOST AT CONFERENCE

The First District of the Newark Conference of the Methodist Church, which includes Bergen, Passaic and Rockland counties, will meet at Archer Hall April 26.

Supper will be served to the delegates attending by the Women's Society of Archer Church.

MRS. FRED CONDLE HONORED BY GROUP

Mrs. Fred Condle was presented by the Rev. Harry Goodrich with a life membership into the Women's Society for Christian Service of Archer Methodist Church at the general WSCS meeting held March 25.

The honor was bestowed on Mrs. Condle for service to the society and was based on a point system which gives 1 point for each year a member has held an elective office and one-half point for each appointive office held.

Mrs. Condle is the first member to be awarded a life membership.

ENDORSED

Walter H. Jones

Assemblyman Walter H. Jones today was in receipt of a letter from Bergen Council No. 5, New Jersey Civil Service Association advising him that the Council has unanimously endorsed him for State Senator in both the Primary and General Elections.

The letter, signed by James D. Moore, president, said that the Council's endorsement was being given because of Jones' friendship for civil servants and his "invaluable assistance in introducing legislation at the Council's request and seeing to its successful passage in the Assembly."

Moore also told Jones that the 1,200 members of the Council will be advised of the Council's action and will be advised to support Jones at the polls.

FIREMEN CALLED ON BRUSH FIRE

Mrs. Frank Berdan, Orchard St., was directing the annual burning off of the brush on her property in front of her home Wednesday evening when the fire truck appeared loaded with volunteer firemen.

The firemen had come following an alarm turned in by William T. Hughes who saw the fire burning from the back of his property on W. Allendale Avenue.

The firemen quickly surmised that a mistake had been made and returned with their equipment to the firehouse.

GOOD TRIAL SET FOR THIS MONDAY

Court orders have been issued to Mrs. T. F. Currens, W. Crescent Avenue, Dean Good, Maple Avenue, Police Chief Robert Wilson and Officer Frank Parenti, to appear before the Judge of Criminal Court in Hackensack Monday morning at 9:30.

Mrs. Currens, Chief Wilson and Officer Parenti will serve as witnesses in the case of the ASPCA versus Dean Good, whose white female English Bulldog died March 27. Mrs. Currens, president of the Allendale Animal Protective League filed charges against Mr. Good through the ASPCA following an autopsy performed on the dog which revealed that the dog had died of malnutrition and dehydration.

HELEN JEPSON AT SUNRISE SERVICES

Thousands of Bergen County residents are hoping for clear skies on Easter Sunday morning, when a record attendance is forecast for the annual Sunrise Service at George Washington Memorial Park, Paramus.

The combined congregations of many churches will gather at the Park for the outdoor service, which has attracted larger and larger throngs each year since its inauguration. The inspiring service will begin at 6:03 a.m.

"The Amazing Uniqueness of Christ" is the topic chosen by Dr. Henry Smith Leiper, Executive Secretary of the Missions Council of the Congregational Churches.

Miss Helen Jepson, former Metropolitan Opera star and well-known Bergen County resident, will again be guest soloist.

Sponsored by the Bergen County Council of Churches, the service is the outgrowth of one started some years ago by the Hackensack Y.M. and Y.W.C.A.'s, and these organizations continue actively to support the service.

LEGION INVITES MEN TO VIEW CANCER MOVIE

Lewis Thurston, Commander of the American Legion, announces that Post 204 will hold its regular meeting at 8 p.m. Wednesday night in the War Memorial Building.

At 9 p.m., following the meeting, a special movie on 'Cancer' will be shown. Commander Thurston has issued a special invitation to the men of Allendale to come and see the movie as guests of the Legion.

Expect Crescent Inn Decision From Council

The Crescent Inn rezoning which has been a matter of public debate for almost a year, is slated to be voted upon by the Borough Council next Thursday.

DONORS NEEDED AT MOBILE VISIT

Blood donors are needed between the hours of 1 and 4 p.m. on Tuesday when the bloodmobile will be at the Waldwick Municipal Building to receive contributions.

Allendale residents are urged to call Mrs. W. B. Quaintance for a reservation (Allendale 1-4285) or sign up at the Stiles Thomas Insurance Agency on W. Allendale Avenue.

BARBARA WALTER MAKING "PROGRESS"

Mrs. Fred Walter, Cottage Place, reports that daughter Barbara is making good progress at Englewood Hospital following an accident which occurred at Hutchinson Stables in Closter, March 23.

Barbara fell from her horse while riding and suffered a brain concussion. She is still in a light coma but is recovering steadily.

Mrs. Walter said that Barbara is unable to receive telephone calls but that cards and letters sent to her are most appreciated.

It was learned today that Anderson's Meat Market is to change hands tomorrow. The new owners will make an announcement in the near future about reopening the market.

Mayor John Tucker assured Pat Job, owner of the tavern, that a vote at the next regular Council meeting on whether or not to rezone the tavern for business. At the present time the tavern operates under a non-conforming use permit.

Councilman Elwood Critchley, who pledged that he would bring the matter of Mr. Job's request for a rezoning ordinance to the attention of the Council, did so at last week's meeting. In phrasing his resolution, he included submitting the matter to the Mayor's newly appointed advisory committee to the Planning Board, for review.

On hearing this, Mr. Job again pleaded with the Council to give him an immediate answer of "yes" or "no". He said that if his request were thrown into the hands of one more committee, there would be delay and needless discussion of the problem which he felt had been adequately covered in public meetings over the past eight months.

Councilman Henry Cobb voted against Mr. Critchley's resolution and explained that he thought it would be circumventing the Planning Board to have its advisory committee investigate the problem. He suggested that the Planning Board be asked for its opinion on the matter although a previous investigation on the part of the Planning Board had resulted in a negative recommendation. The Board vetoed the matter by saying it would be spot zoning, which they were firmly opposed to.

The Mayor then directed the Borough Clerk to send letters to both the Planning Board and the advisory committee asking that they review the case and submit their findings to the Council before the next meeting.

Mr. Job said that he had hoped for a vote last Thursday but he would be willing to wait until next Thursday for a decision by the Council after hearing assurances that a vote would be taken at that time and that no further delays be permitted.

Civil Defense chairman, F. Archibald Farrell, announces that a special meeting of the executive council of Civil Defense will meet at the firehouse Monday evening at 8:15. Mr. Farrell cordially invites suggestions regarding the work of the organization. Volunteers are also needed in all departments of the Civil Defense.

Dave Cooper, President of the Republican Club of Allendale, extends an invitation to residents of the borough to attend the next Republican Club meeting to be held in the firehouse Tuesday evening at 8:15.

Mrs. D. Good Refutes Mrs. Curren's Statement

Differences in the story concerning the dog that died last week and reported in this paper has resulted in the following statement given the Press by Mrs. Dean Good.

The statement follows:

At 12:30 noon Saturday March 21st, my husband Dean told me his dog Lady was dead. I asked that nothing be done till my daughter woke from her nap.

Shortly after 2 p. m. Mrs. Currens appeared at the door and told me she had a complaint about the dog. She opened the screen and walked in saying she didn't want the neighbors to hear what she had to say.

I told her the dog had died that morning, but we had no complaints about the dog. She demanded to see it and I said it was not my dog; that she should speak to my husband. She pushed past me through the house and out the back door. I followed asking her what the complaint was but she didn't answer.

She went to the garage, unlocked the door and entered. I

waited outside wondering what she was going to do. She came back out carrying the dog in a box and said she was taking it. I reminded her again it was my husband's dog. I was so taken back by such high handedness and in no physical condition to stop her. She shouted all the way out to the car, carrying the dog, saying that she was going to bring charges against Dean. I know the neighbors heard her so why she forced her way in, in the first place I don't know.

Mrs. Currens had no S.P.C.A. badge, no signed complaint, no search warrant or permission to break, enter or remove personal property. I demand a personal retraction from Mrs. Currens of the false statements published in March 27th Allendale Press.

WEST SIDE PARKING PLAZA TO HAVE PUBLIC HEARING

First public hearing on an ordinance to draw \$4,300 from the capitol improvement fund for completion of the west side station improvement project will be held at next Thursday's Borough Council meeting.

The condition of the unsurfaced parking area on the west side of the station prompted Councilwoman Helen Hansen to try to speed up completion of the project. The parking area is a "sea of mud" at the present time, she said.

BORO ACCEPTS NEW FIRE APPARATUS

The newly acquired fire truck is now official borough property. The council voted to accept the truck and authorized payment of \$13,995.40 plus \$3.75 for the equipment at the council meeting held last Thursday night.

Councilman Henry Cobb introduced the resolution which was put into legal terminology by Borough Attorney John Warhol, and it passed unanimously.

The new fire truck has been unofficially in service for the Borough for almost a month. The National Board of Fire Underwriters have approved it, and the firemen have been checked out in operating technique. Now it can be used by the fire department to meet any emergency which might arise.

Fraleigh said that he had gone over the estimates of former borough engineer Harvey Beswick and found them to be substantially correct. Mr. Beswick's estimate on the west side plaza called for a 4 inch base plus an inch and a half top. This Mr. Fraleigh said was the minimum requirement for a parking area pavement.

Mrs. Hanson asked Mr. Fraleigh if he thought the present dirt surface could be used as a base for pavement and Mr. Fraleigh said that it could not.

This total job will cost about \$8,000. Half this amount was specifically set aside in the current budget as a line item.

EASTER SEAL RETURNS LAG

With only two days remaining in the one-month drive to raise \$50,000 for Bergen County's only institution offering treatment to crippled children, contributions must be stepped up if the goal is to be reached when the campaign closes on Easter Sunday, Mayor Albert J. Faber and Mrs. Henry A. Baer, co-chairman, said today.

While receipts to date are running ahead of the 1952 figure, thousands of Bergen County residents who received Easter Seals in the mail have not yet responded. The co-chairmen therefore urge recipients to mail donations, no matter how small, directly to the Cerebral Palsy Center, 241 North Van Dien Avenue, Ridgewood.

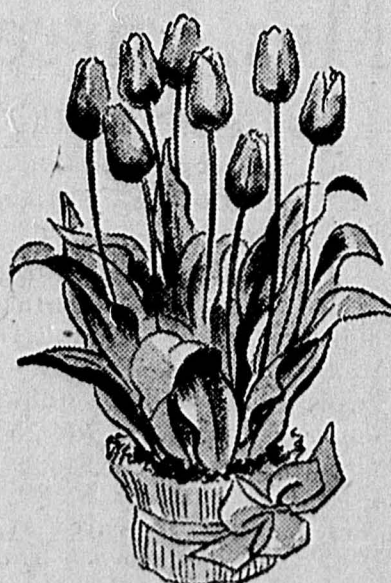

They emphasized that the Center is a unit functioning strictly in behalf of Bergen County's handicapped children, and it deserves mass support in its annual drive to maintain services. The co-chairmen further said that sending Easter Seals by mail has a definite purpose — an invitation for over-all participation by many rather than seeking large donations from a few.

Contributions to date average from \$1 to \$2 from the Easter Seals mailed to 130,000 Bergen County homes. More than 90 percent have not yet made acknowledgment and the co-chairmen urge them to send their checks in the final days of the drive. They said:

"Each dollar counts at the Cerebral Palsy Center. Every one goes to help a child born with cerebral palsy and many others with similar handicaps. The Center is open to any child who requires therapy to help him overcome his disability and many are being treated for handicaps other than cerebral palsy. But we make no distinction. We operate solely in the cause of helping crippled children to overcome their deficiencies and prepare them to assume normal places in our community."

BORO EMPLOYEES WAGE SCALE

Salaries and bonus payments for employees of the borough were announced at the Council meeting held last Thursday at Memorial Hall. Borough Clerk Charles Vollaro in reading the financial report said that the high cost of living bonuses would be paid on a pro rata basis concurrent with regular salary payments.

The 1953 salaries are as follows:

| | | |
|------------------|--------|-------|
| | Plus | |
| Tax collector | \$1450 | \$75 |
| Borough Clerk | \$1450 | \$75 |
| Borough Auditor | \$1600 | |
| Chief Marshal | \$3450 | \$175 |
| Borough | | |
| Coordinator of | | |
| Utility Services | \$500 | \$25 |
| Marshal | \$3200 | \$160 |
| Gen Utility | | |
| Employee | \$3800 | \$90 |
| Desk Marshal | \$920 | |
| Water Registrar | \$3700 | \$185 |

CARD PARTY TO HELP A.P. LEAGUE

The Animal Protective League of Allendale will hold a card party Wednesday night at the firehouse. The proceeds will be used to carry on the services of the league in caring for all animals in need.

Tickets may be obtained from Mrs. F. T. Currens, Crescent Avenue, or any member of the League.

There will be prizes for the winners, refreshments for all. The party starts at 8:30 p.m.

GRASS, NOT IVY ON PARKING ISLES

Three hundred dollars for ivy to be planted in the parking area of the station plaza seemed too steep a price to pay, and Council members decided to try planting grass in the area instead.

Councilwoman Helen Hanson submitted the estimate of \$300 for permanent evergreen ivy, but Councilmen Perry Conklin and Frank McCord couldn't see spending that much money.

It was decided at the last Council meeting that grass be planted in the area for a year to see if this would be a satisfactory solution to beautifying the area. Mrs. Hanson reminded the Council that the grass would have to be hand cut to avoid clipping the plantings which have already been made.

But the economy minded Council decided to try "grass for a year" instead and thereby save the Borough money.

has on the subject.

He found that the first ordinances ever passed in the borough dealt with the subject of bicycle riders. One said that all bicycles must be equipped with lights from "sunset to sunup" and the other required all bicycles to have horns.

Councilman Cobb said at the Council meeting last Thursday that members of the Police Department had been instructed to strictly enforce the ordinance and warned all bicycle owners of the crackdown which would affect all violators.

ALLENDALE MAN PLEADS NO DEFENSE IN AUTO THEFT

James Williamson, 26 of 556, Hillside Avenue, pleaded no defense to five indictments before Judge Alexander MacLeod of Passaic County Court last week and will be sentenced April 17.

He is accused of taking automobiles belonging to Gustave A. Mentnech, of 173 Pasadena Pl., Hawthorne on Nov. 15, 1952, and Joseph E. Frederick, of 57 Dayton St., Paterson, on December 5, 1952.

In both cases Williamson answered newspaper ads. He allegedly gave Frederick a \$85 check for his 1935 sedan. They drove to a Paterson bank and while Williamson waited outside in the car Frederick entered the bank to have the check cashed. He was told in the bank that Williamson had no account there. When Frederick went outside, the car was gone. It later was recovered on North 11th Street.

Mentnech also advertised for the sale of his car and after Williamson responded the two men rode in the automobile to a house at 27 Temple Street. Both went into the house and Mentnech waited in a hallway. Williamson came down and said he had to get a key. He left the house, got into the car and drove away, never coming back. Mentnech's car was valued at \$400.

In addition to passing the bad check to Frederick, Williamson is accused of uttering a \$16.68 false check to Prentis Clothes at 34 Railroad Avenue, on December 6, 1952, as payment of children's clothing and a \$70 worthless check to Herbert Zuckerberg, trading as Jack Brody Clothes, 15 Main Street, on December 3, 1952, as payment on a suit of clothes and a top coat.

School Notes

KINDERGARTEN NEWS

MRS. WALDORF Kindergarten is hard at work on our pre-primar "Before We Read." These early incidents in the careers of Dick, Jane and Sally, provide us with much material to think and talk about each day.

We welcomed Susan Low back to school after an enjoyable stay in Florida with her parents. We all envy her, her wonderful tan and intend to acquire similar ones now that the nice days are here.

THIRD GRADE

MRS. GOETSCHUIS We are learning multiplication now and we like it very much.

Michael Walsh took a trip to Old Tappan recently and he viewed the spot where Major Andre, the British spy, was hanged during the Revolution.

We have already had six cases of poison ivy in our room, even though the leaves have not yet come out. We are studying how poison ivy grows and looks so we can avoid it in the future. We think this little rhyme will help us: "Leaflets three, Let it be!"

Jack Rumsey brought us a praying mantis case which we fastened outside our window.

It will be interesting to watch the little ones come out. A spelling bee provided lots of fun for us last week. Lucille Acampora and Jack Rumsey were the leaders. After a great deal of excitement, Jack's team won with a score of sixteen to seven.

PHYSICAL EDUCATION

MR. MURGIA

Along with our other activities in the sixth, seventh and eighth grades we are now learning a new game called Peteka-Rio. Peteka-Rio is a game played with the hands somewhat similar to handball. The Peteka itself is a soft sponge rubber base with a group of feathers placed as to make a scientific article. As a game Peteka-Rio is beneficial from every point of view. The player by using his hands harmoniously develops his whole muscular septum and increases his ability and suppleness and a quickness of eye. The boys and girls have a great deal of healthy sport and fun while playing this game.

In our fourth and fifth grades the boys and girls have learned the following new games along with their other activities. The new games are Round the Clock, Indian Club Chase, Long Base, Newcomb, Circle Stude Ball, Center Catch Ball and Indian Club Guard.

In our third grade a few of our new games learned are, Fire Chief, Statues, Forest Ranger, and Buffalo Bill. We (Please Turn to Page Seven)

Let's Roll Up Our Sleeves

Next Tuesday, the American Red Cross Bloodmobile will be in Waldwick to collect donations of blood for use of the Armed Forces in Korea and to continue the work of experimentation for a serum to prevent polio among our children.

We are all aware of the great need for this life saving fluid and the figures coming back from the front line hospitals show the results of patients wounded being brought back to life because they were given blood immediately, in some cases right on the battle field and while being brought down "from the ridge."

In World I, a stomach wound almost always resulted in death. In World War II they had a 60 percent chance of recovery and now the percentage is almost 85 per cent recovery. Better method of treatments, quicker attention at front line dressing stations and blood make the difference. Certainly we at home can't afford to let our boys down on the one part of this life saving program which we share.

Anyone in good health can donate and should. We must roll up our sleeves and give. Allendale's record in past collections from the Ramapo Chapter is not too good. There are a few old reliables that are willing and do contribute every time. We could easily recall their names, but we know they wouldn't like it. But what of the others? Generally they are scared it might hurt. Forget that, it doesn't. Others fear it will weaken them. It won't. A healthy person always has extra blood in his body and it replaces itself immediately. Too busy? That's the tops in excuses. The boys in Korea are busy too, fighting a senseless war for us. Regardless of your ideas on that subject, these boys need your blood and need it now. So come on you folks from Allendale. Roll up your sleeves and give. The need is great.

LETTER OF THANKS

This seems to be the only appropriate place to personally thank the folks who sent cards, flowers and fruit to me during my recent illness. They sure were appreciated and cheered me no end. Again my sincere thanks for your kindness and thoughtfulness.

Formal Flowers for Easter

AN EXOTIC EASTER FLOWER ARRANGEMENT appropriate to the formal dignity of Easter Sunday is fashioned for television station June Graham by Alyn Wayne, official stylist for the Florists' Telegraph Delivery Association and Interflora. He combines dramatic calla lilies and caladium leaves to produce this strikingly simple design. Stylist Wayne creates master arrangements for the 900 members of FTDA in the United States and Canada and for the 9000 florists of Interflora who will soon be wiring flowers through out 55 other nations all over the world. (ANS Features)

Last Friday morning, the Student Council, He gave a Ramsey High School students' part of his trip to the National Daniel Clapp, President of the held in Evanston, Illinois this

PRIVATE RD. WORK OF VREELAND PL. SATISFIES OWNERS

The resurfacing of Vreeland Place proved the first acceptance of an offer of help from the Borough which has been in existence for the past three years.

Councilman Frank McCora described the project at last week's Council meeting as very successful and said that the newly surfaced Vreeland Place is a great improvement over the poor surface the road has had for years.

The road improvement came about when citizens of Vreeland Place, under the leadership of Thomas Mowbray, asked the Borough to assist them in the cost of resurfacing. Under an offer which has been in effect for three years, the Borough paid one third of the cost and the citizens paid two thirds.

The work has been done and according to Councilman McCora, everyone is satisfied with the results. Mr. McCora also said that he would be happy to see other citizen's groups take advantage of the Borough's offer to help them fix up some of the bad situations which exist on private roads in other parts of town.

spring. His talk was accompanied by a film, showing the highlights of the convention.

ANNOUNCING! LOWER PRICES ON ALL Chrysler - Plymouth '53 Models

NOW! GREATER VALUE! SUBSTANTIAL SAVINGS!

Effective immediately, the retail prices of all 1953 Chrysler-Plymouth cars are substantially reduced, bringing you the greatest car value in history!

When the 1953 models were introduced last fall, even though a completely new and advanced in design, they were priced on a "Hold-the-line" basis. We emphasized then our constant aim of quality, performance, safety and comfort, at decreased rather than increased prices. And we pinned our faith on volume to achieve this objective.

The removal of production controls has made it possible to produce Chrysler-Plymouth cars at the highest rate in many months. Now that higher volume is being achieved and we may reasonably expect it to continue, the prices are lowered accordingly.

Price reductions apply to the entire line - all body types. We will be glad to give you complete details about the new prices.

Chrysler-Plymouth, long famous for greater values, continues to bring you the quality features of high-priced cars - Now at even lower cost to you!
