## Council Denies Rezoning Of Tavern Properties

### School Board To Hear Plans On New School

The entire School Board and Principal Paul O'Connor are planning to attend a meeting of the sending boards to the Ramsey High School on May 28 to hear a report of the fact finding committee for the establishment of a regional high school. This was disclosed at the regular meeting of the local board on Tuesday night at the Brookside school.

President James Standing and other members of the board aided this committee in establishing certain figures of attendance and other pertinent information helping the committee to make their final report to all the sending districts.

Mr. Otto Aeschback of Grove Street, Oakland was engaged to instruct the Manual Training class for next year. He replaces Mr. Gray. Mr. Aeschback was an instructor at Dumont High school for several years. His salary was set at \$3,300 per annum.

A letter of thanks was directed sent to the PTA for a file cabinet recently given the school for the library by the organization.

Principal O'Connor reported the plans for the annual School exhibit on May 15 were all completed. Parents are to be invited for the affair.

Some confusion on the bids for the fuel oil requirements for the coming year resulted by different methods in pricing and further inquiry will be made by the clerk, Alwyn Grossmann. The two lowest bids were Boulevard Fuel and Home Fuel Oil in the order named.

Further inquiry for accident insurance for the children will be made by the board.

A new award will be made at graduation by the local Lions Club. A girl and boy from Home Economics and Manual Training are to be selected. The graduation will be held on June 17.

All members except Mr. McPeck were present.

### STRICTLY LOCAL BALL TEAM OPENS SEASON SUNDAY

The Allendale A's baseball team which is made up entirely of local boys of high school age was formed three weeks ago. They are to play their first game at home against the Mahwah Maroons at Recreation Park this coming Sunday, May 17 at 2:30 p.m.

The Mahwah team is highly credited as a top notch ball club and should offer a good test for our boys in their first attempt to uphold the Allendale baseball tradition. Our boys have worked hard for the past three weeks under the very capable coaching of Bob Brinker and they will appreciate your support and attendance at the game.

### OBSERVERS PLAN FOR GALA FOURTH

The Holiday Observers have completed their plans for the Annual Celebration of the Fourth of July. All chairmen of the various committees have reported. Fireworks, athletic events, band music and laughs will be available to the young and old, male and female, and in-laws. For the 'gourmets of America', hot dogs and soda, or hamburgers and pop, and ice cream. As in the past thirty some years, all of the activities are free to children. But again, as in the past, there will be a slight charge of 50c for all adults.

In the near future, members of the Holiday Observers will start their house-to-house fundraising campaign. Just remember, before you slam the door, or utter those endearing words "What, again!" this money enables the Observers to carry on all activities for children. Also, your contribution (let your conscience be your guide) will entitle you and yours to tickets for the Fireworks Display.

### MRS. J. LOTHIAN TO BE INSTALLED AT PTA DINNER MEET.

The PTA will hold its final meeting of the year Tuesday evening at the public school.

A turkey dinner will be served at 7:30. Mrs. Walter Kunsch is chairman of the dinner. A phone call canvass of parents will determine the number of reservations.

Installation of officers will be a part of the program planned for the evening. Mrs. John Lothian, Forest Road, has been nominated to head the slate of new officers.

Mrs. Lothian has been chairman of the library committee of the PTA this year and under her guidance the library at the school is reported to have improved greatly.

Mr. and Mrs. Lothian have one boy in school; Ian, in the 4th grade, and another son Michael, of pre-school age.

The committee in charge of the dinner consists of Mrs. G. W. Langevoort, Mrs. W. Illingworth, Mrs. W. B. Rhoades, Mrs. D. Cooper, Mrs. G. Horton, Mrs. F. Rickerich, Mrs. G. Wolfson, Mrs. M. Olson, Mrs. C. Hutchinson, Mrs. C. A. Parkhill, Mrs. Al Bogart and Mrs. J. Rehill.

Lacking one affirmative vote, both the Turnpike Tavern and the Crescent Inn had their application for a rezoning of their establishments denied last night at a regular meeting of the Council before a packed audience that had two court stenographers taking down a transcript of the entire proceedings. The vote in both instances was identical, three yes and three nay. Those approving were Critchley, Wattles, Conklin. Against Cobb, McCord, and Hansen. A majority of at least two thirds was necessary because the ordinance lacked the approval of the Planning Board.

Pat Job, owner of the Crescent Inn, declined to comment on the Council's action, although he was obviously disappointed at the outcome of the hearing. The decision marked the second time his request was denied. He had tried in 1946 to have the property rezoned.

The meeting was marked by moderation, although it lasted until after midnight. Petitions against the rezoning were read at the opening of the meeting.

## More Wardens Needed For Defense Of Town

A review of the local civil defense organization along with an estimate of future needs was given the public at an open meeting of the civil defense held last Thursday night at the War Memorial Building.

Acting Chief Air Raid Warden Helmuth Falcke, Chairman Archie Farrell and Mayor John Tucker were the principal speakers.

Mr. Falcke said that the goal for the number of air raid wardens to be trained for service in Allendale was 100. Right now, Mr. Falcke said, many parts of the borough are understaffed. He encouraged volunteers to join the Civil Defense program and thereby assure the town of adequate protection in case of a disaster.

Chairman Farrell also stressed the need for more wardens. He said that although we now have a real nucleus for defense with the member organizations cooperating, more workers would assure the town of a safer margin in times of emergency. He presented the new Auxiliary Police Unit to the Mayor.

Explanation of a chart of the borough drafted by the Rev. Bayard Hancock was postponed until the next meeting. Refreshments were served by the wardens at the close of the meeting.

### YOUNGSTER HURT IN BIKE MISHAP

The need for bicycle safety was again demonstrated Wednesday afternoon when James Deichsel, age 11, rode his bicycle out of a driveway on Myrtle Avenue into the path of an oncoming car.

Everett Straut, Jr. of Myrtle Avenue, was unable to avoid the bicycle which crashed into the fender of his car. Fortunately James was unhurt except for a skinned wrist and arm.

The bicycle was badly damaged.

Karen Jane Offringa, daughter of Mr. and Mrs. Nelson Offringa of Park Avenue returned home yesterday from Valley Hospital following an appendectomy.

### TAXPAYERS LEAGUE INVITE PUBLIC TO ATTEND MEETING

An open meeting of the Taxpayer's League, the first since the November election, will be held at the War Memorial Building Monday evening at 8:30.

A spokesman for the organization said that a variety of problems facing the borough will be brought up for discussion. From the views expressed the League hopes to chart its policy for the future.

The public is invited to attend.

### ABRAMS FAMILY EXPRESS THANKS

Mrs. Ernest Abrams of West Allendale Avenue has just returned home after spending six weeks at Bergen Pines Hospital where she had a major operation.

Both she and Mr. Abrams wishes to thank all their friends and neighbors for the many cards and gifts she received while at the hospital and for the many kind favors done for them. They also wish to thank the Allendale Ambulance Corps.

### YOUNGSTER CUTS HAND ON BOTTLE

Herbert Yauch, age 4, son of Mr. and Mrs. Herbert Yauch fell on a broken bottle in front of his home on W. Allendale Avenue Monday evening and cut his hand.

Police Chief Robert Wilson notified the Ambulance Corps. Emory Turnure answered the call and administered first aid.

### JR. WOMEN HOLD DINNER-DANCE

The Junior Woman's Club held their annual couples dance at the Crescent Inn last Saturday night. Sixty-four roast beef dinners were served to club members and their guests.

Music for dancing was provided and accordion and piano numbers were played by a professional entertainer.

Mrs. David Hines was in charge of arrangements.

Although the public hearing covered a wide divergence of opinion on whether or not to rezone the two taverns, the Mayor and Council members were familiar with points made by both sides in the controversy.

Three civic organizations previously had taken a stand against rezoning. The North Allendale Residents Association, the Allendale Civic Association and the Republican Club. These groups opposed the ordinances carefully worded statements on the grounds that passage would constitute "spot zoning," which they felt was a violation of the zoning ordinance.

They also said that approval might provide the opening wedge whereby other non-conforming businesses might be changed from residential zones to business zones and upset the rural residential quality of Allendale.

Also, the three opposing groups felt that it was the Council's responsibility to keep control of the properties through the use of non-conforming use permits, in order that the properties not change at some future date into businesses that might be undesirable.

Mr. Job was prepared to answer his opponents. He has presented his case at various times during the past year, and felt justified in his request for rezoning.

His main contention, that his property which is bounded on the west by his father's house and beyond that a light industrial zone, on the east by a Rockland Electric right of way and on the north by vacant land, should not be considered in a residential zone.

This same point was made in behalf of the Turnpike Tavern which is bounded on the south by a business zone in the borough of Waldwick.

Mr. Job, however, considered his strongest point to be his lack of protection against rebuilding in case his property should be destroyed. He maintained that the zoning ordinance which allows a non-conforming property to be totally rebuilt in case it is destroyed, would not stand up legally under the test of a taxpayer's suit.

The burden for decision fell heavily on the councilmen who were well aware of the personal feelings involved no matter what decision they made.

LOCAL WOMEN CONVENTION BOUND

This past week has been convention week for the Federated Women's clubs with the national convention being held in Atlantic City.

Members from the Allendale Club who attended were Mrs. H. A. Rademaker, Mrs. Hans Loen, Mrs. T. B. Dunn and Mrs. Robert Rich.

Officers and members of the Junior Women's club will be attending convention sessions this weekend. Mrs. E. DeJongh newly elected president, Mrs. J. Phillips and Mrs. L. Fallon are being sent by the club.

Mrs. Brunson Williams, Mrs. Lewis Thurston and Mrs. James Freeman will also attend. The delegation is staying at Haddon Hall.

GARDEN CLUBS ENTRIES OPEN TO ALL RESIDENTS

The Allendale Garden Club will hold its 30th Annual flower show in the Epiphany Parish hall June 6th and 7th.

The theme "The year's at the Spring" comes from the first line of a poem by Robert Browning.

The spring show will offer a program of 50 specimen classes. Entries will be due at 9 a. m. on Saturday, June 6th.

BOWLERS ENJOY ANNUAL DINNER

Steak dinners for 158 members and guests of the local bowling league were served Saturday night at Crescent Inn.

George Prince, secretary of the organization, reports that prizes were awarded to the winning teams in the League.

The Allendale Bar and Grill team tied with the Old English Inn team from Waldwick, for third place.

Mrs. Jay Morris announces that the literature department of the Woman's Club will attend the matinee performance of "Hazel Flagg" in New York City on Wednesday.

SUMMER SCHOOL AT ARCHER CHURCH

Members and organizations of the Archer Memorial Methodist Church and Church of the Epiphany Episcopal Church are planning a cooperative Summer Vacation Bible school to be interdenominational and open to the public for children from nursery age through the 6th grade.

Mrs. Mark Olson is the Administrator with the assistance of Rev. H. W. Goodrich and Rev. B. Hancock.

Mid-morning refreshments will be provided by the WSCS the 1st week and the Altar Guild the 2nd week.

Any regular Sunday School teacher, public school teacher or a parent interested in teaching or assisting in this worthwhile project please contact Mrs. Olson.

Surviving are his wife, Frances Hopper, two daughters, Mrs. Helen Jude of Glen Rock and Mrs. Anderson of Allendale, and one son, Millard of Melbourne, Fla.

Walter B. Hopper

Funeral services were held Tuesday afternoon for Walter B. Hopper, father of Mrs. Caroline Anderson of Allendale, who died Saturday.

Mr. Hopper, a resident of Ramsey for 40 years, lived at 81 W. Main St. In 1945 he retired from his trade as a carpenter.

The Rev. Edwin S. Carson, retired vicar of the Church of the Epiphany, conducted the services at Van Emburghs Funeral parlor, Interment was in Union Cemetery.

Allendale Boy Scouts In Annual Camporee Soon

The Ramapo District of the North Bergen County Council, Inc., Boy Scouts of America, will conduct their Annual Camporee on May 16, 17, at the Oakland Recreation Field on Oak St., Oakland. Both Scouts and Explorers will participate. Five special Scout events are scheduled.

Mr. Gus Williams of Ho-Ho-Kus, also the District Commissioner. Others who will officiate at the Camporee and who are responsible for its organization are Messrs. Charles Williams, Edward Finney, Arthur Madsen, all of Ho-Ho-Kus; John MacDougall and Fred Simpson of Ramsey; Dan Laverty of Wyckoff, Monroe Hoovey of Midland Park and John L. Sullivan of Waldwick, Explorer Events Director.

A huge campfire will wind up Saturday's activities with each unit offering a special skit. On Sunday, presentation of Awards will be the highlight as units will receive the various Camporee honors. Units who qualify for the Pioneer Award, the highest Camporee Award, will receive bushman bow saw.

The Ramapo Camporee Committee under the chairmanship of Mr. Henry Strutwolf of Oakland includes, Mrs. Arnold Taranto of Wyckoff, Mr. Earl Sandstrom of Waldwick, Mr. Donald Washer of Wyckoff. The Camporee Director is

burned out under the hood and considerable damage was done to the finish. However, the fire did not extend to the interior of the automobile.

An automobile owned by Richard Davis of Heights Road caught fire as a result of a short circuit under the dash, and was badly damaged before the fire department could extinguish the blaze.

Mr. Davis was driving home Sunday morning and had just turned the corner of Heights Road and Crescent Avenue when the car stalled and he became aware of the fire. Mrs. Davis called the police who summoned the fire department. The wires were completely

MOVIES USED FOR NURSE RECRUITING IN LOCAL THEATRE

Beginning Saturday, May 23, the Ridgewood Theatre will cooperate with the five major hospitals within the County's limits to encourage girl high school graduates to join the nursing profession.

led by Rudolph A. Keuhn, general manager of the Skouras theatres in New Jersey, with the cooperation of the Warner Theatre group, trailers bringing the message to girl high school graduates will be flashed on the screens of all the theatres for one week starting with the Fox and Orifant Theatres in Hackensack.

The Bergen institutions cooperating with the Theatres in the drive are Hackensack Hospital, Holy Name, Bergen Pines, Englewood, and Valley Hospital in Ridgewood.

The trailers point out the advantages of the nursing profession in salary, working conditions, security and the satisfaction gained in helping others.

While the need for nurses is urgent, all hospitals report a serious shortage of technicians orderlies, maintenance men, and porters. The benefits of hospital employees today rival the best features in other well-paying jobs.

Units are expected to supply a committeeman for every ten boys to help with the judging.

REZONING TOPIC OF CIVIC LETTER

Rezoning of the Crescent Inn and Turnpike Tavern was opposed this week by the Allendale Civic Association in a two page statement sent to all householders.

The letter was distributed well in advance of the Council hearing of the subject of rezoning held last night in the War Memorial Building.

The Association said that the present ordinance states that "It is intended that there shall not be created within the Borough neighborhood or spot zoning districts of character differing from its immediate surroundings."

The letter maintains that since both taverns are now situated in A-residential zones, it would be a violation of the spirit of the ordinance to permit rezoning of the properties.

The Association also feels that rezoning would set a precedent harmful to the community, by making it difficult to refuse others who wished to have their non-conforming properties rezoned. Also, the Association says rezoning would lower the property values in the surrounding areas.

"See America First" will be presented by the Red Barn Studio at Ramsey High School on June 11.

A number of Allendale children will be performing in the production under the direction of Hazel Hubbard.

School Notes

THIRD GRADE MRS. GOETSCHLIUS The bulbs which we planted last fall are blooming now and we are enjoying them.

In science we have been learning how seeds grow. Various kinds of seeds were planted in boxes and we are watching them come up.

Some soil from a vacant lot was put in a flower pot. It is surprising to see how many different kinds of plants are growing from seeds that were hidden in the ground.

We could not live long without plants. Almost everything we use or eat comes directly or indirectly from plants.

THE LIBRARY MRS. WALDORF

The Library has received a gift of the PTA a nine-drawer Remington Rand cabinet. This piece of library furniture has been sorely needed and is a most welcome addition to our fundamental equipment.

Labels showing the various classifications of books on the shelves are nearly completed. These are the work of Greg Price and Dick Kanning of the seventh grade.

PHYSICAL EDUCATION MR. MUURGIA

The sixth, seventh and eighth grade classes are learning the game of punchball. This game is a lead-up game for the game of softball which we are learning.

In Punchball we use our clenched hand to hit the ball instead of using a bat. The ball used in these grades is a volley ball. Through this game we are learning the positions and many of the rules and fundamentals of a regular game of softball or baseball.

The third grades have been learning new games. A few of the new games learned in the third grade are: Circle Ball, Long Base, Center Ball, East and West Fire Chief.

Intra-mural softball is now being organized for the girls

and boys in the sixth, seventh and eighth grades. These will be two leagues, one for the girls and one for the boys. Our

games will begin this week. Our inter-school baseball team got off to a good start winning their first three

games. The teams played and scores of the games are: Saddle River 1 Allendale 2 Franklin Lakes 5 Allendale 6

St. Luke's 1 Allendale 4 The boys have been playing fine ball and hope to continue their winning ways.

Regional High School Can Help Us

The Press, last week contained a rather lengthy news item about a regional high school to be located somewhere in the boroughs of Oakland, Franklin Lakes, or Wyckoff if the voters of those boroughs approve. This decision, while we in Allendale have but very little to say about it, does affect the high school of Ramsey and that is our high school for this area. For this reason, we felt it to be of interest and worthy of comment.

It is a well established fact that Ramsey is bursting at the seams and with increases in population in all this area, the number of students any school can hold is reaching a dangerous condition at our high school. By 1956 the load for the school and their staff will be filled over capacity. They, that is Ramsey, have the right and power, with the approval of the Commissioner of Education to refuse to accept students from sending towns. This has been done recently in Pompton Lakes high school with Wayne students and Ridgewood with Glen Rock pupils. Who would be "it" from Ramsey, if this overcrowding becomes acute, we don't know and while our Board of Education is most friendly with Ramsey that would cut but little ice if the board felt they had no room for our students.

We would like to congratulate the foresight of the three communities for appointing a fact finding committee to find out the possibility of erecting a school of their own. The work of gathering facts for the voters must have been a job and the voters can rest assured the boards have all the facts for them. We believe the communities affected will approve such a school in their locality. Equally do we feel that a selling job will be made to acquaint the taxpayers, so any misunderstanding will be avoided.

If such a plan for a school is approved, the high school problems for Allendale will be solved for a number of years. While the rate per pupil might go up because the decrease in enrollment for a few years, the burden won't be too heavy. A possible industrial development in Mahwah might make a second regional high school possible and in that way, the present high school facilities will possibly be adequate for many years to come for Allendale.

3 HOUR DRIVE IN SERVICE To Give Your Clothes That Fresh New Look For Spring! FREE Mothproofing TIP-TOP CLEANERS Franklin Turnpike Waldwick ALLENDALE 1-3308

Allendale Press, Allendale, N. J. Dear Mr. Editor:

The time consumed helping lost and unwanted animals doesn't leave us much time for correspondence. In answer to Mr. and Mrs. Mark Olson's letter of April 6th, 1953 to you appearing in your paper:

The Protective League for Animals, Inc., a non-profit organization, of which I am a representative, is an organization chartered by the State of New Jersey and as such has obligated itself "to board care for and otherwise keep domestic wild animals principally dogs and cats and to provide or find homes for lost or stray animals or animals without homes. To maintain necessary buildings and premises with for the care and maintenance of such animals until the same shall be provided with suitable homes. To employ veterinary surgeons and to contract for the treatment and treat sick animals. To destroy or cause to be destroyed, kill or otherwise dispose of by modern methods incurably sick, diseased, aged or other animals for whom a home cannot be found. To aid in the enforcement of laws for the Prevention of Cruelty to Animals."

This obligation we must and are endeavoring to fulfill to the utmost. I wish to point out that I am not as Mr. and Mrs. Olson imply, the Allendale dog warden and have never assumed such rights or privileges. A stray animal picked up by the police in Allendale is turned over to the pound for the seven days keep required by State Law. If not claimed at the end of that period, the animal according to the State law may be destroyed.

The League for years has made a practice of adopting these animals at the end of the seven day period and are then taken to a commercial kennel where they are boarded indefinitely at League expense. Allendale is not the only community for which we do this voluntary and unpaid service. I emphatically state that at

Helpless animals need some interested people to concern themselves about their welfare. The League does not at any time become involved in matters that does not concern it. It is the duty and right of every human person, if he is able to do so, to give aid to any living creature in need of it, be it two footed or four footed, feathered or scaled.

But any advice given by the League is in all instances solicited by phone or mail or otherwise. We are constantly called up by people who want dogs and cats or want to get rid of them or have found them or want advice on care and where to get medical aid. To answer these inquiries and to function in such manner that we reduce to a minimum, the possibility of any animals that

RIDGEWOOD AUTO BODY MIKE MONTICK, Prop. 25 Years Better Work At Lower Prices 264 S. Broad St. RI. 6-5566 For a good deal on a new LINCOLN OR MERCURY CALL JACK REYNOLDS RI. 6-5028W RI. 6-7200

DONATIONS STILL COMING IN FOR EASTER SEAL DRIVE

The Easter Seal fund for the Cerebral Palsy center in Ridgewood has grown steadily since the campaign officially closed a month ago. The total is now \$52,830.99, nearly \$3,000 over the goal and \$15,000 more than was raised last year.

Mayor Albert J. Faber of Ridgewood, commenting on the drive, said that it had exceeded all expectations. He complimented all who helped to give the Center the funds with which to extend facilities.

no time have I entered anyone's buildings uninvited, and we have been functioning since 1938. That applies to the Dean Good buildings as well. The League has been called in on numerous complaints. As far as is physically possible we endeavor to answer them. We have at all times been able to take care of such matters thru giving advice to the owner and in some instances financial assistance as well.

Several years ago we received a call concerning a dog kept tied out in a field to a wagon in midwinter. The chain around the dog's neck had cut into the neck and become imbedded and required the care of a veterinarian for which the League paid, as well as for the board of the animal until it was placed in a very good home in a nearby town.

Another complaint was of a dog in a nearby town continuously tied out with no shelter on a very short chain and very often no water. The dog's weight which normally should be about 75 pounds was reduced to 25 pounds. With the full and intelligent and sympathetic cooperation of the police, the owner voluntarily gave us the dog which we hospitalized for a number of months to build it up and then found an excellent home with two devoted children.

Helpless animals need some interested people to concern themselves about their welfare. The League does not at any time become involved in matters that does not concern it. It is the duty and right of every human person, if he is able to do so, to give aid to any living creature in need of it, be it two footed or four footed, feathered or scaled.

But any advice given by the League is in all instances solicited by phone or mail or otherwise. We are constantly called up by people who want dogs and cats or want to get rid of them or have found them or want advice on care and where to get medical aid. To answer these inquiries and to function in such manner that we reduce to a minimum, the possibility of any animals that

Millions of dollars are spent in the commercial dog field. The fact that the league does its work voluntarily and is unpaid should not give rise to the belief that it is composed of crackpots and subjects for psychiatric care. Every community where we function is benefiting directly and indirectly through what we are doing.

Thank you for the time you used in setting this up and for the space in your paper. Marion B. Currens, Protective League for Animals, Inc.

### Do you frame your prescription?

When you have a Prescription filled do you take a few pills or a few spoonfuls and then put it on the shelf and forget about it? If you do, you are jeopardizing your health. Follow your Doctor's instructions to the letter—take all of the Prescription. Then go back to your doctor. He'll tell you whether or not to have the Prescription re-filled. There are too many half-filled bottles in medicine chests, mute testimony that YOU PAID for your doctor's advice and didn't follow it. You might as well frame your doctor's Prescription as to take only a part of it. The most important business we have is filling your Doctor's Prescription. Your most important job is taking it.

#### ALWAYS RIGHT?

We've come a long way from the "children should be seen but not heard" days, according to Phyllis Page Bradshaw, specialist in human relations at Rutgers University. Some times, it seems as if the children are making so much noise, nobody else can be heard. But even though the youngsters talk a blue streak these days, do we really give them a chance to express their ideas and opinions if they don't agree with ours?

We believe in democracy. Freedom of speech is guaranteed in the constitution of our country. But, do we always realize that democracy begins at home?

Mother says "drink your orange juice before you eat your cereal." Is a youngster really impudent when he asks "why." Actually, it's a good question. If you can't think of a good answer, try thinking whether it really is important whether orange juice comes before cereal.

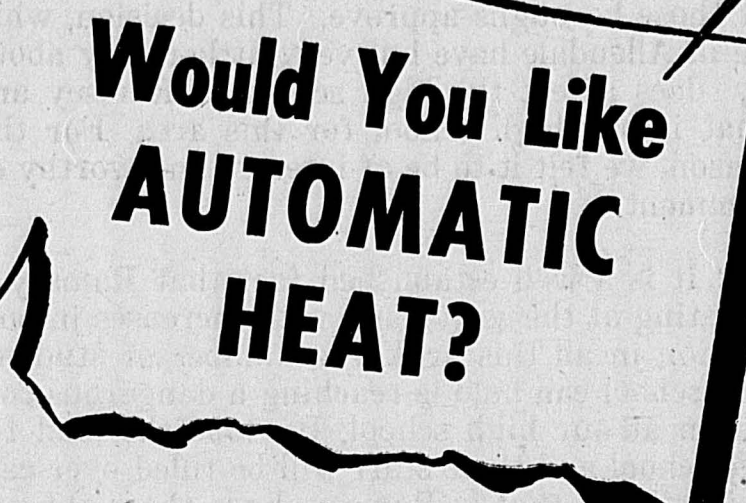

Try to see things from the child's point of view. Even when his ideas seem silly to you, don't ridicule them. Put yourself in his place. You have years of experience behind you and accept many things because they have "always been that way." But, to a child, everything is new. He brings a fresh point of view to all matters. Maybe a fresh point of view is a good idea now and then.

When a youngster disagrees with you, try to be broad-minded enough to see his point of view. Maybe he is wrong, but then again he may not be. Give him a chance. Just because you're an adult doesn't make

things on their merit, not on the basis of anybody's being always right.

### Scout News

First Troop meeting outdoors this season was a combination Court of Honor and final review for the camporee. A new scout, David Eriksen, was inducted into the troop. Another William Indoe, was supposed to have been but sickness has postponed his recognition until another time. The new scout received his pin and patrol and troop insignia, then he pinned a small pin like his Tenderfoot badge on his Mother.

He was endorsed by the Elk Patrol who came forward and promised to help him along in scouting. Four boys, Billy Kershaw, Vail Frost, Bob Papon, and Johnny Cebak advanced from Tenderfoot to Second Class and were officially recognized by the troop. They received their new badge of rank and the score card for proceeding to 1st class. They also pinned a miniature of their new badge on their parents who were present.

The singing section was not very strong but it is growing and we will be heard louder and better each time.

The next big event coming up is the Camporee. It is crowding us for time. We will go to Oakland again this year altho to a new site. Like last

### LOCAL ENGINEER MAKES ADDRESS BEFORE LEADERS

R. L. Robbins, 26 Itraquois Ave., recently addressed a joint meeting of the Institute of Radio Engineers and the Union Radio Scientific International held in Washington at the National Bureau of Standards.

The talk was technical and dealt with radio research work done between Miami and Key West, Fla.

At the present time Mr. Robbins is engaged in fundamental transmission studies of propagation of radio waves at 4000 megacycles between Indianapolis and St. Louis.

year, real scouting will count. Everything will be carried into the camp by the boys. They will be permitted to make more than one trip but they may not use a cart as they did last year. It is important that every scout have his personal equipment which he will need and that he help transport the troop equipment which will be needed collectively. The individual should plan to have for himself: pack sack to carry his belongings, cooking equipment (if you haven't a kit, bring a small pan to heat water and a small frying pan) also cup, knife fork and spoon. (Do not bring a Hunting knife), compass, if you have one, also and very important, bring a sleeping bag or three blankets and a ground cover, change of socks and underwear, sweater or light jacket, rubbers and one extra pair of shoes (old ones), handkerchiefs, soap, towel, wash cloth, tooth brush and paste, and comb. You will find these things very useful, flashlight, piece of light cord, (about 20 feet), axe, scout handbook, pencil, and paper, Poncho or raincoat, file or stone, old gloves. Don't forget your score card to record the tests you pass. The food will be supplied by the troop committee. Scout tents will be used and must be carried in with other troop equipment.

Scouts will meet at 8:30 a. m. at Archer Hall on Saturday to go to the Camporee. Those scouts who play in the Small Fry game will be taken up after the game. All will return on Sunday afternoon.

### MARLOW PUMPS DEFEAT LOCALS IN SEASON OPENER

The Marlow Pump team of Midland Park spoiled the opening day game for the Allendale club on Saturday, May 9 in a game played at Allendale's Recreation Park, Midland Park won by a score of 6 to 2.

The Allendale team found the offerings of Bolger, Midland Park pitcher, very difficult to solve with the result that only 3 hits were garnered off him. Sandy Monaghan, Allendale center fielder was the only player who had no trouble with Bolger's serves. Sandy had 2 for 3. Bolger struck out 12 and allowed 4 bases on balls. Jimmy Walsh, Allendale's ace pitched well, giving up only 6 hits, but five bases on balls and some poor support from his teammates cost him the ball game. Jimmy had 10 strikeouts.

The feature defensive play was a double play by Allendale. Steve Murray, shortstop gathered in a ground ball, stepped on second base and fired to Glenn Critchley at first base to complete the double play.

On Saturday morning, May 16th, Allendale will play at Ho-Ho-Kus and Midland Park will play at Mahwah in regular Ramapo Little League games.

Court will be in session next Tuesday night when several cases will be heard by Magistrate Scharf.

### MRS. P. B. HAMILTON ATTENDS SESSION

Mrs. P. B. Hamilton represented this area of Bergen County at a meeting of the Home Economics Advisory Council at Hackensack on Monday.

Plans were made public at the meeting for a demonstration on the latest developments in the field of home freezing.

The demonstration will be held in the Extension Office of the County Administration Building in Hackensack on Thursday, May 21, from 8 to 10 p. m.

INTERESTING TALK GIVEN BY NURSE TO EVE, GUILD

Mrs. G. D. Van Peursen, retired missionary from Arabia, spoke before the members of the Evening Guild of Archer Church Monday evening.

The talk given by Mrs. Van Peursen on life in Arabia as she knew it for 35 years as a nurse was most interesting. She told of the life she and her minister husband had serving the Dutch Reform church, and answered many questions about present day conditions in the Middle East.

A display of clothes given to the Van Peursen's by the King of Arabia, was shown to the guild members.

Rev. and Mrs. Van Peursen retired in 1845 from work in the foreign field. Their daughter is Mrs. Norman Lane of High Street.

Mrs. Wilbur Goetschius a member of the Girl Scout District Committee was awarded a "Thanks Badge" by the committee.

Mrs. George Wolfson, registered the parents attending. The lovely decorations of Spring flowers were arranged by Mrs. Samuel Staines. Refreshments served during the social hour following the Court of Awards, by Mrs. Sidney Geismar, Mrs. Robert Rossner, Mrs. Stuart Archibald, Mrs. Stiles Thomas and Mrs. Warren Seitz. The punch was made and served by Mrs. William Gordon and Mrs. Charles Cavanagh who were assisted by Scouts, Patricia Cogan, Mary Lou Thomas and Ann Cavanagh.

SPRING EXHIBIT AT SCHOOL TONIGHT

Parents are invited to Brookside School tonight between 7 and 9 p.m. for the annual spring exhibit of classroom projects.

The Woman's Auxiliary of the American Legion will meet on Tuesday at the War Memorial Building. Mrs. Ernest Art and Mrs. James Perry will be hostesses.

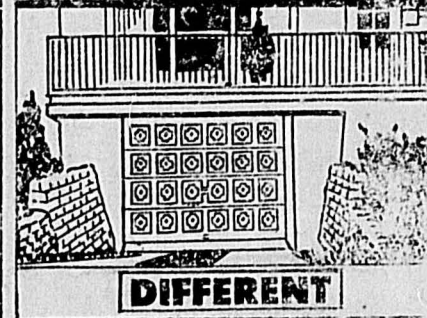

WALDWICK DRIVER MISJUDGES ROAD

Edward Minarach, Sr., of 12 Conklin St. in Waldwick, drove his car into a tree at the corner of Chestnut Street and Franklin Turnpike Tuesday evening.

Mr. Minarach said that in turning onto Chestnut St. he misjudged the distance of the corner. Damage done to the left front windshield and steering column of the car was estimated at \$200.

Injuries suffered by Mr. Minarach included lacerations of the face and a possible broken rib. Police investigated the accident but did not prefer charges.

Mrs. F. A. Van Sickle entertained recently at a luncheon for her sister, Mrs. F. Schefers of Rossford, Ohio. Guests included Mrs. H. A. Rademaker, Mrs. W. K. Darken, Mrs. M. Husing, Mrs. E. Horstmann Mrs. R. Kindred and Mrs. L. Polt.
