## C. Terwilliger Killed By Train At Crossing

Charles Terwilliger, long-time resident of the borough, drove his Chevrolet pick-up truck across the right-of-way onto the railroad track directly in the path of the oncoming 5:10 train Wednesday afternoon. The train hit the truck and dragged it 110 feet. Mr. Terwilliger was killed instantly.

The Police and Ambulance Corps removed Mr. Terwilliger's body to VanEmburch mortuary in Ridgewood. Funeral services will be Monday at 2:30 p.m. in the Van Emburch chapel. Interment will follow at Vallean Cemetery.

Mr. Terwilliger was trapped in the cab of the truck, which was completely wrecked as the train dragged it along the track while grinding to a halt.

Mr. Terwilliger known to be a genial man with a ready smile and pleasant manner, was 66 years old. He and his wife, Grace, lived in the stone house located on Crestwood Lake property and presumably he was returning to his home when the accident happened.

Mr. Terwilliger was born on the family farm on Wyckoff Avenue in Waldwick. His brother Cornelius lives there at the present time. Other survivors are another brother, George, 1 Maple Avenue in Waldwick, and a sister, Mrs. Louise Carlow, of Cleveland Avenue in Waldwick.

George Terwilliger reported that his brother was a carpenter by trade. He had been married to his second wife, the former Grace Shuart, for two years. He belonged to the American Legion and also the Wortendyke Field and Stream organization.

Officer Frank Parenti was on duty at the time of the accident. He reported to the Prosecutor's Office in Hackensack, as did the Erie trainmen, yesterday morning.

Ambulance Corps members Peter Cauwenberghs, Archie Farrell, Jack Comley, and Bud Van Houten assisted on the call.

## CHIEF SHOTS GROUNDHOG

Police Chief Robert Wilson shot a groundhog out of a tree Tuesday afternoon. The groundhog (or woodchuck) is an underground animal that hibernates during the winter. But Tuesday, this groundhog was frightened by the Wilson's Dalmatian dog into climbing up into a tree.

The Chief fired one shot and the woodchuck was no more. Bob the barber, prepared the groundhog for the oven. A groundhog being a vegetarian is reported to be a very clean animal that makes for good eating. The Wilsons had him for supper.

Joan Monaghan, formerly Joan Wilson, daughter of George M. Wilson, now residing in Hawthorne was operated on yesterday morning in Valley Hospital. She was attended by her sister Marilyn Tackberry, R.N.

## 25th ANNIVERSARY PARTY AT HOME

Mr. and Mrs. Leslie Hudson, 87 W. Maple St., celebrated their 25th wedding anniversary last Saturday. A buffet supper was given and friends presented the couple with many lovely gifts.

The Hudsons were married in the Ridgewood First Presbyterian Church, twenty-five years ago. The best man and maid of honor at the wedding attended the anniversary party. Twelve years ago the couple moved to Allendale from Ridgewood.

Among those present were Mr. and Mrs. William Smith, Mr. and Mrs. James Mahoney, Mr. and Mrs. H. Schut, D. Magno, G. Mulligan, Mr. and Mrs. G. Buckholtz — all of Allendale.

Mr. and Mrs. William Ounderunk came from Hawthorne. Mr. and Mrs. Mark Kremes, Mr. and Mrs. R. Kremes and Mr. R. Appleby came from Fair Lawn.

Mr. and Mrs. Frank Almoy, of Paterson; Mr. and Mrs. James Hudson and sons, of Connecticut, Mr. and Mrs. Reimer, of the Bronx, N. Y., and Mrs. A. Hanson of Brooklyn, N. Y., also attended.

## LOCAL MAN CAUGHT SPEEDING

Careless driving charges were brought Joseph McGuinness, 589 Franklin Ave., before Magistrate Harold C. Kessinger in Ridgewood last weekend.

Patrolman James Tenney testified that on the afternoon of July 1, Mr. McGuinness and James Collins of Ridgewood were apprehended while racing east along E. Glen Avenue and Northern Parkway.

Officer Tenney testified that Mr. McGuinness was going 70 miles an hour. Judge Kessinger fined Mr. Collins \$7.50 and revoked his license for 30 days.

Mr. McGuinness had requested a postponement of the case. He did not appear in court.

## STATION PARKING PLAZA NOW IN USE

The station plaza west of the railroad track is now in use, the resurfacing has been completed and parking lines painted. All that remains to be done is filling in and planting the parking island that separates the parked cars.

To Councilwoman Helen Hansen falls this responsibility because she urged at a recent council meeting that the island be planted with greenery; rather than have a blacktop surface which was specified in the contract. She pledged that she would see to it that the area was planted which she and the other members of the council felt would be a more attractive

## SIGNS IN BORO TO BE CHECKED

All signs in the borough which are in violation of the existing ordinance are to be reported to the Mayor and Council at their next meeting on August 13, by Building Inspector, Dave Colburn Jr.

The request came from Councilwoman Helen Hanson who said that a number of signs had been put up in the borough in violation of the ordinance. New signs in front of the Allendale Real Estate Office, the Van-Houten Real Estate offices and Crestwood Lake signs, were specifically mentioned. Mrs. Hanson pointed out that the signs ought to conform, or the ordinance ought to be amended.

Inspector Colburn was not instructed to take any action regarding the violations, he was asked merely to make a report to the council.

Vail Frost, Chairman of the Board of Adjustment attended the Planning Board meeting Monday night to get some advice on what to do about the violations. He felt his Board would be reluctant to give variances for the non-conforming signs.

In view of this, and at the suggestions from the floor by Pat Job, George Wilson and Richard Van Houten, the Planning Board drafted a letter to the Mayor and Council suggesting that consideration be given to businesses set back from the sidewalk necessitating signs displayed in front of the buildings. The present ordinance says display signs must be placed flat against the building.

The Planning Board also asked for consideration to businesses in residential areas. The letter also suggested that directional signs be permitted to be attached to sign posts in a form conforming with existing signs. This applies to directional arrows leading to Crestwood Lake.

Corner business properties were also mentioned and the Planning Board recommended that signs be allowed on each street frontage.

Chairman Francis Scafuro said these changes could be made under the ordinance we now have on the books. He admitted the ordinance is outmoded in many respects, but the procedure for changing the ordinance would be a long drawn out process and it would be expensive.

The Planning Board recommendations will be in the hands of the Council for the August 13th meeting.

## STUDY HOUR AT LEE LIBRARY

There will be a special vacation story hour for the children up to the age of ten, to be held at 3 p.m. on Friday July 24, at the Lee Memorial Library, Allendale. The story telling will be told by Miss Janette Woolsey, children's librarian at the Martin Memorial Library of York, Penna.

## Job Scores Plan Board At Rough Boro Meeting

Pat Job, long a foe of the Planning Board, has urged the Council to conduct a full-scale investigation of the Board and all its activities as a result of what he contends was a 'stubborn mistake' in approving an unusual intersection at Pittis Road and Myrtle Avenue.

## WILSON vs SCAFURO AT PLANNING BOARD MEETING TUESDAY

The Planning Board meeting this week developed into an inconclusive sparring match after the board had acted rapidly upon a number of routine technical matters during the formal business session.

The controversy, which generated some heat but not much light, developed over a letter written to the Board by George Wilson, Crescent Heights developer. The Planning Board had asked Mr. Wilson for a statement of the situation in his development and Mr. Wilson, in his letter, had replied that things remained at the "status quo." Planning Board Chairman Francis X. Scafuro said the Board could not deal with such generalizations, and Mr. Wilson retorted that he was not prepared to incur additional expenses in relation to Crescent Heights because he was preparing legal action against the Borough for losses suffered as a result of Planning Board decisions regarding his property.

The actual business conducted by the Board Monday night included:

(1) R. J. Christopher was given permission to extend Oak Street 110 feet to improve property he owns there.

(2) Henry Khaas was instructed to inform Dr. Godfrey Pittis of the developments pertaining to the curb on his road at the corner of Myrtle Ave.

(3) Dave Colburn Jr. was assigned a committee consisting of Perry Conklin, Thomas Zane, Chester Bardsley to assist him in revising the building code.

## MRS. F. FRAMBACH CELEBRATES 90th BIRTHDAY AT PARTY

More than 30 guests attended the surprise birthday party given for Mrs. Frederick Frambach in celebration of her 90th birthday, by her daughter Mrs. Ray V. Jones, 85 E. Orchard Street.

Mrs. Frambach, wife of the late Judge Frambach of Jersey City, was completely surprised last week when she came downstairs to see, presumably a few friends. Instead she was greeted by the crowd that has gathered to offer congratulations and present her with flowers, gifts and cards.

Mrs. Jones reports that many of her mother's friends from Archer Church attended, that her granddaughter, Mrs. H. Edward Hird of Ridgewood, poured. And Mrs. H. Kelliher, a long-time friend, came from Long Island for the party.

Mr. Job said the Planning Board is now ready to revise its plan at the expense of the taxpayers and that they are "making a farce of" the problem.

The Council itself came under attack from another quarter at its meeting last Thursday when George Wilson leveled a free swinging barrage of criticism at Councilman Frank McCord and implied a threat that he would sue the Borough for an alleged \$60,000 personal loss in his business last year because of Planning Board decisions affecting him.

Mr. Wilson made his threat firm in a letter read at the Planning Board meeting Monday night.

Mr. Wilson's letter said that a suit against the borough would be brought, and that there was a possibility of two more court suits to follow.

Specifically, Mr. Job took issue with the Planning Board's recommendation to straighten the curb at the corner of Pittis Avenue and Myrtle Avenue. Although Mr. Job is in accord with the recommendation, he deprecates the way the whole matter has been handled.

"For two years," Mr. Job said, "the Planning Board has delayed and opposed the development of Pittis Road."

Dr. Godfrey Pittis, wishing to complete improvements on Pittis Road, ordered the installation of the controversial curb last fall. Because Dr. Pittis did not own the property on the north-east corner, the only way the engineers could plan the curb was with a wide swing at the corner. The completed curb was unsatisfactory in Dr. Pittis' judgment and even provoked a letter of complaint from Dr. Pittis' wife, Mrs. Maude Pittis.

Mr. Job in effect brought about the recommendation from the Planning Board that the curb be straightened by offering to the borough a strip of property on the north-east corner, for which he is currently negotiating.

It was thought that Mr. Job would donate the land only if a catch basin was put in at the corner, but at the Planning Board meeting Monday night Mr. Job said this was not a contingency of his offer. He said he recommended that a catch basin be installed at the corner to properly drain the north side of Pittis Avenue, but he would go along with whatever the borough engineers recommended.

The Planning Board took the position that a catch basin is not necessary, on the advice of Harvey Bestwick, former borough engineer, who put in the (Please Turn to Page Six)

Let's Settle Our Differences

Allendale and the men and women who are responsible for the various rules and regulations that we operate under have been or are threatened by quite a few law suits of late.

As we said, it is everyone's right to sue and we would be the first to defend this right. We wonder, however, if every means of a settlement short of a court of law have been exhausted.

Surely some person in Allendale has the ability to bring both sides into some accord before they reach the stage of going to court.

Novel Dessert and a New Game Are Keywords to Party Success

WHETHER YOU ENTERTAIN for the grammar-school crowd or their grandparents, you will be sure of an all-star party success if you dream up a novel dessert and plan the entertainment around a lively competitive game.

Walter Dunsby thanked the Borough Council at their last meeting for the installation of a wire screen over the catcher's backstop at Recreation Park.

When you've got a "Flat"... YOU REACH FOR YOUR PHONE! Right—it's the natural thing to do whenever there's any trouble. Today you're in quick, easy reach of just about everybody—garages, repairmen, businesses, and friends.

The Lee Library

The question many of our young people are asking today is, "What career shall I pursue after I finish High School?" This is a big decision to make, and on that decision rests their future happiness.

Walter Dunsby thanked the Borough Council at their last meeting for the installation of a wire screen over the catcher's backstop at Recreation Park.

# Saddle River Man Weds Girl From Germany

Daniel Brockhuizen, son of Mr. and Mrs. Cornele Brockhuizen, of High Street, Saddle River, took Miss Gudran Elise Gaumitz of Weisbaden, Germany, as his bride in an evening ceremony held at Zion Lutheran Church, June 27.

The bride, formerly a teacher in Germany, is the daughter of Professor and Mrs. Albert Gaumitz of Weisbaden. She was given in marriage by Lewis James Beck of Englewood.

The ceremony was performed at 8 o'clock in the church decorated for the occasion with baskets of Shasta daisies and white sprays of spring flowers. Mrs. H. Ford Perine played the traditional wedding music and accompanied Mrs. Arthur Kuehn, sister of the bridegroom, who sang "Smiling Through the Years" and "The Lord's Prayer." The Rev. William Behrens officiated.

The bride's gown was pastel violet taffeta ballerina length with pleated tulle overdress. She wore a matching bolero and white hat and carried a bouquet of white roses amid baby's breath.

Cousin of the bride, Mrs. L. J. Beck of Englewood was the bride's attendant. Her print dress was worn with matching stole and white hat and her bouquet was of pink roses and baby's breath. John William Kiermair of Rye, N. Y., formerly of Saddle River, attended the bridegroom.

After a reception held at the Brockhuizen Farm, the couple left for New York City. Mr. and Mrs. Brockhuizen will make their home in Bellport, L.I.

The bride attended the Leipzig Lyceum and the teachers college of the same city in Germany. Mr. Brockhuizen attended Cooper Union Art School, New York City, St. John's College, Annapolis, Md., the Institute of Contemporary Arts, Washington, D. C., and is now studying at teachers college of Columbi University. He was a member of the 106th Division, U.S.A., and, during World War II, was prisoner of war in Germany for a period of six months.

## POLICE REPORT FOR JUNE VERY HEAVY

It became clear this week that the Police Department is paying closer attention to measures to prevent burglaries and break-ins, of which there have been several recently in the area.

One item on the Police report shows that Chief Robert Wilson and his deputy Marshals are keeping a close eye on vacant houses.

The report for June follows: 88 Radio call answered 27 Traffic warnings issued

8 Traffic summons issued 33 Parking summons issued 1 Board of Health summons issued 3 Dogs impounded 27 Investigations in our Borough 15 Assists to other police departments 4 Ambulance assists 2 Auto accidents with no injuries 1 Bicycle found and returned 2 Break and entries investigated 22 Fire permits issued 4 Person committed to the County Jail 5 Juveniles committed to the Children's Home 9 Vacant houses inspected 1 House fire 1 Dog kennels fire

# Record High Attendance for Daily Vacation Bible School

Enrollment in the Vacation Church School, run jointly by the Epiphany Church and the Archer Church, ran to a record high this year with 250 youngsters enrolled for the two-week session which ended last Friday.

Mrs. Mark Olson, director of the school, said that the second week of school, accompanied by good weather, found more children coming to Archer Church for the morning sessions than the first. She also said that every day the church was bursting at the seams with all available classroom space taken up and the volunteer teachers challenged by the record attendance.

Sharing Night, held last Thursday, gave parents a chance to see the work accomplished by their children and an opportunity to meet with the staff of the school.

The program given by the children demonstrated the activities of the school. Parents were invited to visit the classrooms to see the exhibit of classroom work and participate in a social hour which followed the program in Archer Hall.

Mrs. Olsen was presented with a bouquet of roses from the staff of the school which included the following: Baby Sitter, Mrs. Laura

## SCHOOL TO OFFER ACCIDENT POLICY

Parents will be offered the opportunity to take out ac-

dent insurance on their children attending school for \$1 a year, it was announced at the School Board meeting Tuesday night.

This group plan to be offered insures the child against accidents incurred while proceeding to or from school and during the course of the school day.

Benefits from the policy will include medical payments up to \$1500 plus \$50 dental benefits.

This policy would not cover inter-scholastic athletics, however. Parents of team members who wish protection will have to make separate arrangements to cover their child while he is engaged in inter-school sports either at home or at a neighboring school.

This type of group policy was offered three years ago to parents and was widely subscribed. When the cost went to \$2 two years ago, less than the necessary 70 percent subscribed and the offer had to be withdrawn.

This new accident insurance will be offered to parents regardless of the number of students who wish to participate.

The Board of Education said they could not be responsible for accidents that might occur on the school grounds unless negligence on their part could be shown. The school is covered with liability insurance in case such an accident should happen.

COUNCIL MEETING

Continued From Page One
curb to comply with Planning Board specifications.

The whole matter was turned over to Councilman McCord, who is Road Commissioner, for further study and consultation with borough engineers.

Mr. Job's criticism of the Planning Board was preceded by Mr. Wilson's more discursive attack on Councilman Frank Mc Cord and the Planning Board.

In his attack on Mr. McCord, Mr. Wilson said: That he thought Mr. McCord's decision not to utilize the municipal attorney and thereby save taxpayers' money is laudable.

newspaper as "Superman McCord." At the last council meeting the remarks made by Mr. McCord made him wonder if he isn't showing some public signs of emotional instability.

Mr. Wilson was referring in this last remark to Mr. McCord's heated defense of himself against charges leveled by Mr. Job that Mr. McCord was following Republican Party directives in voting against rezoning the Crescent Inn owned by Mr. Job.

At this point, Mayor John Tucker rapped his gavel sharply and told Mr. Wilson he was out of order.

He said that in view of the Planning Board decisions affecting his development of Crescent Heights, his business had been so severely curtailed that he and his brother, John Wilson, had almost been "put out of town."

"We haven't been able to drive a nail," Mr. Wilson complained. "Our anticipated revenue of \$60,000 never materialized."

"It is no pleasure," Mr. Wilson said, "to come before this Council with our hearts on our sleeves. But Mr. Wilson said that he thought he had a good court case against the borough for personal losses suffered.

However, before he does take

Mrs. Everett Straut Jr. is home after being in Valley Hospital for five days.

PLANNING BOARD

Continued From Page One

(4) The Board gave approval to John F. Fryer to build a house on Vreeland Place on a 75 foot lot which is less than A zone requirements because Mr. Fryer had found it impossible to buy additional land on either side of his lot.

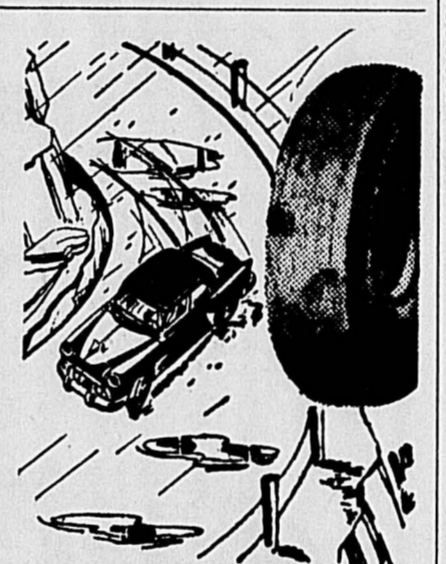

(5) Chairman Scafuro said he would move fast to see if land could be acquired to round-off Myrtle Avenue at the intersection before the new curbs are put in.

(6) They made recommendations to the Mayor and Council about the signs in the borough which were put up in violation of the ordinance.

(7) The Board received a sketch for a lot on Meeker Avenue owned by Mr. Sabl of Paterson who wishes to build a house on the property.

When Mr. Wilson's letter was read, Mr. Scafuro asked that it be read a second time so he could discover the exact point

his case to court, Mr. Wilson is prepared to go before the Board of Adjustment and the Planning Board for a review of the decisions affecting his property.

of difference between the views of the Board and those of Mr. Wilson.

Mr. Wilson said now, Frank, you know all about this case, and Mr. Scafuro said that the last thing the Board had on Crescent Heights was a letter of recommendations from Mr. Wilson's engineer, Harvey Beswick.

Mr. Scafuro said he thought then, that it must be simply a matter of differences between Borough Engineers, but Mr. Mr. Wilson's engineer and the Wilson said no, that wasn't it at all.

The discussion rambled somewhat then, and Pat Job came to Mr. Wilson's defense saying he thought Mr. Wilson's case had been very poorly handled. After a series of attempts to get the discussion on one track the meeting adjourned with Mr. Scafuro asking that Mr. Wilson write a specific letter of grievances and saying that Mr. Job was also talking in generalities.
