Mrs. Carleton Hutchinson of West Mample Avenue was taken to Valley Hospital for observation Tuesday in the Allendale Ambulance.

Police Trap Outlaw Dog After Siege

A big black outlaw dog that has harrassed the residents of Myrtle Avenue for many months, finally was captured Tuesday evening in the basement of the John Turnure residence, 148 Myrtle Avenue.

It took the combined efforts of the superintendent of the Bergen County Humane Society, Cornelius Kahn, Officer Frank Parenti, Carl Duval of Hawthorne and John Turnure to trap the elusive dog who has successfully evaded every dragnet planned for his capture.

The manner in which the dog was caught was deceptively simple. The Turnure's turned out all the lights in the rear portion of their house with the exception of the cellar light which was left burning and the door ajar. The dog had been a visitor in their backyard on former nights, which led them to believe he might try to get in the house.

Carl Duval held a string outside the dining room window which was attached to the cellar door. When the dog finally decided to sneak into the warm well-lit cellar. Mr. Duval pulled the string and the dog was cornered.

Superintendent Kahn went down into the cellar and put the chain around the outlaw's neck. The dog was taken away in the Humane Society ambulance.

Mr. Kahn said he would turn the dog over to the society and they would decide his fate.

The Turnure's had been trying, with the aid of the police, to catch the dog for many days because the dog had ripped clothes off the clotheslines, upset garbage and terrorized the neighborhood Tuesday afternoon at 4:30 o'clock two cans of dog food loaded with sleeping powder, given on a doctor's prescription, were used as bait. The black dog found the food, ate both cans, but never succumbed to the dose of sleeping compound. He was captured at 8 p.m. and still seemed to have plenty of energy for fight if there had been a chance to escape.

WALTER JONES CALLS ALL LAW AGENCIES TOGETHER

Safety Commissioner Henry Cobb, and Police Chief Robert Wilson accompanied the police chiefs of Waldwick and Ho-Ho-Kus in attending a law enforcement meeting at the County courthouse in Hackensack Tuesday evening.

The invitation by State Deputy Attorney General, Paul Huckin, was extended to all Mayors, Mayors-elect, Police Commissioners and Chiefs of Police in the county.

The meeting was called to discuss the problems relating to law enforcement in Bergen County on the suggestion of senator-elect Walter Jones.

Mercy Corps Installs New Team for '54

The annual installation dinner of the Allendale Ambulance Corps attracted 75 guests to the Crescent Inn for a chicken dinner Saturday evening.

Among the honored guests was the new president of the Corps, Jack Tackaberry, who replaces S. T. Van Houten III. Also George Megnin and George Wilson, who contributed much time and effort to organizing the first ambulance corps in the borough.

Archie Farrell was toastmaster for dinner and introduced the speakers of the evening. He mentioned in his remarks that the next task for the community is to raise \$700 for the new county blood bank being sponsored by all the surrounding municipalities.

Mr. Farrell also said that Allendale might well be proud of the fact that it is one of the few communities in the area which has an active Civil Defense organization, of which the Ambulance Corps is a vital part.

Principal Paul D. O'Connor, a former captain of the corps, said that in his experience with the state first aid council, Allendale always rated well because it was adequately prepared with equipment and trained personnel.

Walter Rumsey, assistant Fire Chief, spoke, and Captain Jack Comley gave an itemized report of all the calls acted upon by the corps in the past year.

Len Baum Sr. was in charge of the arrangements and Emory Turnure, tickets.

Voters Reject Purchase Of School Site for Now

The voters of the borough decided definitely to wait and see if the school population would grow as predicted by the Board of Education. They rejected the proposal to buy an additional school site at the special referendum held last Thursday night.

Midland Parker Convicted Here For Carelessness

Wilfred J. Campbell, of 55 Godwin Ave. Midland Park, was convicted of careless driving on the complaint of Councilman Perry Conklin, who saw the defendant operate his car in a careless manner, cutting in and out of the traffic line. Campbell was fined \$10 and \$2 costs.

Jack Hawkins, 34 John St., Little Ferry, was convicted of driving 40 miles per hour in a 25-mile zone, on the complaint of Chief Robert Wilson. Hawkins committed the offense in the business zone, driving at a reckless speed past stores and offices on West Allendale Ave. He was fined \$12 and \$3 costs.

Counter complaints by Anthony Barone, 48 Bridge St., Paterson, and James W. Friedel, 14 Nottingham Rd., Ramsey, charging careless driving, resulting in an accident were dismissed.

Stanley Cocheo, 48 19 43rd St., Woodside, L. I. received a suspended sentence and paid \$3 costs of court for having no license in his possession, on the complaint of Patrolman Frank Parenti.

George W. Buchholtz

Funeral services for George W. Buchholtz, 62, 99 West Maple Avenue, were held Sunday afternoon at 4 p.m. in the Harold Van Emburgh Funeral Home in Ramsey.

Mr. Buchholtz died on Thursday in his home after a short illness. He was born in Brooklyn but had lived the last 33 years of his life in Allendale. He was a machinist by trade.

The Rev. Harry W. Goodrich, of Archer Memorial Church, officiated at the ceremony. Interment followed on Monday morning at Cypress Hills Cemetery in Brooklyn.

Mr. Buchholtz is survived by his wife Elizabeth; two daughters, Mrs. Elizabeth Meres and Mrs. Mary Dixon; four grandchildren; one sister, Mrs. Frank Frendley of Brooklyn and one brother, Charles Buchholtz.

William Quaintance of Allendale. Early returns indicated that this year's Every Member Canvass, the first in several years to be conducted on a personal visitation basis, will be most successful.

Within a half hour's time after the polls had closed the outcome was known. Out of 408 votes cast, 246 voted against purchasing a second school site and 158 votes for it.

The rejected proposal in the form of a referendum pertaining to the purchase of nine acres of land off Franklin Tpke south of Ivers Place, owned by Dr. and Mrs. Godfrey Pitts. The land was available at a cost of purchase price plus legal fees of \$29,000. Of this amount, the Board of Education had pledged \$5,000 of its surplus to apply to the cost of the land. The voters rejected a proposal to buy up the land and float a \$24,000 bond issue to pay for it.

The Board had urged approval of the site as a protection against the time when the borough would have expanded to the point where new school facilities would be necessary.

The Board did not anticipate having to use the land in the near future but did encourage buying the land at this time as a safeguard for the future.

One of the most frequently voiced objections to the proposal arose because the Board of Education owns all the unused land beside Brookside school up to Crescent Avenue. Many people felt evidently that this land ought to be utilized before additional land was acquired.

The School Board sees Allendale as an ever expanding community and cited the fact that the Ford Company is building a huge new plant in Mahwah. This plant will bring in some 5000 workers and their families, plus additional industry which is bound to accompany the Ford installation. This population increase, they said is bound to have an influence in Allendale.

But the majority of voters who turned out last Thursday night were not so sure of that growth, and decided to risk waiting to see if the need for an additional school building actually arises.

MRS. W. KUNISCH HOME FROM VALLEY

Mrs. Walter Kunisch was returned to her home on Maple Avenue by the Allendale Ambulance Tuesday noon from Valley Hospital where she has been convalescing for over a month.

Voters Say "Not Now"

Hindsight doesn't help much in analyzing the vote on the referendum to purchase land for a possible second school site.

The vote was tight and the issue was never really an issue (for instance, it was hardly mentioned during the campaign for borough councilmen).

The one firm thing that can be said is that the majority of the 408 voters who participated decided that the land should not be bought.

Whether or not this will prove to be a good thing for Allendale is hard to say. Even the Board of Education, which has backed the proposal for almost a year, was hard put to set out in concrete terms why it was necessary now.

They had studied census figures and projected the probable growth of the borough, but the figures could be muddled overnight by any one of various changes in the area. Perhaps there lies the reason why the proposal was defeated.

Allendale's growth has been gradual, with the most advancement in the past four years. Whether or not this growth will continue at a steady pace is one for speculation — and the voters apparently decided not to buy on speculation.

The reasons why the proposal was defeated could be heard from every corner: Why not use the land we have and incorporate the recreation park into school property? . . . The land proposed was partly swampy . . . It cost too much . . . One purchase leads to pyramiding expense which the borough is not prepared to handle . . . etc.

The reason the Board wanted another school site was an "insurance policy" against the time when the borough had outgrown all its available land and had to build a second school. The Board could not say when this need would occur. And from their discussion at the public meeting, they made it clear that the new school site would be developed only after every available alternative was exhausted.

The referendum leaves the Board exactly where it was before. They must provide good education for our children, at minimum expense. The decision does not alter this charge. It only limits the possibilities for expansion.

RAMSEY PARENTS RETURN TO SCHOOL

Parents and friends of Ramsey High School students had an opportunity to attend "Back to School Night" last Wednesday at Ramsey High School.

They met in the auditorium where a general assembly was held. Jean Puls, a member of the Junior class played the organ. Joel Van Wynen, president of the Student Council, welcomed the guests and David Melick a member of the Hi-Y lead the flag salute. Dr. William S. Twichell, Superintendent of Schools spoke briefly, and Mr. Guy W. Moore, principal gave instructions for the evening.

After assembly, parents reported to their homerooms; and then when the bell rang they attended the classes of their children. Each pupil took home to his parents a copy of his schedule, which served as a guide for the evening.
After classes, refreshments were on sale in the cafeteria.

QUICK-FROZEN STRAWBERRY JAM
Yield: about 9 medium glasses
4 cups (3 twelve-ounce boxes) quick-frozen sliced strawberries
2 tablespoons lemon juice
1/2 bottle Certo liquid fruit peetin
5 cups sugar

Thaw strawberries as directed on package. Place in a saucepan and add lemon juice. Add sugar to strawberries and well. Place over high heat, bring to a full rolling boil, and stir 1 minute, stirring constantly. Remove from heat and add peetin in liquid fruit peetin. Skim off foam with metal spoon. Stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with hot paraffin. (ANS)

STUDENTS TOLD OF NURSING'S REWARDS

Nursing is a challenging and very rewarding profession, Miss Mary K. Thomas, director of nursing at Hackensack Hospital, told 39 representative of local secondary schools who visited the School of Nursing recently for a luncheon and conference. Special skills and ability are required, and girls possessing them should be encouraged to become one of those chosen to help suffering humanity and thus contribute to the community welfare.

Miss Thomas' plea came at the end of a discussion of nursing as a career for girls before guidance directors and high school of nurses who comprised the visiting group.

OUTLAW DOG COMES BACK AGAIN

That big black nomad dog, supposedly picked up last week by the ASPCA, is back again. How he escaped his captors is not known. But residents with clothes pulled off clotheslines and garbage cans dumped, are well aware of his return.

Chief Robert Wilson has received a number of complaints about the dog this week and reported that the Waldwick Police department has been instructed to shoot the dog on sight. The dog has been troublesome to residents of Waldwick also and has antagonized enough people that his career as a vandal must soon come to an end.

DISTRICT FUND DRIVE CONTINUED BY SCOUTS

Mr. Daniel Uhr of Waldwick Ramapo District Campaign chairman for the annual Dawn to Dusk drive of the North Bergen County Council, Boy Scouts of America, announced this week that the annual finance campaign will be continued actively until November 30. After that date certain towns will strive to wind up the campaign where they lack the amount necessary to reach the goal.

Between now and the end of the month, local town chairmen and their committees, under the direction of the District Chairman, will continue their campaigns in an effort to reach every family or business firm within the Council who has not so far contributed.

HAD YOUR MOTOR CHECKED LATELY?

Like most wise car owners you probably take pride in the way you keep up your car. Yet the same people who will have their cars checked at the first sign of trouble let their bodies go indefinitely without attention, even though there may be danger signals.

Motors wear out faster if not properly cared for—so do bodies. Protect your health with regular check-ups, and when your doctor prescribes remedial medicines, bring your prescriptions here. You can always be sure that only the finest quality ingredients are used; that they will be compounded accurately, promptly.
